THE UNIVERSITY

Oklahoma City University is a nationally and internationally renowned educational institution. A private, United Methodist-affiliated university, Oklahoma City University offers a unique blend of tradition, quality, community, and innovation. *U.S. News and World Report* consistently ranks Oklahoma City University among the best master's level institutions in the Western region.

The university traces its roots to Epworth University, chartered in 1904 as a joint venture of the Methodist Episcopal Church and the Methodist Episcopal Church, South (now the combined United Methodist Church), and the Oklahoma City Trade Club (now the Greater Oklahoma City Chamber of Commerce). From 1911 to 1922, the university was located in Guthrie, Oklahoma, and known as the Methodist University of Oklahoma. Oklahoma City University has been at its present location at NW Twenty-third Street and Blackwelder Avenue in Oklahoma City since 1922, when what is now the Clara E. Jones Administration Building was completed.

Located in the capital city, Oklahoma City University's beautiful campus occupies 104 acres in a diverse and

vibrant metropolitan area. The architecture on campus is a pleasing blend of American collegiate, gothic, and functional contemporary.

A broad spectrum of courses is offered through the Petree College of Arts and Sciences, with its School of Adult and Continuing Education, School of Liberal Arts and Sciences, School of Visual Arts, and Wimberly School of Religion; the Meinders School of Business; the Margaret E. Petree College of Performing Arts with its Ann Lacy School of American Dance and Arts Management, Bass School of Music, and School of Theatre; the School of Law; and the Kramer School of Nursing.

Saint Paul School of Theology at Oklahoma City University (SPST at OCU) is a United Methodist-affiliated seminary accredited by the Association of Theological Schools, the Higher Learning Commission of the North Central Association of Colleges and Schools, and the University Senate of the United Methodist Church. SPST at OCU offers the Master of Divinity degree. The School's mission states the following: Rooted in the Wesleyan tradition and committed to inspiring passion for ministry in diverse Christian bodies, Saint Paul School of Theology educates leaders to make

MISSION

Oklahoma City University embraces the United Methodist tradition of scholarship and service and welcomes all faiths in a culturally rich community dedicated to student success. Men and women pursue academic excellence through a rigorous curriculum focused on students' intellectual, moral, and spiritual development to prepare them to become effective leaders in service to their communities.

disciples for Jesus Christ, renew the church, and transform the world. For more information about SPST at OCU, see www.spst.edu.

Oklahoma City University takes pride in its dual role as Oklahoma City's university and the United Methodist university of Oklahoma. Its students come from forty-eight states in the United States and from more than fifty countries throughout the world.

Oklahoma City University has designed a program to bring together outstanding faculty, exceptional students, excellent teaching facilities, and the most advanced and innovative ideas in curriculum and teaching methods. Because of the personal involvement possible on a small campus, Oklahoma City University students are known as individuals by fellow students and professors and benefit from the personalized education offered by the university's low student-faculty ratio of 11:1.

With a 107-year tradition of church-related service and academic excellence, Oklahoma City University today is a vital institution with a growing reputation as a center of quality, personalized, values-conscious higher education. Oklahoma City University holds membership in Oklahoma Independent Colleges and Universities, the National Association of Independent Colleges and Universities, the National Association of Schools and Colleges of the United Methodist Church, the National Association of Intercollegiate Athletics and the Council on Undergraduate Research.

The Kramer School of Nursing is a member of the Council of Baccalaureate and Higher Degree Programs of the National League for Nursing. The School of Law is a member of the Association of American Law Schools. Oklahoma City University is an equal educational opportunity institution.

ASSESSMENT

Assessment is an integral part of the strategic planning process for Oklahoma City University. New and continuing students to the university will be asked to participate in the assessment process. Students near the end of their academic plan of study participate in outcomes assessment for their major field of study. Other constituencies of the institution also are asked about their satisfaction as part of the assessment process for system improvement.

DIVERSITY

Oklahoma City University celebrates and seeks diversity in all its forms—from human qualities of gender, race, sexual orientation, and disability to diversity of ideas regarding religious beliefs, cultural identities, and political and social convictions. It is understood that the intersections of varied populations and ideas enrich lives while developing personal values based on expansive interactions with those with whom common experiences are shared and those with whom few experiences are shared. Diversity enriches academic, professional, and personal opportunities and is a source of strength and empowerment for all.

Oklahoma City University actively seeks all forms of diversity among the faculty, staff, and administration and pursues programming—both in and beyond the classroom—that examines and responds to the world of ideas from an ethical stance shaped by knowledge rather than by prejudice.

OKLAHOMA CITY

Oklahoma City, the capital of Oklahoma, offers a wide variety of cultural, civic, religious, entertainment, and sports events in the unique setting of modern facilities and old-fashioned Western hospitality. Oklahoma City is a dynamic, growing metropolitan with a wide range of opportunities to offer its students.

From the state capitol—the center of Oklahoma's political and governmental activity—to the cultural offerings of the Oklahoma City Philharmonic, Lyric Theatre, Ballet Oklahoma, and more; to the attractions of the National Cowboy and Western Heritage Museum, Oklahoma Museum of Art, the National Softball Hall of Fame, the Oklahoma History Center, the Firefighters' Museum, an Olympic training center for rowing, kayaking and canoe, the Oklahoma City Zoo and Science Museum, Bricktown, and professional baseball, basketball, and hockey, Oklahoma City stands as a vibrant, growing metropolitan center of the Southwest.

Out-of-state students are able to make use of the excellent transportation facilities available to the city. Oklahoma City

is linked by interstate highways to other major cities in the region, and the city's Will Rogers International Airport, one of the busiest in the region, provides commercial service coast-to-coast as well as international flights to Asia, Europe, and South America.

The university campus is located near the center of Oklahoma City. While close to the business community, the state capitol, and all the conveniences of a major city, the campus itself boasts a quiet, natural setting.

Oklahoma City University students are involved in the life of the city through participation in cultural events, through internships and service-learning projects in governmental and social agencies, and through extracurricular activities that involve the city's many resources and facilities. The multitude of opportunities and activities in a growing metropolis such as Oklahoma City offer an added dimension to the high quality of education available at Oklahoma City University.

GRADUATE DEGREE PROGRAMS

Most of Oklahoma City University's graduate degrees have an "area of emphasis." This helps students to choose the field of study for which they are best suited within a degree program. This focused area of study will develop and complement students' interests, abilities, and goals and will ultimately give them the best possible preparation for careers in their respective fields.

The university offers the following degrees:

GENERAL ADMISSION POLICY

Oklahoma City University is interested in graduate students who want to learn. Careful consideration is given to each application. Important factors to be considered are undergraduate records and recommendations from academic counselors, desirable traits of character and personality, and the interests and goals of the applicant in relation to the graduate programs of study offered by the university. In the quest for academic excellence, preference will be given to those applicants whose evidence of academic fitness and professional promise indicates that they are particularly qualified to study in the graduate programs at Oklahoma City University.

Admission Requirements

Admission to Oklahoma City University's graduate programs is open to all students holding bachelor's degrees from regionally accredited colleges or universities and meeting the criteria indicating high potential to succeed in graduate-level work. The academic unit holds final authority over admission decisions regarding entry into its programs. Please see the Academic Degree Programs section in this catalog for specific admission information. All graduate programs require a minimum cumulative GPA of 3.000 for admission, based on the undergraduate or most recent degree, or proof of proficiency on a standardized examination approved by the Graduate Council.

Admission on Probation: Admission may be granted on a case-by-case basis to applicants who do not meet the minimum GPA requirement or other academic standards. No applicant will be admitted on probation with a cumulative GPA below 2.750 except by permission of the dean.

Admission Procedure

All application material must be sent directly to the following:

Office of Admissions, Oklahoma City University
2501 North Blackwelder, Oklahoma City, OK 73106

Application: Apply online at www.okcu.edu/admissions/graduate/apply.aspx. Include a statement of purpose of 150 to 200 words describing your reasons for pursuing graduate study and your academic and professional interests and goals.

Some applications will require an additional statement:

Master of Music: 150 to 200 words describing reasons for pursuing a graduate degree and academic and professional goals. **In addition to this statement**, provide documentation of performance experience, including recitals and programs.

Ph.D. or D.N.P.: 500 to 750 words demonstrating effective writing skills and describing how the doctorate will help achieve life and career goals. **In addition to the statement**, submit a separate paragraph describing competency in word processing, basic spreadsheet use, presentation software and Internet skills.

Master of Fine Arts in Creative Writing: 500 to 750 words addressing background in reading and writing, previous education and work experience, and interest in teaching and/or professional writing. Include any special academic accomplishments, professional awards, honors, grants, work history and/or other information considered relevant

to M.F.A. graduate study. **In addition to the statement** and in a separate document (no more than 20 pages), submit a sample of creative work in one genre of choice. Although students can and are encouraged to work in multiple genres, students are initially accepted on the basis of the strength of their work in one genre.

Certificate in Creative Writing: 500 to 700 words addressing background in reading and writing and goals for obtaining a certificate in creative writing. **In addition to the statement**, in a separate document, submit a sample of a creative work, either a selection of five poems or 10-12 pages of fiction, non-fiction, or a play.

Application Fee: Attach a nonrefundable fee of \$50.

Transcripts: Unofficial or photocopies of transcripts from all colleges or universities attended may be included with the application; however, official transcripts must be mailed directly to the Office of Admissions from all colleges and universities attended.

Letters of Recommendation: Two letters of recommendation are required for admission from persons able to comment on professional and academic ability with preference that at least one letter comes from an academic advisor. They may submit the letters electronically at www.okcu.edu/graduate/recommendation/ or by mail to the Office of Admissions.

Students applying to the Master of Music (M.M.) program must arrange an audition with the Bass School of Music: www.okcu.edu/music/audition.aspx. Students applying for the Master of Fine Arts in dance (M.F.A.) must arrange an audition through the Dean of the Ann Lacy School of Dance and Arts Management: www.okcu.edu/Dance_amgt/audition.asp.

Candidacy

Admission means only that the student will be permitted to enroll for courses in the various programs. It does not imply that the graduate student will be accepted for candidacy. See Acceptance to Candidacy for selected graduate programs of study.

The university reserves the right to deny admission or continued enrollment. The university does not discriminate against any individual because of race, color, religion, national origin, gender, age, handicap or disability, sexual orientation, or veteran status.

TRANSFER CREDIT

Transfer credit is approved by the dean of the student's school only after the student has been admitted to Oklahoma City University. Petitions for transfer of graduate credit must be submitted to the dean of the student's school. No course credit may be transferred unless the grade received was at least a B (3.000 on a 4.000 scale) from a regionally accredited institution or appropriately accredited institution located outside the U.S. Correspondence courses are not accepted toward a graduate degree.

Transfer credit for institutions outside of the U.S. must be fully recognized by the appropriate accrediting body (such as the Ministry of Education) in the country of origin. The Office of International Admissions will determine the accreditation of institutions outside the U.S. International

students may not receive credit for English as a Second Language courses taken at U.S. colleges, and students may not receive credit for English language courses taught in countries where the medium of instruction is a language other than English.

Transfer credit will not be granted until official transcripts of all graduate work completed at regionally accredited U.S. institutions have been received by the Registrar and official transcripts for graduate work completed at institutions outside the U.S. have been received by the Office of International Admissions. The dean or director of the graduate program is responsible for granting transfer credit. See additional school- or program-specific requirements related to acceptance of graduate transfer credit.

NONDEGREE-SEEKING STUDENT ADMISSION

A student who does not wish to work toward an advanced degree, but who seeks to earn graduate credits for appropriate courses may enter graduate school as a nondegree-seeking student. In the event the student is subsequently admitted to a graduate program for an advanced degree, a maximum of 12 credits taken as a nondegree-seeking student may be used retroactively in meeting the student's credit requirement for a degree.

Undergraduate/Graduate Concurrent Enrollment

Undergraduate students who have fewer than 9 credit hours remaining to complete a bachelor's degree and wish to enroll concurrently in graduate courses may seek conditional admission to a graduate program. Once admitted, the student is limited to 6 graduate-level credit hours in that program. The student must complete his or her undergraduate degree prior to enrolling in a second semester of graduate study.

Admissions Inquiries

For information concerning graduate programs at Oklahoma City University, contact the Office of Admissions at (405) 208-5351 or (800) 633-7242, visit our Web site at www.okcu.edu/graduate, or contact us by e-mail at admissions@okcu.edu.

INTERNATIONAL GRADUATE ADMISSION PROCEDURE

Oklahoma City University currently has students from over sixty countries studying in its undergraduate and graduate programs. The university is authorized under federal law to enroll nonimmigrant alien students.

Admission of International Students

All international student applications, graduate and undergraduate, are processed by the Office of International Admissions. Applications and information may be obtained online at www.okcu.edu/international or by emailing ia@okcu.edu or by writing to:

Office of International Admissions
Oklahoma City University
2501 North Blackwelder
Oklahoma City, OK 73106 U.S.A.

Oklahoma City University does not have application deadlines, but recommends that applications be submitted no later than one month before the semester begins.

English Proficiency Policy

International students from non-English speaking countries (as indicated in the Cambridge Encyclopedia of Languages, 2003*) must demonstrate proof of English proficiency by meeting one of the following criteria:

Regular Admission

Regular admission to most graduate programs requires one of the following:

1. TOEFL internet-based (iBT) score of 80, paper-based test (PBT) score of 550 or an overall IELTS score of 6.0 with at least a 5.5 on each subband.
2. Completion of level 112 of the intensive program at an ELS Language Center.
3. Two years attendance and graduation from high school in an English* speaking country with the minimum GPA required for admission to OCU.
4. Two semesters at a US regionally accredited higher education institution with a minimum of 24 transferrable credits including any undergraduate program at Oklahoma City University and good academic standing.

Provisional Admission

Students who do not meet the above criteria may be considered for provisional admission with one of the following criteria:

1. TOEFL internet-based (iBT) score of 61-79, paper-based test (PBT) score of 500-549 or an overall IELTS score of 5.5 with at least a 5.0 on each subband. To fulfill the provision, graduate students must complete 15 credit hours of graduate coursework with a 3.000 GPA or higher or complete 15 credit hours and retake the iBT TOEFL or IELTS and submit an admissible score as determined by the regular admission standards set by each department.
2. Score of 550 on the institutional TOEFL taken at Oklahoma City University. Those entering under this option are required to take additional speaking and writing assessments conducted by Oklahoma City University. Please see specific guidelines below for students taking the Institutional TOEFL.

The Office of International Admissions will maintain the equivalency chart of appropriate English proficiency assessments.

Both undergraduate and graduate programs may require score(s) higher than those listed above. Check for specific department admissions criteria.

Conditional admission may be offered for many programs if the applicant indicates that he or she will be studying at the ELS Language Center located on the Oklahoma City University campus. For applications and information about intensive English training, write to:

ELS Language Centers, 1915 NW 24th Street
Oklahoma City, OK 73106, USA
okc@els.edu
www.els.edu

Institutional TOEFL Policy

If an applicant does not meet the English Proficiency requirements as stated above or does not have an official

TOEFL score on file at the university, he or she may take the Institutional TOEFL for purposes of meeting admissions standards. If the applicant scores below 550 on the Institutional TOEFL, he or she may not be admitted. The applicant must attend language training, such as ELS, and may not begin an academic program.

If the applicant's score on the Institutional TOEFL is 550 or better, the applicant must also take the SPEAK test or Test of Spoken English (TSE) and the Test of Written English (TWE). All applicants who meet the standards of written and spoken English as determined by a faculty committee will be admitted to the university on a provisional basis. Applicants will be evaluated on an individual basis for unconditional admission based on their performance on the TSE and TWE.

If admitted provisionally, the student must meet the following conditions:

1. Graduate students will be limited to 9 (graduate) or 12 hours (undergraduate) hours of academic courses which are predetermined by the student's academic advisor who will continue to assess the student's English abilities **AND**
2. Must make 3.000 GPA in the first semester **OR**
3. Take iBT TOEFL and submit an admissible score as determined by the regular admissions standards set forth by each department.

If a student fails to meet these provisions, the student will not be allowed to enroll the following semester and will have to return to language training such as ELS and complete level 112, or present an iBT TOEFL score of 80 (or appropriate score as determined by department).

***Current English-speaking countries as listed in the Cambridge**

Book of Languages: American Samoa, Anguilla, Antigua/Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, British Guyana, Canada (except Quebec), Cayman Islands, Dominica, Falkland Islands, Fiji, Grenada, Guam, Guyana, Ireland, Jamaica/other West Indies, Liberia, Montserrat, New Zealand, Sierra Leone, South Africa, St. Helena, St. Kitts and Nevis, St. Lucia, St. Vincent, Trinidad and Tobago, Turks and Caicos Isle, United Kingdom, Virgin Islands, and US Pacific Trust.

Financial Support

International applicants must submit a certified letter of support from a sponsor, family member, or other source showing that they have adequate financial resources to provide for educational and living expenses at Oklahoma City University.

Transcript Evaluation

Any applicant, whether international or domestic, who holds a degree from a college or university outside the United States, must have transcripts from that institution evaluated by Oklahoma City University's Office of International Admissions.

GENERAL FINANCIAL INFORMATION

Tuition is the same for all students, whether residents or nonresidents of Oklahoma. Tuition rates are published annually in a separate tuition and fees announcement.

Tuition for courses taken on an audit basis will be assessed a nonrefundable audit rate of \$150 per credit hour. Laboratory and class fees are charged at a flat-fee basis in addition to tuition.

A music student will pay the general tuition, which includes two half-hour lessons. Charges for additional lessons and for those not required in the curriculum are based on the individual teacher's fees. (Contact the Bass School of Music for a list of the teachers and their individual fees.) Special practice arrangements will be made for the student enrolled only in applied music. An applied music fee will be charged to any student enrolled in applied music. For applied vocal music classes, an additional charge is assessed for the accompanist.

RULES GOVERNING PAYMENT OF TUITION

All tuition charges and fees are due on the first day of class for each semester or term according to the official Oklahoma City University academic calendar. Students, at the discretion of Student Accounts Office, may be allowed to contract for an installment payment plan provided all prior charges have been paid in full.

Installment payment plans for fall and spring semesters will be allowed as follows: one-fourth of the unpaid balance after financial aid, if any, has been taken into consideration, will be due on the published first day of class. Three additional payments will be due in accordance with the installment payment plan. Installment payment plans for the summer semesters will be allowed as follows: one-half due on the published first day of class and the remaining half due according to the installment plan. If the unpaid balance is paid within ten days of the due date of the first installment, no interest will be charged; otherwise, interest at the rate of 16 percent APR will be charged to the account.

Students are required to enroll in an installment plan for each semester by accessing their account through BlueLink and enrolling online prior to the beginning of the semester. If the installment plan enrollment is not processed, payment must be made in full by the published first day of class for each semester.

Students awarded financial aid in the form of work-study should be aware that this form of aid is not considered in determining the balance due in tuition, fees, and room and board for the semester. Students who so choose may request their work-study checks be forwarded by the Payroll Office to Student Accounts to be applied to their accounts. Interest will be applied to the financed portion of the account, including the work-study portion.

If tuition charges and fees are to be paid by a third party other than the student's family or financial aid, a written authorization from the third party must be presented at the time of enrollment; otherwise the student will be required to meet the financial requirements listed above. Veterans attending the university under the G.I. Bill are required to comply with the same rules governing nonveteran obligations.

No student will be allowed to enroll in any semester or term if his or her account is past due. No student will be given a letter of good standing, transcript, or diploma until all financial obligations to the university are paid.

All tuition, fees, and charges made by the university are payable at Student Accounts Office. Students may also make payments to their accounts online via their Oklahoma City University BlueLink Account.

Payments to student accounts are applied first to tuition and fees and then to other charges. The only exception to this application of payment is donor restriction on a gift or endowed scholarship.

SPECIAL SERVICE FEES

Fees are published annually in a separate tuition and fees announcement. The following is a list of typical fees. All fees are subject to change annually.

- All students pay the General University Fee. This fee provides general budget funding for a variety of services including campus technology, academic enrichment and assessment, athletics and facilities, safety and crisis preparedness, career services, health services, personal counseling, intramurals, student government association, student traditions, religious life, and student publications.
- An annual parking permit is required of all students for on-campus parking.
- An international student fee and international student insurance fee are charged each semester. All fees are mandatory for international students.
- Students enrolling late will be charged a late registration fee. Those who pre-enroll and pay late will be charged a late payment fee.
- All new graduate students are charged a new graduate student orientation fee, which covers the costs of providing services and resources that promote academic success for new graduate students.
- Charges for tests given to persons not enrolled in the university vary depending upon the test taken.

VETERANS BENEFITS

A Veterans Service Office is operated by Oklahoma City University as a service to the veteran student. It neither sets policy nor administers V.A. programs. University personnel assigned to the office process the forms as a service to the student who is claiming V.A. educational benefits and act as liaisons between the student and the Veterans Affairs Regional Office. Students who wish to receive benefits must

report to the Oklahoma City University certifying official in the Registrar's Office each semester to fill out a request for certification. For further information, please contact the Veteran's Service Office.

Adding and Dropping Courses

Procedures and deadlines for adding and dropping classes are described in the Academic Regulations section of this catalog.

Withdrawals

Students unable to remain at the university to complete their courses for the term should process a full withdrawal. Procedures for withdrawal from all classes are described in this catalog under Academic Regulations. Full withdrawals from the university are not complete until the withdrawing student is counseled by a financial aid representative and validated by Student Accounts. Tuition adjustments, if any, are based on the last date of attendance. (See also "Return of Unearned Federal Title IV Funds" under Financial Assistance.)

TUITION ADJUSTMENTS

Each term has a published first day of class as outlined in the academic calendar. A 100 percent tuition adjustment is made for varying time periods beginning with the published first day of class. After this period, there will be no further adjustments. The time periods vary as follows:

Fall and spring semesters—up to and including Friday after ten semester class days.

Summer and accelerated cycles—up to and including the first Thursday of classes.

Refunds for financial aid on student accounts in excess of charges may be requested from the Student Accounts Office. No refunds are made against financial aid, which must be returned upon student withdrawal, until after the end of the third week of fall and spring semesters or the second week of summer semesters. Such aid would include Perkins Loans, Pell Grants, Supplemental Educational Opportunity Grants (SEOG), and any other aid which would be cancelled upon student withdrawal.

All refunds are made by direct deposit. Contact the Student Accounts Office for details.

E-Mail

The university e-mail system will be utilized as the official method of communication. Each student is given an e-mail account and expected to use and maintain that account. Official university correspondence such as financial aid and billing, as well as campus activities will be sent via e-mail to the Oklahoma City University e-mail system.

Each student will be provided over 5 GB of disk space for his or her e-mail account. This provides enough disk space for a large amount of basic e-mail. However, large attach-

ments could easily use up disk space quota, and students should remove them from their accounts in a reasonable timeframe. This email account also has an online file storage and sharing capability called SkyDrive that is accessible from any internet-connected computer.

Oklahoma City University has security monitoring and anti-spam software and hardware installed to secure its systems and reduce the amount of spam that enters the e-mail system. Students are expected to secure their passwords and maintain their e-mail accounts.

Oklahoma City University requires students to use the university e-mail system for academic electronic communications. All students are responsible for the management and content of their account. Setup instructions and a network link for the e-mail system can be found at email.okcu.edu. Follow the link: OCU Student Email Web Access.

Important Notice about E-Mail: Important information and notices will be sent to students via their Oklahoma City University e-mail accounts. This information may include important dates, times, and deadlines. Paper notices will no longer be used. International students will receive all updates on immigration regulations and newsletters through their Oklahoma City University e-mail account. All Oklahoma City University students are required to activate their e-mail account, and check it on a regular basis. Failure to check and maintain this account on a regular basis will not be accepted as an excuse for missing important information, dates and/or deadlines.

Identification Cards

Identification cards issued to all students are permanent for as long as the student is enrolled in the university. Picture ID is required at the Student Accounts Office when requesting an Oklahoma City University ID card. A valid driver's license or passport is acceptable. The card identifies the student and allows participation in student activities and elections. It admits the student to all home athletic events, various student activities, and enables students to receive free or half-price tickets to university drama, opera, and dance productions, and concerts. A student identification card grants access to libraries and computer labs and serves as a meal ticket for students who are on a board plan. The identification card is used to print documents in the computer labs, and money may be added by the student for use at Alvin's, the cafeteria, and the Oklahoma City University Bookstore.

Book Bucks

Book Bucks are available at the Student Accounts Office to students having sufficient financial aid to cover books. Book Bucks may be ordered online at www.okcu.edu. Students are required to have direct deposit to receive Book Bucks in their personal bank accounts. Book Bucks may also be placed on a student ID card.

FINANCIAL ASSISTANCE

Oklahoma City University is committed to making the utmost effort to assist students who are seeking an education at Oklahoma City University. Students sincerely interested in attending need not allow financial circumstances to stand in their way of applying.

Types of Assistance Available

The Office of Financial Aid will assist, to the extent possible, any admitted student in developing a financial aid package to help meet his or her basic educational expenses. By financial aid, the university means scholarships, federal student loans, and federal and institutional workstudy.

Eligibility for Financial Assistance

The Office of Financial Aid will consider the student's cost of attendance at Oklahoma City University, the family's ability to pay as indicated in the FAFSA, and the student's academic potential to determine eligibility for financial aid. Oklahoma City University scholarships may be applied to tuition charges only. These funds are not refundable to the student.

Federal financial aid is available for study abroad if the student is receiving Oklahoma City University credit hours toward his or her degree. All federal aid may be used to help defer expenses; however, university scholarships cannot be used for study abroad with the exception of the study abroad scholarship available through the Office of International Education.

Application Procedures

To be considered for any type of financial assistance, a student must first be admitted into the university. All students must be enrolled at least half-time in order to be considered eligible for financial aid. Only students who are seeking a degree may apply for financial aid. Audited courses cannot be considered in the financial aid package. Students who repeat course work for which financial aid has already been received may not be eligible for additional financial aid for those repeated classes.

The student should file a Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov and designate Oklahoma City University (Code is 003166) to receive an electronic link to his or her a copy of the results. The student will receive a Student Aid Report (SAR) from the Federal Student Aid Processing Center in response to the FAFSA.

In addition to the FAFSA, other forms may be required based on the student's individual circumstances. Students should contact the university's Office of Financial Aid for additional application procedures.

The 2011-2012 deadline for priority processing is March 8, 2011. FAFSAs received after the deadline will be considered in the order received for as long as aid resources are

available. Funding restrictions may alter eligibility for some programs.

Satisfactory Academic Progress Policy (SAP) for Financially Aided Graduate Students

In accordance with federal, state, and university aid and scholarship program guidelines, academic progress toward a degree must be made in order for students to continue receiving funds.

1. Financially aided students are expected to make qualitative satisfactory academic progress to remain eligible for financial aid. Grade point average (GPA) requirements are defined in this catalog. Institutional scholarships require a minimum 3.000 GPA and full-time enrollment. Some individual aid programs have higher GPA requirements for eligibility. All periods of enrollment are considered, including all transfer work attempted at any institution, regardless of outcome. An overall 3.000 GPA is required to remain eligible for federal aid.
2. Financially aided students are also expected to make quantitative progress. Successful hours earned of the total hours attempted is monitored quantitatively. Students working on a second master's or professional program must counsel with a financial aid counselor regarding quantitative eligibility limits. Grades of I, W, WP, WF, WH, WA, F, NR, and audits (AU) are not successful completions. Below is the quantitative progress chart:

Graduate academic years completed and GPA required

Graduate	GPA
Year 1 = 12 hrs	3.000
Year 2 = 24 hrs	3.000
Year 3 = 36 hrs	3.000

Students who attend on a less-than-full-time basis will be expected to make equivalent satisfactory progress using the same formula, but on a prorated basis. The minimum graduate completion rate is 66 percent. By federal regulation, financial aid is available only up to 150 percent of the normal quantitative time frame. (Example: In a 36-hour graduate program, the student has eligibility for a maximum of 54 attempted hours.) Maximum time frame for graduate degrees is six full-time terms or 54 hours attempted. Programs with hour requirements beyond 54 hours will be given prorated eligibility.

3. If a student does not meet his or her SAP requirements at the end of a semester, Oklahoma City University will grant one semester of aid on financial aid probation. At the end of the next semester, the student must have met the SAP requirement, or financial aid will be suspended until academic performance is raised to the required level. Students are allowed only one semester of aid while on probation. However, if a student is diligently working to raise his or her GPA, completing every hour attempted, and earning good grades, the financial aid counselor has the discretion to continue that student on probation. Students who have exhausted their

quantitative eligibility will be placed on financial aid suspension.

4. If a student's financial aid is suspended, he or she is notified by mail and given the opportunity to submit an appeal and the required supporting documentation. The Financial Aid Appeals Committee will render a decision as to whether an additional term of aid eligibility would be appropriate considering the student's extenuating circumstances. The student will be notified by mail of the committee's decision. If the appeal is denied or the student chooses not to file an appeal, the student may enroll at his or her own expense. Successful completion of enrolled hours with appropriate grades may allow the student to re-establish eligibility for financial aid. The student must notify the Office of Financial Aid of regained eligibility. For a student to earn his or her way off suspension, he or she must enroll in classes at Oklahoma City University. Transfer hours do not impact the Oklahoma City University GPA. Correction of deficit hours or significant improvement of academic success is required for renewed eligibility. Information and forms are available in the Office of Financial Aid. Questions should be directed to the Office of Financial Aid at (405) 208-5211.

Return of Unearned Federal Title IV Funds

Class attendance is important in determining a student's eligibility for federal financial aid. As mandated by the Department of Education, recipients of federal Title IV student financial aid—Stafford Loans, Perkins Loans—need to complete at least 60 percent of the term enrolled to earn all of the federal funding awarded for that enrollment period. When a recipient withdraws from the term for which funds are paid directly to the student or used to pay charges owed by the student for the specific enrollment period, a return of federal funds calculation is required.

Students earn the opportunity to receive federal funds based on the number of days of attendance in each enrollment period, expressed as a percentage of the total number of days in the term. This calculation translates to the percentage of federal Title IV funds earned by the student while in attendance. Unearned federal funds must be immediately returned to federal programs. This may leave the student owing charges to Oklahoma City University.

Two additional variables are important for students to understand if they are recipients of federal Title IV funds. After a student is in attendance through the 60 percent point of the enrollment period, no calculation for return of federal funds is required. The student is considered to have earned the funds received for the term enrolled. The second variable of importance is for students who have earned a percentage of funds they have been awarded but have not yet received. These students may still be eligible to receive a percentage of those funds after total withdrawal occurs. The required calculations will determine eligibility for funds.

Attendance is the key. A student awarded financial aid who is having difficulty should take advantage of advising, counseling, and tutoring to remain in attendance and successfully complete his or her courses. If enrollment is maintained in at least one class with attendance beyond the 60 percent date during the term, this policy will not affect the student. All withdrawals will impact satisfactory academic progress (SAP). Refer to the Oklahoma City University Satisfactory Academic Progress Policy. Contact the Office of Financial Aid for more information.

Renewals

Students must apply annually for renewal of financial aid. Federal renewal applications are available after January 1 of each year at www.fafsa.ed.gov. Conditions for renewal include continued financial eligibility, acceptable GPA, and SAP. The requirements are posted in the Office of Financial Aid. Scholarship renewal is based on academic merit and is reviewed every semester for all scholarships. Scholarships generally require full-time enrollment and a minimum 3.000 GPA unless otherwise indicated on the award letter.

ENDOWED SCHOLARSHIPS

To apply for endowed scholarships, students must submit their completed federal financial aid applications to the Office of Financial Aid for consideration. Awards vary based on academic merit, financial need, and availability of funds. All or a portion of a student's university scholarship may be underwritten with endowment.

If a student is selected to receive an endowment, he or she is required to write a thank you letter to the donor who made the scholarship possible. The student must also submit a copy of the letter to the Office of Financial Aid to fulfill the requirement.

Although students are not legally required to repay scholarships, if in the future they are able to return all, part, or in excess of the money granted to them, the university can help future deserving students. All scholarships require at least a GPA of 3.000. Most require a higher GPA.

ON-CAMPUS HOUSING

Residence Halls

There are five residence halls on campus: United Methodist, Draper, Walker, Banning, and Smith halls. Each residence hall is directed by a head resident and resident assistants, whose function is to answer questions and help solve problems related to community living.

Students living in on-campus housing are required to purchase a university meal plan. For more information concerning university housing, call (405) 208-7915.

Rates for Residence Halls

Housing rates for each academic year are published separately in a tuition and fees schedule. A \$250 housing deposit is required along with a completed application and contract for residence halls. A portion of the housing deposit (\$175) is nonrefundable. *Scholarship students and athletes are NOT exempt from submitting a housing deposit.* Refund information is stated on the housing contract. Cancellation of a completed housing application must be received in writing by the director of residence life. No cancellations by telephone or other means will be accepted. Students with a housing deposit on account for whom a housing assignment cannot be made by the first day of classes each semester will receive a full refund of such deposit.

Housing assignments will automatically be cancelled if a student has not checked into his or her room by 8:00 a.m. on the first day of scheduled classes for each semester or term, unless the director of residence life is notified of late arrival. Fall housing assignment will be canceled if a student's advance registration is canceled, and the deposit will be forfeited in full.

Apartment Living

The Cokesbury Court apartment complex offers the security of card-key entry and an eight-foot wrought-iron fence. Apartment options include unfurnished efficiencies and furnished two- and four-bedroom apartments with outdoor swimming pool, Jacuzzi, and on-site parking and laundry. Students classified as sophomore and above are eligible to apply for housing in Cokesbury Court. For more information, please call (405) 208-8100.

University Manor, located directly across from the campus on NW Twenty-third Street, offers one-bedroom unfurnished apartments for students classified as sophomore or above. Amenities include on-site parking and laundry facilities. For more information, contact the director of university apartments at (405) 208-8100.

Food Service

There are several meal plans available to Oklahoma City University students, including a variety of residence hall board plans and Stars Bucks, a flexible debit-card system.

Students residing in the residence halls are required to participate in a residence hall meal plan, and students living in University Manor or Cokesbury Court apartments are required to purchase an apartment plan based upon the length of their lease. Meals for students participating in any university meal plan or block meal plan are served in the Commons Food Court in the Tom and Brenda McDaniel University Center. Stars Bucks are redeemable in the Commons Food Court or in Alvin's Cafe, located in the University Center. Alvin's provides a quick snack or a full meal and a place to meet friends for relaxation or study. Food services are provided by Sodexo.

RELIGIOUS LIFE

The goal of Religious Life at Oklahoma City University is to promote spiritual enrichment and to minister to the spiritual needs of the campus community.

Organizations

The Oklahoma City University Wesley Center is the United Methodist campus ministry. The Wesley Center directs Evensong worship services, Kappa Phi Christian Women's Service Organization, and Delta Alpha Chi Christian Men's Service Fraternity.

Worship and Activities

We offer chapel services Thursdays at 1:00 p.m., Evensong worship services on Monday evenings, Bible studies, mission trips, spiritual formation groups, and Wednesday at the Wesley, a free lunch and Bible study open to all. We also sponsor monthly mission opportunities and a mission trip every Spring break. Everyone is invited to participate.

Services

There are three clergy staff of University-Church Relations who are available to students of all faith affiliations for pastoral services and spiritual encouragement. We provide a list of area houses of worship to encourage students to connect with local worship communities. For more information, visit www.okcu.edu/religiouslife.

STUDENT LIFE

Oklahoma City University recognizes that learning takes place in many forms and places and not exclusively in the classroom. Students are encouraged to participate in activities both on and off campus. Activities sponsored by the Division of Student Affairs and the Student Government Association are for all Oklahoma City University students and are well publicized around campus.

Students play a large role in determining and regulating their own activities. Good student-faculty-administration relations are maintained through cooperative, responsible student leadership. There are numerous social and academic organizations available to students on campus. When the school year begins, information is made available to all students about dates and meeting times for many organizations.

Student Government Association

Student Government Association (SGA) is the governing body for all Oklahoma City University students. SGA plans and implements a variety of activities for the campus community and serves as the voice for students in university governance. Senators develop leadership skills, gain valuable experience in making and delivering policy, and assist in organizing large, campus-wide events. The president of SGA serves as a voting member of the university's board of trustees. Elections for executive positions for sophomores, juniors, and seniors are held late in the spring semester. Freshman, graduate, and at-large positions are elected early in the fall semester.

Honor Societies

The following honor societies and professional organizations open to graduate students are active on the Oklahoma City University campus. Partial membership requirements are listed.

Alpha Phi Sigma Lambda: The national criminal justice society is open to justice studies majors and graduate criminology students who have completed one-third of course work and are in the top 35 percent of the class

Alpha Psi Omega: Theatre student honor society

Blue Key National Honor Fraternity: Membership by election, second-semester sophomore standing or above, cumulative GPA of 3.400 or above are required.

Delta Mu Delta Business Honorary Society: Membership is offered to undergraduate and graduate students who have completed half of their course work, have a GPA of .250 above a B or better, are in the top 20 percent of their class, and are in good standing with the university.

Phi Alpha Delta National Legal Fraternity: Membership is by election.

Phi Alpha Theta International History Fraternity: Membership is by election.

Phi Kappa Phi: an all-discipline national honor society with election by invitation only. Those elected must be ranked in the upper 7.5 percent of last-term juniors and upper 10 percent of seniors and graduate students.

Phi Mu Alpha Sinfonia: National professional music fraternity.

Sigma Alpha Iota National Professional Music Fraternity: Membership is by election.

Sigma Tau Delta: International English Honor Society.

Sigma Theta Tau International Nursing Honor Society: Open to graduate nursing students who have completed one-quarter of the nursing curriculum, have a GPA of at least 3.500, and meet the expectations of academic integrity.

Theta Alpha Kappa: Religion student honor society.

Graduate students must have completed one-half residency and have a 3.500 or higher GPA.

Upsilon Pi Epsilon: Undergraduate and graduate students in computer science who meet class ranking and GPA requirements can be invited to join the national honor society for computer science.

Oklahoma City University sponsors nineteen varsity sports programs, including men's and women's basketball, men's baseball, men's and women's cross country running, men's and women's golf, men's and women's rowing, men's and women's soccer, men's and women's indoor and outdoor track and field, men's and women's wrestling, women's softball, and women's volleyball. Oklahoma City University is a member of the National Association of Intercollegiate Athletics and the Sooner Athletic Conference.

Junior Varsity Athletics

Oklahoma City University sponsors six junior varsity sports programs, including men's and women's basketball, men's soccer, and men's and women's golf, and women's volleyball.

Cheer and Pom

Oklahoma City University offers a varsity competitive coed cheer squad and varsity competitive pom squad. The cheer and pom squads play an exciting part in the athletic department by participating at men's and women's basketball games and wrestling matches and at a number of other sporting events. Members of the cheer and pom squads are also involved at numerous community events throughout the year. Tryouts are held in the spring semester each year and are open to anyone interested.

Dance

All full-time students are eligible to audition for The American Spirit Dance Company, the Oklahoma City University Spirit of Grace Liturgical Dancers, and the Oklahoma City University Pep Dancers. Contact the American Spirit Dance Company company manager in the Ann Lacy School of American Dance and Arts Management for further information. Noncredit dance classes are available through the Community Dance Center.

Theatre

All students may audition for parts in TheatreOCU productions presented each year by the School of Theatre. Contact the School of Theatre at (405) 208-5121 for detailed audition information.

Wellness

The Wellness program at Oklahoma City University offers a wide variety of opportunities, including personal training, dance classes, Pilates, yoga, traditional aerobics classes, and self-defense training. The Wellness program assists employees and students in reducing their health risks through education and goal setting and features a personalized

approach to healthy living designed to improve the overall health and quality of life for the university community. Classes are scheduled so that students are able to participate without taking away from opportunities to become involved with other university programs. All students are required to register in the Intramural Sports Office for the classes. The office is located in the Aduddell Center. Registration does not obligate participation.

Outdoor Adventures

The Outdoor Adventures program at Oklahoma City University provides the campus community with opportunities to participate in various outdoor activities. Clinics and trips are offered throughout the year and include hiking, bicycling, camping, horseback riding, and sailing. The Outdoor Adventures program provides a resource center and gear checkout to the campus community. This program promotes wellness through its activities while incorporating exercise and environmental awareness.

Events are scheduled so that the majority of students can participate without taking away from opportunities to get involved with other university programs. All students are required to register in the Intramural Sports Office for the particular event of interest. The office is located in the Aduddell Center. Registration does not obligate participation.

Intramural Sports

The Intramural Sports program at Oklahoma City University offers a full selection of sports. Awards and prizes are given for both placement and participation. The program is designed to enhance the interaction among students, faculty, and staff while maintaining physical fitness. Oklahoma City University has a variety of league and tournament events, including co-ed events, designed for both the competitive and recreational player.

Events are scheduled so that the majority of students can participate without taking away from opportunities to get involved with other university programs. All students are required to register in the Intramural Sports Office for their particular sports of interest. The office is located in the Aduddell Center. Registration does not obligate participation.

Music

University students are encouraged to participate in music activities, including performing in ensembles, taking private music lessons, and auditioning for productions. All qualified students are eligible to participate in Bass School of Music performing ensembles (Symphony Orchestra, Wind Philharmonic, Ad Astra Women's Chorus, Men's Chorus, University Singers, Chamber Choir, Jazz Ensemble, Pep Band, and various small ensembles). Auditions for Oklahoma Opera and Music Theater Company productions are open to all students. See the director of the organization in which you are interested for further information, or call the music office at (405) 208-5474.

Student Publications

All students are invited to apply to work for the student publications staff. The staff publishes *The Campus* (the university newspaper), MediaOCU (the student media Web site), *The Constellation* (the university yearbook), and the yearbook's DVD supplement. Students may also submit original poetry, fiction, nonfiction, artwork, or photography to the university's student and faculty literary journal, *The Scarab*. *The Scarab* can be viewed online at www.okcu.edu/english/publications.aspx.

CULTURAL ENRICHMENT EVENTS

A wide range of events is annually scheduled on campus in music, drama, music theater, art, literature, cinema, and a variety of lectures. Among the cultural enrichment opportunities available and easily accessible in the Oklahoma City area are the Oklahoma City Philharmonic concerts, Oklahoma Art Center, the Omniplex, and several theaters. By presenting their ID cards, Oklahoma City University students may attend all Civic Music Association concerts held in the Kirkpatrick Fine Arts Building, Kirkpatrick Auditorium, at no charge.

C. G. Jung Lectureship

This lectureship presents lectures and discussions led by distinguished Jungian analysts and scholars to introduce and amplify Jungian psychology. Such imminent scholars as Robert L. Moore, Jean Shinoda Bolen, Tom Boyd, Ann Wilson Schaef, J. Philip Newell, and Larry Ward have spoken in recent years.

The Distinguished Speakers Series

The Distinguished Speakers Series was established to enrich the academic experience of students, faculty, and staff—and to create a Chautauqua experience that is free and open to the public. Nobel Laureates have joined a remarkable lineup of world-class thinkers, writers, and opinion-leaders who know that Oklahoma City University is where ideas are freely expressed, and learning is a continuous process of being challenged and inspired. This lecture series fulfills one of the central purposes of a university by hosting provocative speakers from a wide variety of backgrounds and multiple perspectives, which generates new thinking, productive discussions, and the rare opportunity for future servant leaders to meet some of the most remarkable human beings of our time. Previous speakers include Edward Albee, Ishmael Beah, David Brooks, Morris Dees, Jane Goodall, Brian Greene, Robert F. Kennedy Jr., Jonathan Kozol, Rabbi Harold Kushner, Wilma Mankiller, N. Scott Momaday, Erik Peterson, Mark Plotkin, Sister Helen Prejean, Ann Simon, Helen Thomas, Kurt Vonnegut Jr., Andrew Weil and George Will as well as Nobel Laureates Archbishop Desmond Tutu, Elie Wiesel, and Wangari Maathai.

The Film Institute

The Oklahoma City University Film Institute offers the university and the greater Oklahoma City community the opportunity to view classic and contemporary international

films. Since 1982, the institute has been screening eight to ten films per year on designated Sunday afternoons to an audience of 150 to 425 people. Each year the series focuses on a theme, and reading material on the theme and series films is available at the showings. A discussion session follows each screening. The films are also available for university courses. The film series is supported by Oklahoma City University, the Oklahoma City University Film Institute Endowment, the designated endowment in the Community Foundation of the Kirkpatrick Family Fund, and the Thatcher Hoffman Smith Endowment for the Center for Interpersonal Studies through Film and Literature. The 2011-2012 academic year will be the Film Institute's 30th year.

The Neustadt Lectures

Mr. Walter Neustadt of Ardmore, Oklahoma, established the lecture series in 1983 for the purpose of strengthening understanding of the great contributions of the Judaic religious tradition to Western civilization and thought. Each year, a scholar is invited to the campus to speak on informative themes in the area of Hebrew scriptures, Jewish thought, and Jewish ethics and art.

The Willson Lectureship

This lectureship is provided by an endowment from Mr. and Mrs. J. M. Willson of Floydada, Texas. The lectures are held annually and are directed to the interest of students in the areas of religion and society.

STUDENT ASSISTANCE SERVICES

Alcohol and Drug Education Program

Oklahoma City University recognizes that drug and alcohol abuse diminish the strength and vitality of human resources. The Office of Student Life coordinates programs to educate students regarding the harmful aspects of alcohol and substance abuse and provides referral services for counseling and treatment. A copy of the complete policy can be found in the *Student Handbook*.

Campus Police

The university is committed to providing a safe campus to maintain a crime-free academic environment conducive to learning. The Oklahoma City University Police Department (OCUPD) has fourteen full-time state certified officers and a well-trained support staff to serve and protect the campus community twenty-four hours a day year round. The officer-to-student ratio is one of the best nationwide, which partially accounts for the university's low incidence of crime.

Eighteen external emergency phones are strategically located across the campus to provide instant access to police assistance. Upon request, OCUPD will escort students, staff, or faculty to any location on campus after dark.

Several university programs exist to inform students, faculty, and staff about services provided by the campus police

department and to educate them about crime prevention. A portion of the annual new student orientation is devoted to this area. At various times during the year, the OCUPD officers participate in programs to inform individuals of the need to secure rooms, vehicles, and personal property.

Emergency Event Notification System

The university is dedicated to the safety and security of all members of the campus community. The university operates the Emergency Event Notification (EEN) system in order to alert the campus community in the event of disaster, weather emergency, terrorist attack, or other emergency event. The system uses both email and text messaging to broadcast the alert. The system is used only for emergency announcements and not for day-to-day information dissemination.

Student, staff and faculty OCU email information is automatically loaded into the EEN system. If you wish to receive text messages in addition to emails, log in to the EEN system to provide the needed information.

Contact the Office of Telecommunications at 304-208-7700 or een@okcu.edu for assistance with the EEN system or visit <http://een.okcu.edu> to sign up.

Counseling Services

The university provides students with free counseling services. Students are urged to become acquainted with these opportunities and to make use of them. The dean of students and the advisor assigned for enrollment are always ready to refer students to counselors in special areas such as academic difficulties, health problems, financial problems, occupational choices, employment on or off campus, religious problems, or mental health issues. Mental health counseling is available on a limited basis. Students may attend 5-6 sessions per semester. References to off-campus therapists will be provided for long-term counseling. The university chaplain is also available to counsel students.

Campus Health and Disability Services Office

The Campus Health Clinic is staffed by registered nurses and advanced registered nurse practitioners. There is no physician on-site; however staff are familiar with local physicians and can provide referrals as indicated. The Health Clinic provides services including health assessment, diagnosis and treatment of minor illnesses and injury. Over-the-counter medications are available. Other services include laboratory tests, vaccinations, TB skin testing, women's and men's health and health education.

Campus Health Services is the repository for immunization record information which all students must provide, according to Oklahoma statute. Details of requirements are located on the Web address listed below.

Disability Services is housed in the Campus Health Clinic. Services include the assessment of need and provision of classroom accommodations, accessibility assistance on campus and referral for psychoeducational testing.

More information about health and disability services can be found at www.okcu.edu/students/studenthealth/index.aspx.

Student Health Insurance

International students are required to purchase the university-sponsored health insurance plan and are automatically enrolled in the student health insurance at the time of course enrollment.

The same plan is available for U.S. domestic students. Oklahoma City University does not require domestic students to have health insurance, however it is strongly recommended. Domestic students who wish to enroll in the plan do so online and pay the insurance provider directly.

More information about the student health insurance plan can be found at www.academichealthplans.com/okcu/index.php.

POLICIES ON STUDENT PRIVACY AND SEXUAL HARASSMENT

Family Educational Rights and Privacy Act of 1974

Oklahoma City University makes every effort to comply with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment). This act is designated to protect the privacy of students' educational records, to establish their right to review and inspect their records, and to provide guidelines for the correction of inaccurate information through informal and formal hearings.

The policy permits disclosure of educational records under certain limited circumstances and routine disclosure, at the university's discretion, of information referred to as directory information: name, local address, phone number, e-mail address, major, participation in sports, height, weight, degrees, honors, dates of attendance, and previous colleges attended. A student has the right to prevent disclosure of directory information by filing a request in the Registrar's Office. A copy of the complete policy and procedures is published in the *Student Handbook*.

Policy on Sexual Harassment

Oklahoma City University is committed to providing an academic and work environment that provides fair and equitable treatment and is free of sexual harassment and other unlawful discrimination. It is the policy of the university to prohibit harassment of any kind, including sexual

harassment, of its students, faculty, staff, and guests by any member of the academic community.

Sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972. Sexual harassment (both overt and subtle) is a form of misconduct that is demeaning to another person, undermines the integrity of the employment relationship and educational environment, and is strictly prohibited. Sexual harassment or any other form of unlawful discrimination will not be tolerated. The university is committed to preserving the rights of its students and employees from unlawful discrimination on the basis of race, color, gender, religion, national origin, age, disability, veteran status, sexual orientation, or legally protected characteristic.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status; or (2) submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, or creating an intimidating, hostile, or offensive working environment. "Hostile environment" sexual harassment occurs when an employee (including a faculty member) or a student is subjected to an intimidating, hostile, or offensive work or learning environment because of offensive sexually based or sexually oriented physical, verbal, or other conduct.

This definition will be interpreted and applied consistently with the accepted standards of mature behavior, academic freedom, and freedom of expression.

This harassment policy defines and prohibits harassment on the basis of federal and state law as interpreted by the courts. If statutory provisions or court interpretations change or conflict with this policy, the university's policy will be deemed amended to assure continued compliance.

Sexual harassment in any situation will not be tolerated. It is particularly serious when it exploits the dependent relationship between students and faculty. When student-

faculty relationships are abused in this way, there is a risk of great harm to students, to the faculty, and to the educational climate of the institution. While a particular interaction must be offensive and nonconsensual to be defined as harassment, faculty members and other individuals in positions of authority should be sensitive to the questions about mutuality of consent and to conflict of interest inherent in these kinds of relationships.

Individuals who believe they have been sexually harassed may obtain redress through the established complaint procedures of the university. Complainants will be requested, but not required to submit their allegations in writing. Complaints about sexual harassment will be responded to in a prompt and equitable manner.

Every effort will be made to respect the confidentiality of all members of the university community. Confidentiality will be maintained to the extent permitted by the circumstances of the complaint. All complaints will receive a full and fair hearing. Retaliation against individuals who bring a complaint of sexual harassment is prohibited. If faculty or staff members experience or become aware of sexual harassment, they may complain to (1) their immediate supervisor; (2) the dean or director of their academic unit; (3) the provost and vice president for academic affairs; (4) the associate provost; (5) the university's general counsel; or (6) the university's compliance coordinator. Where a student believes that he or she has been subjected to sexual harassment or other unlawful discrimination, he or she may, in addition to complaining to the above, also complain to the dean of students, who shall immediately report the matter to one of the five university officers or categories of officials described in the preceding sentence.

A full and fair investigation will be conducted by the university. Both the complainant and the person charged will be notified of the results of the investigation.

It is a violation of this policy for any university employee (including faculty members) or any student to intentionally fabricate a complaint of sexual harassment and/or other unlawful discrimination against any individual covered by this policy.

GENERAL REQUIREMENTS

Degree requirements for students are listed in the catalog in effect at the time of their first semester at Oklahoma City University. Students who are not in attendance for two consecutive semesters will be required to complete the degree requirements listed in the catalog in effect at the time of their re-entry.

The final authority in determining the fulfillment of graduation requirements for each graduate program except the Master of Education (M.Ed.) lies with the academic dean from each respective school. For the M.Ed., the final authority is the director of teacher education. Graduate students are expected to read and to comply with published regulations.

Residency Requirements

The minimum number of hours to be taken in residence for any master's degree offered may be noted under the individual degree programs.

Student Discipline

Every student is expected to observe the highest standards of conduct, both on and off the campus. The university cannot accept the responsibility for the education of any student who is not in sympathy with the purposes and the regulations of the university.

NOTE: In the case of Law School students, the Law School Student Conduct Code Article 2.01 governs, and such students are subject to the Law School Disciplinary Tribunal.

Oklahoma City University reserves the right to exclude any student whose conduct or academic standing it regards as undesirable, without assigning any further reason. In such cases the fees due or which may have been paid in advance to the university will not be remitted or refunded in whole or in part. Neither the university nor any of its officers will be under any liability whatsoever for such exclusion. Any student under disciplinary suspension will be persona non grata on campus except for official business.

Attendance

Regular attendance is essential to satisfactory progress in a course. The student is responsible for meeting course requirements regardless of the cause of absences. A student unable to attend classes should confer in advance with the professors involved. Failure to attend classes may result in the loss of credit or exclusion from the final examinations, or both. (See the Law School catalog for attendance policy in that degree program.)

Time Limits

Students are expected to complete requirements for a graduate degree within a set period of time—usually five to six years after being admitted into a program. See the dean or department chair for the time limits established for a specific degree program.

Course work that is five to ten years old, whether taken prior to or after admission, may, upon approval by the dean or director, be applied to a degree in accordance with the policy of the school, division, or department. Any course work that is more than ten years old, whether taken prior to, or after admission to a graduate program, cannot be applied to a degree.

Adding Courses

For the fall and spring semesters, courses may be added through the first Friday after four class days of the semester without instructor approval. Courses added after the first Friday after four class days and through the second Friday after nine class days may be added only with instructor approval. Courses may not be added after this date. For the summer terms, courses may be added through the first two class days of the term. Courses added after the first two class days and through the Thursday after three class days may be added only with instructor approval. Courses may not be added after this date.

Dropping Courses

The final date to drop a course is listed in the academic calendar. Students dropping courses before the final drop date will receive a W (withdrawal). After the final drop date, a student must receive approval from his or her instructor. The instructor must assign a grade of WP (withdrawal passing) or WF (withdrawal failing) for the course. (A grade of WF will be calculated into the student's grade point average as a failing grade.) The student then must receive approval from his or her advisor, academic dean, and the provost/VPAA before the change in class schedule can be processed. No course may be dropped after the last day of classes.

Courses dropped through the 100 percent refund date will not appear on the student's permanent record. Changes in class schedule become effective on the day the form is processed by the Registrar's Office.

A 100 percent tuition adjustment is made for varying time periods beginning with the published first day of class. After this period, there will be no further adjustments. The time periods vary. See Tuition Adjustments for more information. Student attendance in a course does not affect the tuition reduction. The date the completed form is processed by the Student Accounts Office is the determining factor.

Withdrawal

A student who is completely withdrawing from the university must obtain a withdrawal form from the Office of the Registrar, International Student Office, Financial Aid Office, or his or her dean's office. Once this form is properly completed and processed through the Office of the Registrar and Student Accounts, the withdrawal becomes effective on the date it is validated by Student Accounts. A "W" (withdrawal) will be assigned for each course. Nonattendance of classes does not constitute official withdrawal. Withdrawal will be permitted up to and including the final

regular day of classes for all semesters or terms. No withdrawals are permitted during finals week.

Incomplete Courses

When a course is not completed by the end of the semester or summer session, a professor may assign an incomplete (I) at his or her discretion. The student must be performing at a passing level and have a legitimate reason to receive an "I." Students cannot be assigned an "I" because they have excessive unexcused absences or because they are failing the course. Academic units and faculty members may establish their own policies in determination of legitimate reasons to assign the "I" grade.

At the time that the incomplete is issued, the instructor will submit information which specifies what work must be done to remove the "I" and the grade to be assigned if the work is not completed. This information is made available through the on-line system. The student is responsible for submitting the work by the deadline assigned by the instructor, not to exceed one year. If the "I" is not completed by the specified deadline, the grade will convert to the grade assigned by the professor.

In the event that a faculty member is no longer available, appropriate faculty shall be assigned by the dean or department chair to determine the grade.

Grade Points

Grade point totals are calculated by multiplying the number of credit hours of a course by the number of points for the corresponding grade received. The grades of W (withdrawal), WA (administrative withdrawal), WP (withdrawal passing), WH (withdrawal health), CR (credit), NC (no credit), I (incomplete), or NR (not reported) are omitted in counting grade points. The grade of WF (withdrawal failing) will be calculated into the grade point as a failing grade. Grade point totals are calculated by multiplying the number of credit hours of a course by the number of points for the corresponding grade received. A student's GPA will be determined by dividing the total number of grade points earned at Oklahoma City University by the total number of hours attempted at Oklahoma City University with the exception of courses in which marks of CR, W, WA, WH, WP, NC, I, and NR are received. At Oklahoma City University, the official GPA will be rounded to the third decimal place.

The following system of points is used for computing GPA:

A	4.000
A-	3.750
B+	3.250
B	3.000
B-	2.750
C+	2.250
C	2.000
C-	1.750
D+	1.250
D	1.000
D-	0.750
F	0.000

Auditing Courses

An Oklahoma City University student may audit a course (excluding courses offered by the School of Law) by attending class sessions and completing classroom assignments. No examinations are taken, and no credit is given. The student transcript carries the designation AU. The AU designation, once recorded on the transcript, may not be changed to a letter grade. Audited courses do not satisfy degree requirements. If a student determines that a course that has been audited is needed to fulfill a major requirement, the student must repeat the course and earn a letter grade.

A student may audit only if permitted by the appropriate school or department policy and on a space-available basis. Students may not audit individualized academic experiences such as internships, directed study, independent study, music lessons, dance instruction, etc. Audited courses will not be considered in a student's normal semester load.

Procedure: The audit option can only be selected through the second Friday of the regular semester and through the first Thursday after three class days of a summer session. Once the time period is over, the option to audit a course is forfeited. Students must obtain permission and the signature of the instructor whose course they choose to audit. An instructor has the right to refuse to permit students to audit a course. Students registered to audit a class are not guaranteed a space until after the time period. A separate audit form is available from the Registrar's Office.

Fees: Students are assessed a nonrefundable audit fee. Fee schedules are available from the Student Accounts Office. Audit fees are not part of the structure for block tuition charges and will be assessed in addition to regular tuition charges.

Repetition of Courses

Graduate students may repeat a maximum of two separate courses, but cannot repeat any one course more than once. The repeated course number must be the same as that of the original course. The last grade received in a course is the one that will be calculated into the student's GPA. This grade will be posted in the semester earned. The first grade will be recorded on the transcript as an R (repeat) and excluded from the student's GPA.

Course Numbering Systems

The first digit in each course number indicates the academic level at which the department places the course (1—freshman level, 2—sophomore level, 3—junior level, 4—senior level, and 5—graduate level). The second digit, in combination with the third, gives the course a unique number within its department and academic level. The second digit may be used to indicate sequence where two or more courses dealing with the same subject matter are sequential in arrangement. The third digit indicates the type of course. The type indicated by specific numbers varies from school to school. The fourth digit indicates the number of semester hours credit assigned to the course.

Courses numbered 1000-4999 are for undergraduate students; 1000-2999 courses are freshman and sophomore level courses; 3000-4999 courses are junior and senior level (upper-division) courses. Graduate students who are satisfying program prerequisites or otherwise remedying deficiencies may, with approval, enroll in undergraduate courses, but will not receive graduate credit for such undergraduate course work.

Courses numbered 5000-9999 are for graduate credit in graduate degree programs; 5000-5999 courses are graduate courses that may be dual-listed with upper-division undergraduate courses; 6000-6999 courses are not open to undergraduate students. Courses numbered 7000-9999 are restricted to doctoral students; 9000-9999 courses are for independent study (such as research, thesis, or dissertation) and are restricted to doctoral students. The School of Law establishes its own course numbering policies.

Course Cancellation Policy

The decision to cancel a course due to insufficient enrollment, faculty overload, or other circumstances will be made by the dean of the school offering the course in consultation with the instructor of the course. After notifying the Registrar's Office of a course cancellation, the dean will inform students enrolled in the course of the cancellation.

Final Examinations

Final examinations are held in all courses upon the completion of each semester's or term's work. No one is to be excused from the final examinations. All classes will meet during the time stipulated by the Registrar's Office for final examinations. Students who have three final examinations scheduled on the same day may seek permission from either their professors or their academic dean to have one exam rescheduled for another day within final examination week.

Records and Transcripts

All permanent records are in the Office of the Registrar. Requests for grades, transcripts, and diplomas should be made to that office.

A graduate student who completes the requirements for a degree cannot be issued a complete transcript or a statement that the requirements have been completed until the end of the semester or term in which he or she is registered for credits needed for the degree. Students who complete the requirements for a degree in a semester other than the spring semester may secure from the Office of the Registrar a statement that requirements for the degree have been completed.

Official transcripts may be ordered by mail or in person from the Registrar's Office. A request for official transcripts must include the following information:

- Student's full name (while enrolled)
- Student identification number
- Date of birth

- Last date of enrollment
- Current address and phone number
- Address where the transcript is to be sent
- Student's signature

The cost of official transcripts is included in the comprehensive records fee; therefore, there is no additional charge for transcripts. The registrar may limit the number of transcripts a student may receive within a given time period. Transcripts are not issued until all outstanding accounts with the university are paid in full. Students and former students may call Student Accounts at (405) 208-5146, or go to the office in the administration building to determine their financial status.

Photo identification is required when picking up transcripts from the Office of the Registrar. Written authorization is required for a transcript to be released to a third party. Parents may obtain a student's transcript provided they have written authorization from the student or a signed affidavit stating that the student is their financial dependent according to IRS regulations.

THESIS, DISSERTATION, AND CAPSTONE PROJECT ENROLLMENT AND GRADING POLICY

The student must have an initial enrollment for the master's thesis, doctoral dissertation, or other graduate-level capstone project (all hereafter termed "thesis"). Following the initial enrollment in the thesis course, the student must maintain continuous enrollment or obtain an approved leave of absence during each regular semester until all degree requirements are completed, or the candidacy is discontinued. Upon successful completion of the thesis, a grade of CR will be recorded for the final semester of enrollment. The graduation date awarded will be the first graduation date after the final term of enrollment.

The student's initial enrollment for the thesis will be charged the current rate per credit hour for the course and will be subject to all standard fees. Subsequent enrollments will use a different number that will be of equal credit hours for the thesis, but only one credit hour will be charged and no fees will be charged.

Students are not required to enroll in the thesis during the summer session unless one of the following applies:

- the student is actively working on the thesis
 - the student is seeking committee advice on the thesis
 - the student is otherwise using university facilities
 - the degree is to be conferred in the summer session
- Subsequent to the initial enrollment for the thesis, if a student wishes to remain in the program without continuous enrollment, the student must request a leave of absence. Such requests must be submitted in writing to the dean of the student's program and must specify the reason for the request and the expected duration of the leave. Granting of such requests will be at the dean's discretion. Requests

based on financial circumstances will generally not be granted. Failure to obtain an approved leave of absence will result in the student having to apply for readmission.

If a student does not comply, or has not complied, with the above procedures, then the student must reapply to the program of study and, if readmitted, enroll in sufficient hours of thesis to make the total hours thereof at least equal to the total thereof had he or she completed with continuous enrollment. Retroactive tuition will be assessed at the current semester rates. Readmission of the student to the program of study will be at the discretion of the dean of the student's school. Determination of the number of hours of thesis in which the student must enroll, along with the collection of the appropriate fees, will be the responsibility of the dean of the student's school and Student Accounts Office.

Thesis, Dissertation and Project Grades

X – Indicates that satisfactory progress was made during the semester. It is a neutral grade to be used only for thesis grades. This grade will remain a permanent grade on the student's transcript.

NC – No credit. Indicates that unsatisfactory progress was made during the semester.

CR – Credit. Indicates that the thesis was satisfactorily completed during the semester.

Guidelines for the Graduate Thesis, Dissertation, or Other Bound Capstone Product ("Thesis")

- All theses necessary for partial fulfillment of graduate degrees must be approved by the graduate student's committee and be submitted to the person designated by the graduate program three weeks before commencement. Exceptions must have prior approval of the program director and dean.
- The title page and abstract will follow a standard form that may be obtained from the graduate program directors.
- Style sheets are determined by each graduate program. Endnotes or footnotes are acceptable, but each program will use only one form of citation.
- In the case of serious, documented violation of the Academic Honesty policy in thesis work, a student will be dismissed from the university, subject to normal academic appeals processes.

Preparing the copies

- Four copies of each thesis will be delivered to the Dulaney-Browne Library for binding (two copies for the library and two copies for the school/department).
- Each graduate student must pay a binding fee for each copy of the thesis. Additional fees may apply to theses that include additional work samples or media requiring special binding. The Dulaney-Browne Library will bind the copies of the theses, using the same binding, cover,

and spine format for all graduate theses (Oklahoma City University blue with gold type).

All copies will

- Be submitted to the library unbound on white, letter-size, acid-free, 20-24 pound, 25-100 percent rag content paper.
- Include the original signature of the student's thesis advisor and/or committee.
- Include one and one-half-inch left, and one inch right, top, and bottom margins.
- Use twelve-point type.
- Include type on one side only (except musical compositions).

Thesis Submission Form

The student is responsible for completing the Thesis Submission Form as well as ensuring that each office has provided a signature acknowledging satisfactory completion of the requirements related to that office. Signatures should be received in the order stipulated on the form, with the Registrar's Office receiving the final copy of the Thesis Submission Form that includes all signatures. Failure to provide the completed form to the Registrar's Office will delay the posting of the degree and the release of the diploma.

ACADEMIC HONESTY

Academic honesty is required in all aspects of a student's relationship with the university. Academic dishonesty may not be course-specific and includes falsification or misrepresentation of a student's academic progress, status, or ability, including, but not limited to, false or altered transcripts, letters of recommendation, registration or advising forms, or other documents related to the student's academic career at Oklahoma City University or other colleges or universities.

Students are personally responsible for the correctness and accuracy of information supplied to the university. Any student who knowingly gives incorrect information to the university is subject to disciplinary action which may lead to suspension.

Students are advised that cheating and plagiarism are not tolerated. The university expects all students to maintain a high standard of ethics in their academic activities. In this context, forms of academic dishonesty include, but are not limited to, cheating on tests, examinations or other class/laboratory work; involvement in plagiarism (the appropriation of another's work and/or the unacknowledged incorporation of that work in one's own); collusion (the unauthorized collaboration with another person); misrepresentation of actions; and falsifying information.

Grievance procedures, found elsewhere in the catalog, do not apply to the academic honesty policy procedures listed below. Law students are subject to the code of conduct

published in the *Oklahoma City University School of Law Student Handbook*.

Course-based procedures: Each faculty member will include in his or her syllabus either the university's academic honesty policy or a reference to the appropriate Oklahoma City University Web site regarding the academic honesty policy. The faculty member will include in the syllabus a description of the course-based consequences if a student fails to adhere to the academic honesty policy.

If, in the judgment of the faculty member, a student fails to conform to the academic honesty policy the faculty member shall inform, in writing, the student's academic dean, the provost/VPAA, and the student. Sanctions for a student's breach of the academic honesty policy vary according to the nature and the seriousness of the offense. Sanctions are at the discretion of the faculty member involved within the constraints of the course in which the offense occurred. Sanctions by the faculty member may include, but are not limited to, requiring a student to redo a class/laboratory assignment; recording an F (Failure) for a particular test, examination, class/laboratory assignment which involved dishonesty; or recording an F (Failure) for a final course grade.

Appeal: A student's appeal of the charge or the faculty-imposed sanction must be made in writing and delivered to the faculty member's dean within ten university business days after the date of the faculty member's letter outlining the infraction of the academic honesty policy. The appeal period is increased to twenty-one calendar days when the faculty member's letter must be mailed to a student residing outside the United States. If the tenth day (or twenty-first day, in case of a student residing outside the United States) falls on a weekend or university holiday, the appeal is due on the next university business day.

The faculty member's school/college will elect faculty members to serve on a faculty/student committee to hear all school/college appeals for that academic year. If a faculty member is on the committee and the faculty member taught the course in question, he or she will not serve on the school/college committee for this appeal. The dean will appoint a replacement member for this appeal. If the dean taught the course in question, the appeal will go directly to the associate provost.

There is a presumption that the faculty member's decision is correct and, in the absence of extraordinary circumstances, shall not be changed. The faculty committee will render a decision in writing regarding the student's appeal within fifteen university business days of receiving the appeal. The faculty/student committee may lessen the sanctions but may not increase the course-based sanctions. The faculty appeals committee's decision will be final, and there will be no further appeal of the faculty member's decision. If the student is exonerated no further action will occur.

School/College-based Procedures: If the student chooses to appeal and the appeal is not upheld or the student chooses not to appeal the faculty member's actions, the student's dean has the option of adding sanctions. Consequences may include loss of school/college-based scholarship funds, community service, or dismissal from the school/college. The dean can not change the student's grade. The dean must notify the student within ten university business days of the decision to impose additional sanctions. The appeal process is increased to twenty-one calendar days when the dean's letter must be mailed to a student then residing outside the United States. If the tenth day (or twenty-first day, in the case of a student then residing outside the United States) falls on a weekend or university holiday, the appeal is due on the next university business day.

Appeal: The student, within ten university business days after the date of the written notification of sanctions, imposed by the dean of the student's college/school, may appeal, in writing, to the provost/VPAA or associate provost. The provost/VPAA or associate provost's decision is final, and there will be no further appeal.

Loss of privilege to withdraw from a course: A student who has violated the academic honesty policy shall lose the privilege of withdrawing from the course in which the violation occurred in order to avoid the collateral consequences of sanctions which may be imposed by the faculty member teaching the course.

Provost/VPAA-based Procedures: The Office of the Provost will keep a file of all student violations of the academic honesty policy across the university. The provost/VPAA or associate provost may, at his or her discretion, convene the Student Probations and Petitions Committee to consider dismissal of the student from the university for grievous or repeated violations of the academic honesty policy. The provost/VPAA or associate provost must inform the student at least ten university business days prior to the time the Student Probation and Petitions committee meets. The student has the right to appear before the Student Probation and Petitions Committee. The Student Probation and Petitions Committee will convene and render a decision regarding dismissal of a student from the university or other actions. The decision of the Student Probation and Petitions Committee is final and can not be appealed. Students dismissed from the university for academic honesty violations will not be eligible for readmission.

Grievance Procedure for Grade Appeal

A grade awarded by the course instructor is presumptively correct, and the instructor's determination is generally final. Other than for mathematical or data entry errors, no final grade can be changed except on proof of exceptionally egregious circumstances as defined below.

If a student has reasonable grounds to believe that a final grade received or final academic judgment made with

respect to him or her in any course or program of study was based on violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice, the student may, within ten school days of the receipt of the final grade, initiate a grievance. School days are defined as Monday through Friday when classes are in session, excluding breaks, final exam periods, and holidays. Grievance procedures for students attending programs outside the United States must be facsimiled or e-mailed within twenty-eight calendar days in order to meet the remainder of the deadlines. The process is composed of both informal and formal procedures.

I. Informal Grievance Procedure

- A. The student should communicate with the instructor in an attempt to resolve the issue.
- B. If, after communicating with the instructor (or if, after reasonable effort on the part of the student to contact the instructor, she or he remains unavailable), the student still believes that the grade is based on violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice, the student may take the grievance to the chair of the department in question. The chair will attempt to mediate the dispute. If there is no chair or the chair taught the course in question, the student should proceed to section II.

II. Formal Grievance Procedure

- A. Only if the issue is still unresolved after meeting with the chair of the department, as outlined in section I, the student may initiate the formal grievance process with the dean. **NOTE:** If the dean taught the course, the associate provost will undertake the dean's responsibilities in the grievance procedure. The levels of action are clearly defined and include strict time limits designed to effect speedy resolution. No formal appeals procedure will be enacted if six months or more have elapsed since the incident. It is the responsibility of the student to initiate the process and follow it through. Failure of the student to move the appeal forward in the specified time limits will terminate the appeal.
 1. The student will first present his or her appeal to the dean of the college or school. The appeal will be in writing, in as much detail as possible, stating all aspects of the issue that the student believes pertinent. Grounds for review are limited to violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice. Copies of pertinent material in the student's possession or access will be included as appropriate.
 2. Upon receipt of the material provided in section I, the dean will determine, within five school days, if the student has a prima facie case. If the dean determines that insufficient evidence has been presented by the student, he or she will dismiss the appeal. If the dean determines that there is evidence that, if believed, would constitute a prima facie case, the dean will provide, within ten school days of this determination,

a copy of the written material to the faculty member in question. The dean will request a written response that details as completely as possible the position/opinion of the faculty member on all issues raised. Copies of exams, assignments, grade books, or other relevant information will be submitted with this response. The instructor will have ten school days in which to prepare his or her response.

3. The student will be given the opportunity to review the instructor's response and to provide additional written comments to the dean. This response will be given within five school days of the receipt of the faculty member's response to the dean. The dean will then render a decision on the appeal within five school days. The dean or his or her designee has the right to request, from any party, any additional information he or she believes is pertinent and appropriate. However, the request for information will not extend the five-day response period above. Unless the dean determines that sufficient evidence exists to support the student's allegation, the dean will deny the appeal. The dean has the authority to deny the appeal or forward the appeal to the associate provost, who will convene the Student Probation and Petitions Committee. The dean does not have the authority to change the grade, but may make a recommendation to the committee.
- B. Either the student or the faculty member may appeal the dean's adverse decision within five school days of the receipt of the dean's decision by giving written notice of intent to do so. Upon such written notice to the dean, the dean will forward copies of all material to the associate provost, who will convene the Student Probation and Petitions Committee, which must meet within ten school days of receipt of the appeal. **NOTE:** If the faculty member who taught the class involved in the appeal is a member of the Student Probation and Petition Committee, the faculty member must recuse him or herself from the committee during the appeal. The committee will review all documentation and will reach a decision. The committee may request additional documentation if it believes it is appropriate to do so and may adjourn until the documentation is available. Both parties have the right to appear before the committee; however, to the fullest extent possible, the decision will be based on the written documentation provided. The committee will uphold the originally issued grade unless it finds substantial evidence of violation of established university policies, procedure, or regulations, substantial error, bias, or miscarriage of justice. The committee's decision will be rendered as soon as practical after receipt of the documentation, but must be rendered within thirty days.
- C. If the committee determines that the above described process has not been followed correctly, the committee will order a rehearing of the case following the correct process.
- D. The decision of the committee is final.

ACADEMIC PROBATION AND DISMISSAL

Graduate students whose cumulative GPAs fall below 3.000 will be placed on academic probation. Students on academic probation must raise their cumulative GPA to 3.000 or higher within the next nine credit hours attempted or will be dismissed from the degree program. Students who may need more than nine credit hours to be removed from academic probation may submit an appeal for an extension to the Student Probation and Petitions Committee and, if granted, are to maintain a 3.000 or higher GPA for courses taken in the interim. No student may graduate on academic probation, i.e., with a cumulative GPA below 3.000.

Individual schools, colleges, and graduate programs may establish academic standards more stringent than those stated here. In such cases, the student's appeal is heard by the Probation and Petitions Committee. The committee will consider the appeal based on the program's standards. If the appeal is not granted and the student wants to move to another graduate program, they must apply for admission to that program and be accepted by the school or program to which they apply.

Only students who are in good academic standing may participate in extracurricular activities. Extracurricular activities are defined as activities such as athletic competitions, artistic performances, and academic competitions that are not required by the student's course work or major program. Students who are not in good academic standing will be prohibited from representing the university in the participation in intercollegiate athletic events, artistic performances except as required for their course work or degree requirements, and intercollegiate academic contests. Traveling with athletic teams, performance groups, or academic teams also will be prohibited.

Readmission Policy for Students Dismissed for Poor Academic Performance

A student who is dismissed from the university for academic reasons must wait one full academic year before applying for readmission. The latest date by which readmission requests must reach the Office of the Registrar in order to be considered for earliest possible readmission will be indicated in the letter of dismissal. The Student Probation and Petitions Committee will review any request for readmission. Requests for readmission will be reviewed prior to the semester in which the student is eligible to re-enroll.

Appeal Procedure for Academic Dismissal

Within fourteen calendar days (excluding university holidays) of the receipt of the written notice of dismissal, the student may initiate an appeal in the following manner:

1. The student must submit a written appeal to the registrar. The appeal should have as much detail as possible, stating all aspects of the issue that the student thinks

pertinent. It is the responsibility of the student to initiate the process and follow it through. Failure of the student to move the appeal forward in the specified time limit will terminate the appeal.

2. After making a determination that the appeal is filed in a timely manner, the registrar will convene the Student Probation and Petitions Committee to consider the student's appeal within ten school days of its receipt. School days are defined as Monday through Friday, when classes are in session, excluding breaks, final exam periods, and official university holidays. The Student Probation and Petitions Committee will review all documentation and reach a decision on the appeal. The committee may request additional documentation and may postpone the hearing until that documentation is available. The student has the right to appear before the committee; however, to the fullest extent possible, the decision will be based on written documentation provided.
3. The committee may affirm the decision to dismiss, overturn the decision to dismiss, or qualify the decision to dismiss.
4. If the committee affirms the decision to dismiss, the provost may review the documentation to determine that these procedures were followed. The provost's review will only address procedural matters.
5. The associate provost will notify the student within three school days of the decision of the committee.
6. A student who is matriculated in a graduate degree program at Oklahoma City University (except in the School of Law) is granted only one opportunity to appeal any dismissal for substandard academic performance. If the outcome of that appeal is reinstatement, any subsequent dismissal for substandard academic performance is final and may not be appealed.

NOTE: This procedure applies to all departments and schools within the university except the School of Law. Appeals of academic dismissal in the School of Law are heard by the Law School's Petitions and Retention Committee under the procedures and regulations set forth in the Law School's Student Handbook. Decisions of that committee are final, except that the president may review the documentation solely to determine that due process has been followed.

GRADUATION PROCEDURES AND COMMENCEMENT

Graduate degree candidates should check with their program directors on their progress toward satisfying graduation requirements during the semester preceding final enrollment.

A student cannot graduate with more than 6 credit hours below B- in that graduate program. Grades below a C cannot count for graduation. Degree candidates must have a

cumulative GPA of not less than 3.000 in hours attempted for the graduate program in which the degree will be conferred. Only courses taken at Oklahoma City University are used in calculating the GPA.

There are three graduation dates (fall, spring, and summer) and two commencement ceremonies (December and May). Students completing degree requirements in the fall participate in the December commencement ceremony. Students completing degree requirements in the spring or summer terms of an academic year participate in the May commencement ceremony. All students should complete the application for graduation by the appropriate deadline published in the academic calendar—typically October for December commencement and February for May commencement.

A student who has three or fewer credit hours to complete in the fall semester of the following academic year may participate in the May commencement ceremony. A student who has three or fewer credit hours to complete in the spring semester of the same academic year may participate in the December commencement ceremony. To do so, the student must request permission from the Academic Affairs Office and complete the application for graduation before the application deadline published in the academic calendar. Completion of any degree-required comprehensive exam is not a requirement for participation in the commencement ceremony.

Before filing the application for graduation, each candidate should contact his or her dean to initiate a final degree check. A final degree certification must be submitted to the Registrar's Office by the appropriate dean. Consult the

appropriate pages under Education for the requirements pertinent to certification. Responsibility for meeting graduation requirements lies with the student.

The date recorded on a diploma will be the graduation date (fall, spring, or summer) following the semester or summer term in which the student completes all requirements for the degree.

The Office of the Provost coordinates the commencement ceremonies for the university. Graduates are required to wear the appropriate cap and gown to participate in the ceremony. The only cords or stoles permitted to be worn with a graduate's academic dress during the ceremony are those awarded by the university or honor societies of the university.

Graduation Honors

The university recognizes the academic achievements of its candidates for degrees by the following honor awards:

High Honors—a cumulative GPA of 3.900 or higher.

Honors—a cumulative GPA of 3.750–3.899.

University Honors

Phi Kappa Phi: Phi Kappa Phi is an all-discipline national honor society. Undergraduates, graduate students, faculty, professional staff, and alumni are eligible for membership. The organization is more than 100 years old, and election is by invitation only. The mission of Phi Kappa Phi is “to recognize and promote academic excellence in all fields of higher education, and to engage the community of scholars in service to others.”

INTERNATIONAL EDUCATION (STUDY ABROAD)

Oklahoma City University recognizes that an understanding of other cultures, languages, and global issues has become increasingly significant in the education of tomorrow's leaders. The university has a goal of integrating the campus into this interconnected world by providing opportunities for students to internationalize their educational experience, encouraging Oklahoma City University faculty to expand their own international experiences and internationalize their curriculum, and facilitating global awareness campus-wide.

International Education Opportunities

At Oklahoma City University, students may travel to many countries with the intent of studying the language and culture or pursuing their required academic course work. Students may participate in study abroad programs spanning 10 days to an academic year.

Eligibility Requirements:

- A minimum 3.000 cumulative GPA to participate in academic year or semester study abroad programs.
- Junior or senior standing at Oklahoma City University to participate in academic year or semester study abroad programs (second semester sophomores considered on an individual basis).
- Overall good standing at Oklahoma City University.
- Demonstrated foreign language proficiency for programs where English is not the official language of instruction.
- Completed OIE Application for International Education and mandatory OIE orientation.

Reciprocal Exchange: A reciprocal exchange is specifically designed for students who wish to study at a foreign institution for either the academic year or one semester only, and who do not seek a degree from that institution. Reciprocal exchange allows Oklahoma City University students to pay Oklahoma City University tuition and fees but study at the foreign institution. Federal, state, and institutional aid are applicable toward Oklahoma City University tuition costs associated with reciprocal exchange programs as determined by the Office of Financial Aid.

Oklahoma City University currently has exchange agreements with the following institutions:

Argentina—Universidad del Centro Educativo Latinoamericana (UCEL): Students may study Spanish or pursue regular course work at UCEL, the first Methodist-affiliated university in Argentina. UCEL is located in downtown Rosario, Santa Fe, 300 km northwest of Buenos Aires, Argentina's capitol city. Prerequisite: Minimum of four semesters of college-level Spanish.

Austria—Alpen-Adria University at Klagenfurt: Students interested in studying in Klagenfurt will find intensive language classes in German and Italian, as well as a variety

of classes taught in English. The university is located in the capitol city of the beautiful southern province of Carinthia, nestled in the Tyrolean Alps next to the Worthersee Lake. Venice, Italy, is only a short train ride to the west and Vienna, Austria, is four hours due north. Carinthia is a charming example of the Austrian countryside, with welcoming people and a long history. Prerequisite: Four semesters of college-level German or Italian for language study; none for most courses taught in English.

Japan—Ritsumeikan University (RITS): RITS offers both undergraduate and graduate courses to Oklahoma City University students in areas such as law, social sciences, economics, international relations, and Japanese language studies. RITS is comprised of three university campuses, all part of the Oklahoma City University exchange program. RITS offers semester, academic year, and summer programs with over 500 courses taught in English. The name Ritsumeikan means "the place to establish one's destiny," offering students the unique opportunity to learn within an education system committed to cultivating individuality and internationalism simultaneously. Prerequisite: None.

Partner Programs: Partner programs exist so that students may enroll in an international institution through Oklahoma City University. Program tuition is paid to Oklahoma City University so that institutional financial aid and scholarships may be considered and utilized for program costs.

England—Edge Hill University: Many students enjoy the opportunity to study at Oklahoma City University's partner institution in Ormskirk, England. Edge Hill University has been providing high-quality education in liberal arts, business, and education for well over a century. Its impressive outdoor facilities include rugby, soccer and cricket fields, a full-size running track, plus tennis courts, a double gymnasium, and swimming pool. The picturesque campus is conveniently located in northwest England, removed from urban noise and distractions, only a short distance from Liverpool and Manchester, two of England's major centers for the arts. Prerequisite: None.

Danish Institute for Study Abroad (DIS) – Denmark:

DIS is a specialized Danish institution offering study abroad programs in English for primarily American university students in their third or fourth year of study, with credit transfer to their home school. Established in 1959, DIS has a reputation of being intense, demanding, and rewarding, and of providing a challenging educational environment in a full-service framework. DIS offers site-specific courses and programs involving interactive and cooperative learning processes, individual and team-based research, experiential learning through course-integrated field studies and study tours, and housing with the Danes. All courses, except the Danish Language and Culture class, are taught in English. Prerequisite: None.

Faculty-led Study Tour (short term): Oklahoma City University's academic departments offer a range of international study opportunities for credit each year. Some typical faculty-led classes/study tours include natural history and ecology courses in Central and South America through the Department of Biology; the British media comparison class through the Mass Communications Department; Meinders School of Business's Great Wall M.B.A. Program in China; politics of the Middle East taught in Morocco through the Political Science department. Additionally, Oklahoma City University sponsors trips for performing arts majors. Past programs presented abroad include *The Fantastiks* (Singapore), *The Boyfriends* (Singapore and Malaysia), and the musical *Oklahoma!* (Malaysia) from the Margaret E. Petree College of Performing Arts; The Oklahoma City University Chamber Choir has performed in Taiwan, Thailand, Korea, and Hong Kong; and the Oklahoma City University Symphony Orchestra toured the People's Republic of China.

Faculty-led study abroad classes/study tours are coordinated through Academic Affairs. Students are encouraged to contact their specific departments to inquire about planned study tours, then apply for the study tours through Academic Affairs. Faculty-led class/study tour pricing does not typically include Oklahoma City University tuition and fees, but may include the cost of roundtrip airfare, accommodations, and some meals and activities associated with the program.

Affiliated/Approved Programs: Oklahoma City University students have studied in many countries including Australia, Chile, Ecuador, France, Ireland, Italy, Russia and Spain through third-party study abroad providers or other U.S. university programs. Oklahoma City University holds affiliation agreements with private study abroad organizations such as International Studies Abroad, Study Abroad Italy, and the Council on International Educational Exchange, to name a few. The advantages for Oklahoma City University students to study abroad through one of the affiliated programs are that they expand the options available to our students, and Oklahoma City University students are eligible to apply for affiliate scholarships, which are not open to the general public. In addition, affiliate organizations make periodic site visits to Oklahoma City University to assist students with program information.

Global opportunities at Oklahoma City University expand each year. Students can keep informed of developing and upcoming international education opportunities by visiting the annual study abroad fair, contacting Oklahoma City University departments and faculty, or by scheduling an appointment with the director of academic services at (405) 208-5270.

MASTER OF BUSINESS ADMINISTRATION IN CHINA

The Great Wall M.B.A. program was developed on a solid foundation of strong alliances. Oklahoma City University's Meinders School of Business has joined forces with Tianjin University of Finance and Economics (TJUFE) in China to develop a unique and powerful curriculum which provides students with a strong foundation of knowledge, business skills, and a network of business contacts throughout Asia and the entire world.

OCU has been offering an M.B.A. program in China since 1986. The Meinders School of Business M.B.A. program, in cooperation with TJUFE, was one of the first of its kind in China and boasts more than 650 highly successful and influential graduates. In 2002, it was selected as one of the best Sino-foreign M.B.A. programs in China by the Degree Committee of the State Council and the government of China. Tianjin University of Finance and Economics is a pioneer university in providing economics and finance education in China. In 2005 the OCU/TJUFE M.B.A. was expanded to include students from the West with a program that includes an eighteen-month residence in China. Chinese and Western students study collaboratively in pursuit of their M.B.A.

See a more detailed description of the Great Wall program on the Meinders School of Business home page www.okcu.edu/business.

CENTER FOR INTERPERSONAL STUDIES THROUGH FILM AND LITERATURE

The center's mission is to develop creative programs through film and literature that engage individuals on the intuitive and experiential levels to understand themselves and others across time and space. Begun in 1997, the center brings a distinguished creative person to the campus each year (Poets Jimmy Santiago Baca, Lucille Clifton, Carolyn Forché, Mark Doty, Joy Harjo, Jane Hirshfield, Li-Young Lee, Michael Ondaatje, Naomi Shihab Nye, and Natasha Trethewey as well as Poet Laureates Billy Collins, Ted Kooser, Charles Simic, and Robert Pinsky have been featured; Pulitzer Prize winner Claudia Emerson will be the poet in April 2012.); develops an annual documentary film series each spring; develops for the university and community an archive collection of quality videos and DVDs along with viewing suggestions and some lesson plans for grade school through university-level teachers; conducts field trips to Oklahoma City University for teachers and students from upper elementary through high school to view and discuss distinguished films; holds a book discussion series for the university and Oklahoma City

community; collaborates with other campus and metropolitan organizations to support and encourage different groups to work together on creative projects; and contributes to the support of the Oklahoma City University Film Institute. The director teaches university courses related to the mission of the center as well as courses in the English department and courses for the film studies major in the Moving Image Arts Program. The Thatcher Hoffman Smith Endowment Fund and an advisory committee support the development of the center.

DULANEY-BROWNE LIBRARY

Oklahoma City University supports two libraries, the Dulaney-Browne Library and the Law Library. While the collections and services of both libraries are available to all university students, faculty, and staff, all nonlaw-related library materials and services are provided through the five-story Dulaney-Browne Library building in the center of the campus.

The Dulaney-Browne Library provides access to thousands of high quality research resources for Oklahoma City University students, faculty, and staff. Library resources and services are available in the library or through the library's Web page (www.okcu.edu/library) and include more than 194,000 books, 300,000 government documents, 5,400 videos and DVDs, several hundred current periodical subscriptions, 47,600 full-text online periodical titles, 1900 compact disc recordings, 9,000 musical scores, and 45,000 electronic book titles. Reference librarians provide assistance in finding information in the library, over the telephone, and via the Internet. Librarians also offer formal instruction to individuals and groups in the use and evaluation of information resources. Additional library resource services include the Archives and Special Collections (including the University Archives, the Oklahoma United Methodist Archives, and the Shirk Oklahoma History Center), the Foundation Center Cooperating Collection, the Center for Interpersonal Studies through Film and Literature Film Collection, and Government Documents provided through the federal depository program, and the Leichter Listening Library (in the Wanda Bass Music Center).

The library cooperates with other libraries in Oklahoma and around the world to provide students, faculty, and staff with access to their collections through OK-Share (a cooperative library card for Oklahoma academic libraries) and interlibrary loan (delivery to the library user of articles and books from other libraries).

Please contact the library (405) 208-5065, (405) 208-5068, or AskALibrarian@okcu.edu or visit during regular library hours (Monday-Thursday 7:30 a.m.-midnight, Friday 7:30 a.m.-7:00 p.m., Saturday 10:00 a.m.-7:00 p.m., and Sunday noon - midnight) for more information.

COMPUTER AND INFORMATION RESOURCES

Campus Technology Services maintains a dedicated area to aid students with their computer issues and it is centrally located in the McDaniel University Center. The **Student Technology Support Center** is staffed by trained technicians familiar with both Microsoft and Apple operating systems. The center offers a variety of student **support services** including:

- Walk-in and telephone support
- Technology-related consultation
- Hardware and software support
- Virus and malware removal
- Installation of campus-licensed software applications such as Microsoft Office and McAfee
- Assisted hardware upgrades
- Training
- A computer-based issue and support tracking system

Finding a computer to use on campus is easy with **16 computer labs** in various locations spread conveniently across campus. Lab hours vary by location. MS Office, MS Visual Studio, and web browsing capabilities are installed in each lab, and several labs have course specific software available. **Printing services** are available in all public-access labs as well as all public computing spaces on campus. Each semester students receive an allotment for printing via their OCU ID cards. All students are issued a user ID and password, which are required to log into the campus network to use the labs and access printing services.

E-mail accounts are provided to all students. E-mail can be accessed through the Internet from any location on or off campus. All students are provided disk space on the campus network to store files and create web pages.

All resident hall rooms are wired for **telephone** and **network** connectivity. Dorm residents may connect one computer or laptop to the campus network from their dorm rooms. A limited number of computers are available in each dorm lobby. **Wireless** network connectivity is available throughout the campus.

The Student Technology Support Center is located in the McDaniel University Center, lower level, Room 114. **Additional information** for the Student Technology Support Center regarding student computing, lab hours and locations, support and questions can be found at <http://starnet.okcu.edu/services/cts/geeks> or by calling 208-5555.

The University's **computer-use policy** is published on the university Web site at www.okcu.edu/technology. All students should read this policy.

CAREER SERVICES

The Office of Career Services is committed to assisting undergraduate and graduate students and alumni position themselves for success within their chosen fields of interest. The aim of Career Services is to assist students and alumni in identifying and implementing strategies to aid in career exploration and the career decision-making process.

Through Career Services, there are a number of resources and services that can help students who are entering the world of work or those who are looking to advance their careers. Current students and Oklahoma City University alumni are eligible to use the comprehensive resources available through Career Services, including the following:

- Individual career counseling
- Job search strategies
- Résumé and cover letter writing
- Internship resources
- Career fairs
- Interviewing techniques
- Alumni networking and mentoring
- Online career and employer resources
- Career planning for international students
- Self assessments
- Online job/internship posting system: www.okcu.edu/careers

Students are encouraged to schedule an individual appointment to discuss how the Office of Career Services can provide valuable information and review the skills needed to be successful within their professional areas of interest.

The Office of Career Services is located in the Meinders School of Business, Suite 200. Career Services office hours: Monday – Friday 8:00 a.m. to 5:00 p.m. and evening hours by appointment. Call (405) 208-5171 or visit www.okcu.edu/careers.

LEARNING ENHANCEMENT CENTER (LEC)

The LEC offers a variety of free services to students, such as one-to-one tutoring in most areas of the curriculum. Tutoring is provided in approximately forty-five-minute sessions. Students may discuss any aspect of their papers with tutors, and tutors may assist with specific areas suggested by faculty. Specialized assistance is available for the visually and hearing impaired. Selected PCs located in the LEC are equipped with screen magnification software. Also available is a dedicated PC that allows visually impaired students to scan text and have the computer read text aloud. Tutors also work with international students on English conversation and idioms.

The LEC is open Monday through Thursday, 8 a.m. to 9 p.m., and Friday, 8 a.m. to 5 p.m. Computers (PCs and Macs) are available. The LEC is located on the second floor of the Walker Center for Arts and Sciences. Students may schedule appointments on sign-up sheets located in the LEC or by calling the center.

ELS LANGUAGE CENTERS

Oklahoma City University provides international students instruction in the English language through the ELS Language Centers® located on campus.

The Intensive English program at ELS Language Centers® provides thirty hours of instruction per week to move a student quickly to the goal of university entrance. New sessions begin every four weeks, and students are tested and placed in one of twelve levels. The intensive course is a complete English program including classes in structure/speaking, conversation, reading, writing, multimedia lab, and special-interest subjects.

ELS Language Centers® is accredited by the Accrediting Council for Continuing Education and Training (ACCET) and by the Oklahoma State Board of Regents for Higher Education. For information regarding this service, contact ELS Language Centers®, (405) 525-3738, www.els.edu or e-mail okc@els.edu.

PETREE COLLEGE OF ARTS AND SCIENCES

ACADEMIC POLICIES

The following academic policies apply only to the graduate programs in the Petree College of Arts and Sciences—Master of Arts in Applied Sociology—Nonprofit Leadership, Master of Arts in Teaching English to speakers of other languages (TESOL), Master of Fine Arts in Creative Writing, Master of Science in Criminology, Master of Education, Master of Liberal Arts, and Master of Science in health and human performance. Please see specific program descriptions for more details on policies in each program.

Transcript Requirements

No student will be admitted to a graduate program in the Petree College of Arts and Sciences without submitting complete, official transcripts from all institutions attended with evidence of an undergraduate degree or equivalent to a United States bachelor's degree. Failure to submit all transcripts will result in immediate dismissal.

Maximum Number of Transfer Credits Accepted

Six credits may be accepted for transfer from other regionally accredited institutions. In exceptional cases, more credits may be transferred with the approval of the program director and dean.

Master's degree programs in the School of Liberal Arts and Sciences will accept a maximum of six credit hours of approved courses from other graduate degree programs at Oklahoma City University.

Age of Transfer Credit Accepted

Generally, only course work completed within five years of admissions to Oklahoma City University will be accepted for transfer credit. In exceptional cases, course work completed within ten years of admission may be transferred with the approval of the program director and dean.

Minimum Residency Requirements

The minimum number of hours in residence for each program may be calculated by subtracting the number of transfer credits allowed from the total number of hours needed to graduate. Transfer credits are not accepted after a student has begun a graduate program except with approval of the program director and dean.

Maximum Number of Below B- Grades Allowed

A maximum of 6 credit hours below B- are allowed. No grades below C- will be accepted. TESOL students are not allowed to make grades below B- in designated core courses.

Maximum Number of Repeat Courses

A course may be repeated only once. Students may have only two repeats in a graduate program. If, after repeating a course, a student fails to receive at least a C-, the student will be automatically dismissed from the university.

Academic Probation Policy

Programs in the Petree College of Arts and Sciences follow the university's academic probation policy. See the Academic Regulations section of this catalog.

Academic Appeals

The university academic appeals process will be followed by the graduate programs of the Petree College of Arts and Sciences, with one notable exception. A Graduate Programs Committee composed of the graduate program directors, the associate dean, and the dean will hear all grievances. An appeal to this committee will take the place of an appeal to the dean in the academic appeals process. The dean will chair the Graduate Programs Committee.

Applying for Readmission

A student who has been dismissed from the university must wait a full academic year before applying for readmission.

Maximum Course Load

Students may enroll in a maximum of 12 hours in each of the fall and spring semesters, 6 hours in each of the summer terms. In exceptional cases, a student may enroll in more hours if approved by the program director and dean.

Independent Study/Directed Readings Hours

The maximum number of combined independent study and directed readings hours allowed during graduate studies is 6 hours. In exceptional cases students may take more than 6 hours of independent study/directed readings with approval of the program director and dean.

Incomplete Policy

Petree College of Arts and Sciences follows the university's incomplete policy. In addition to the normal university requirements, all students must sign a contract with their professors regarding assignments to be completed and deadlines for course completion. If course requirements are not completed in the agreed-upon period of time, the I (incomplete) will be removed and converted to a grade indicated in the contract.

Time to Finish a Degree

Graduate degrees must be completed within six years.

MASTER OF ARTS IN MASS COMMUNICATIONS PROGRAM IN SINGAPORE

The Master of Arts degree in mass communications (MAMC) is a 36 credit hour program conducted exclusively in Singapore. Students in the graduate program enroll in cohorts and take courses with that same group. The program consists of a total of twelve three credit hour modules taught in a nine-day, 3.5 hour per class, session format. The program is writing intensive and focuses on the advertising and public relations areas of mass communications. The twelfth and final module is devoted to practical applications. All the modules comprising the MAMC curriculum are taught by full-time faculty members of the OCU Department of Mass Communications.

Admission Requirements

Prospective students must have a bachelor's degree from a locally accredited (in Singapore: Ministry of Education) college or university and have attained the equivalent of an undergraduate GPA of 2.750 or higher, based on a 4.000 scale.

Students whose native language is not English must meet the English language proficiency requirement specified in the current edition of the OCU graduate catalog. An oral interview also may be required. Singapore nationals are exempt from the English language proficiency requirements.

Pre-Candidacy Modules

The following courses constitute the three required pre-candidacy modules, and will be the first three modules available in each intake.

MAMC 5003	Writing for the Mass Communications Media
MAMC 5403	Media Management: Issues, Ethics, and Applications
MAMC 6013	Research Methods

Advancement to Candidacy and Graduation Requirements

Upon satisfactory completion of the first three modules (nine credit hours) of coursework, students who have earned a GPA of at least 3.000 are advanced to candidacy in the program and may then enroll in the subsequent modules.

Students who fail to attain the requisite GPA in the first three modules may, with permission, repeat one module, provided that by repeating that module it would be possible to raise their GPA to the minimum required for advancement to candidacy. Prior to advancement to candidacy students are not permitted to enroll in any post-candidacy modules.

Students who are advanced to candidacy are awarded the Graduate Certificate in Mass Communications. They may progress immediately to the remaining modules in the MAMC or may elect to defer progression for up to one year

without prejudice. However, the MAMC must be completed within an aggregate time of three years from the time of completion of the first pre-candidacy module.

Students must complete all twelve modules of the MAMC program with a GPA of 3.000 or higher. No more than two grades of C (including C+, C, and C- grades) may be present on the student's graduate transcript. A student may not graduate with any grade below C- (including D+, D, D-, and F) on the graduate transcript. Any module in which a grade below C- was earned must be repeated, subject to the maximum number of repeats specified below.

Repeating Modules

Students are permitted to repeat ("re-module") no more than two modules total, and may repeat a given module only once.

Academic Probation and Dismissal

If at any time during the completion of the MAMC a student's GPA falls below 3.000, that student will be placed on academic probation. A student on probation will be allowed to attempt two attempt additional modules to raise his or her GPA to the minimum 3.000. Failure to achieve the minimum 3.000 GPA within that time will result in dismissal from the MAMC program.

MASTER OF LIBERAL ARTS

Director: Bennett

The Program

Oklahoma City University's Master of Liberal Arts (M.L.A.) degree program is designed to enable adults to acquire broader knowledge, deeper insight, and greater understanding of our cultural heritage in the humanistic, social, political, and scientific aspects of contemporary civilization. The M.L.A. seeks to lift adults above the provincialism commonly associated with our rapidly changing, increasingly specialized world and to provide them with

those general skills that traditionally reflect a liberal education—the abilities to summarize, analyze, evaluate, and synthesize in written and oral discourse—all in an intellectual setting of reflection and value-conscious discourse.

The Student

To be admitted to the program, the M.L.A. student must have earned from a regionally accredited four-year institution a bachelor's or equivalent four-year professional degree. Many students are professionals in the community—attorneys, executive and management personnel, dentists, teachers, doctors. All share the desire for liberal learning, which is a helpful resource in developing the perspective necessary for critical decision making, creative leadership, and enriched personal growth. The M.L.A. student has a developed spirit of independent inquiry and is aware of the value of a strong background of liberal study, but is not interested in the strict formality of a conventional degree program.

Students must conform to university requirements for graduate students, and maintenance in the program will be subject to conformity with these requirements.

The Faculty and Administration

The M.L.A. program invites the participation of all full-time members of the Oklahoma City University faculty. In addition, distinguished professors and other members of the community with appropriate academic and distinguished professional credentials are sought out and employed in service of the program.

The M.L.A. program is chartered by the faculty of the Petree College of Arts and Sciences. Program policy is established and amended by the Petree College of Arts and Sciences faculty. The director of the School of Adult and Continuing Education and the M.L.A. director administer the program, and the Graduate Council approves all substantial changes. The M.L.A. director approves course offerings and faculty appointments, reviews degree requirements, certifies graduates, and makes general recommendations as to the administration of the program.

The Curriculum

The M.L.A. curriculum offers two opportunities for study. Students may choose between the general studies or the leadership/management degree programs. Both programs are 36 hours and allow the students the flexibility to design a program that is not only personally enriching but also of maximum personal and professional benefit.

General Studies: The general studies degree is designed to accommodate the curious adult learner who recognizes that learning is an ongoing and evolving process which remains with us all our lives.

*Traditionally, approved M.L.A. Graduate Electives are offered in the departments of Art, Criminology, English, History, Justice Studies, Mass Communications, Modern Languages, Moving Image Arts, Philosophy, Photography, Political Science, and Sociology. They will be listed in the course schedule as graduate classes under the department prefix. New courses are added to the M.L.A. curriculum each semester, while standard, popular offerings are retained.

Degree Requirements

The M.L.A. degree does not require a thesis, GRE, or foreign language (although foreign languages may be studied for M.L.A. credit). To receive the M.L.A. degree, the student must satisfy the following requirements:

1. Complete 36 hours of approved graduate study within six years of the date of admission.
2. Maintain a GPA of 3.000 or above. Students failing to maintain a B average over two semesters will be dismissed from the program.
3. A maximum of 6 hours of Independent Study may be taken toward satisfying the M.L.A. degree requirements.
4. A maximum of 6 hours of transfer graduate credit from another accredited institution may be considered toward satisfying the M.L.A. degree requirements. Transfer credits must have been taken within five years prior to the date of admission and must not have been used in attaining a previous degree. Credit is not given for study by correspondence.

Admission

Admission to the M.L.A. program requires completion of a bachelor's degree from a regionally accredited college or university with a GPA of 3.000 or higher on a 4.000 scale. Probationary admission may be allowed for promising students whose GPA falls between 2.750 and 2.990.

MASTER OF ARTS IN APPLIED SOCIOLOGY— NONPROFIT LEADERSHIP

Director: Spinks

Faculty: Cowgill, Horn, Kurtz

Program Description

Oklahoma City University's Master of Arts in applied sociology in nonprofit leadership is designed to develop the moral, ethical, professional, and scholarly knowledge, skills, and abilities of future servant leaders in the nonprofit sector. The program prepares leaders for the increasingly important body of work performed by nonprofit organizations. Nonprofit organizations are now considered the critical third aspect of the partnership (business and industry, government, and the nonprofits) necessary to adequately meet the complicated needs of our 21st Century society.

After a century of being relegated to the category of work performed by the semiprofessional, today's nonprofit executive is required to lead organizations through the complicated maze of increasing accountability requirements, new laws and regulations, and changing accounting rules. The tremendous increase in demand for accountability from nonprofits for the use of the charitable dollars they receive requires insightful and prepared leaders who understand the fundamentals of nonprofit organizations as well as the changing demands of the social context in which they operate. Nonprofit leadership is no longer a second career for the retired or an easy job for the less talented. It has become a profession in a growth industry that demands prepared leaders with finely honed skills that are unique to the work.

The curriculum employs a sociological perspective (i.e., specific sociological theories identifying patterns in human interaction) to illuminate how and why actions exist, the consequences or implications of such actions, and how to change such actions. Leaders in nonprofits need to understand such issues as organizational social theory in order to effectively deal with complex situations, e.g., those involving a paid and unpaid labor force.

This program partners with community leaders and organizations who want to invest in the future of nonprofits. Students in theology, sociology, justice studies, psychology, religion, dance, or music may all be interested in studying nonprofit leadership.

Admission Requirements

Applicants to the M.A. in applied sociology-nonprofit leadership and to the certificate in nonprofit leadership programs must possess an a bachelor's degree conferred by a regionally accredited university by the time of matriculation in the program. All applicants must have earned a cumulative undergraduate GPA of 3.000 or higher. Applicants with an undergraduate GPA in the range of 2.750 to 2.999 may be admitted on probation with the permission of

the program director. All applicants must submit letters of recommendation from academic sources or from supervisors in the nonprofit field, along with an essay that includes the student's rationale for pursuing the degree or certificate. Complete details on the admission process and requirements are available from the Graduate Admissions Office.

Accelerated Format and Time to Complete the Program

Courses in the nonprofit leadership degree and certificate programs are taught in an accelerated eight-week format in which classes meet once per week in the evening. Full-time students in the graduate degree program will typically be enrolled in two classes during each eight-week session. This will enable full-time students who are making satisfactory progress to complete their degree in one calendar year. Students in the certificate program will typically be enrolled in one class during each eight-week session and can complete the requirements for the certificate in one calendar year. Students may choose to complete the degree or certificate program at a slower pace than this.

MASTER OF ARTS IN TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES

Chair: R. Griffin

Faculty: Rueckert, Zhou

Program Description

The university offers this Master of Arts degree to prepare competent and conscientious professionals in the field of teaching English to speakers of other languages (TESOL). The degree program consists of 36 credit hours and is designed to provide students with a solid theoretical foundation and the necessary professional skills in TESOL at different levels of education (early childhood, elementary, secondary, tertiary, and adult literacy) and in different milieus (English as a foreign language and English as a second language). It aims to equip students with the linguistic knowledge, cultural understanding, and pedagogical training essential in the various aspects of TESOL including, among other things, curriculum design, material preparation, methodologies, classroom procedures, and assessment.

Certificate in TESOL

The certificate is an 18 credit-hour program created for those who do not want to pursue a master's degree but desire credentials in TESOL that will aid them in gaining employment in TESOL both domestically and overseas.

Admission Requirements

All applicants must possess a bachelor's degree from a regionally accredited college with a GPA of at least 3.000 on a 4.000 scale. The applicant with a GPA slightly below 3.000 may, with permission of the program chair and graduate faculty, enter the program on probation; he or she must maintain a minimum GPA of 3.000 in the graduate curriculum to continue.

Students admitted on probation may take a maximum of nine hours per semester and cannot enroll for the following semester until they are fully admitted.

In addition, all international and probationary students are required to take Research and Writing (GRED 5003).

Admission Procedure

The application for admission to the Master of Arts in TESOL may be secured from the Office of Graduate Admissions or the International Admissions Office. (See Graduate Admission in this catalog.)

Transfer of Graduate Hours

To be transferable, course work completed at another institution must be certified as graduate credit by that institution and must fit into the student's plan of study. Usually, a maximum of 12 semester hours may be transferred from another institution. (Transfer of more than six hours requires approval of the program director and dean.) The acceptance of transferred course work will be decided by the student's advisor and the program director at the time the student program is planned.

Minimum Grade Requirements

A cumulative GPA of 3.000 must be maintained to continue enrollment in the program. Students whose GPA falls below 3.000 are placed on probation and have one semester to meet the 3.000 GPA requirement. No more than two grades below B- are acceptable on course work, excluding TESOL core courses which must be completed with a B or above on all course assignments. After a student has completed a course, it cannot be dropped from the plan of study because of a low grade unless a change in the plan is first approved in writing by the student's advisor and the program director. A course with a grade below C cannot be used as part of the graduate curriculum.

Advising

Upon receiving a letter of admission, the student should make an appointment to confer with the program chair or an appointed advisor prior to enrolling. Telephone listings and office hour schedules for all the advisors are available in the education division office at (405) 208-5371. The advisor will assist the student in planning the program and selecting courses for the degree.

Comprehensive Examinations

All candidates for the M.A. in TESOL are required to complete successfully a comprehensive examination, usually scheduled in the student's last semester of course work. Format, times, and location will be announced early in the semester. Applications and instructions for the examination are available in the division of education office. Applications must be signed by the advisor and the program director. A copy of the completed application is required for entry into the examination room.

Thesis Option

Before electing the thesis option as part of the requirements for the M.A. in TESOL, a candidate must demonstrate the following qualifications:

1. The candidate must possess a GPA of 3.800 or higher.
2. A thesis proposal based on guidelines set by the TESOL program must be completed and approved by the advisor.
3. The candidate must have completed Methods of Research with an A (not A-) both in the course and on the research proposal in the course. Additional writing samples from other research-oriented courses will be requested and evaluated by the department to determine if the student is prepared to write a thesis.

Candidates who have met the above qualifications and elect the thesis option must fill out a thesis application and obtain approval from their advisors and the program director at least one semester prior to the initiation of the writing process. A thesis advisory committee will then be formed for the student who has been approved to write a thesis. Candidates who choose the thesis option will be required to complete the minimum of 33 hours plus 3 hours of thesis.

Normally, students are expected to complete the thesis during the semester of enrollment. However, the research design for the problem may be such that one semester is not sufficient for completion of the study. In this case, the student must secure the approval of his or her thesis advisory committee, and an "X" will be recorded. Except for extreme extenuating circumstances, the extension may not exceed one semester. If the "X" is not converted to a grade by the end of the extension period, the student will be required to re-enroll in the Thesis in TESOL (TESL 6983). Re-enrollment of more than one time will not be permitted without filing a new plan of study, which must be approved by the thesis advisory committee.

Thesis Submission and Style

Theses that have been approved by the thesis advisory committee must be submitted to the TESOL department at least three weeks before commencement. Exceptions must have prior approval of the thesis advisory committee. The writing style of the thesis must comply with the American Psychological Association (APA) Style Manual. For other information on thesis writing, see Academic Regulations.

MASTER OF EDUCATION IN APPLIED BEHAVIORAL STUDIES

Coordinator: Farha

Faculty: Glenn

Adjunct Faculty: Bader, Braddock, Charney, Hackman, Horn, McCharen

Although the applied behavioral studies (ABS) and counseling programs are housed in the Department of Education, they function independently and the ABS coordinator reports directly to the dean of the college.

The one year, 33 hour fast-track master's degree in applied behavioral studies is designed for pre-counseling and related professionals who are involved in the field of learning, development, and group processes in human behavior settings such as mental health facilities; government, business and industry; and organizational contexts. Those interested in becoming a licensed professional counselor (LPC) can do so through participation in this 33-credit hour program and by taking five additional courses.

Examples of those who might be interested in this degree would include workers in mental health, human development, consulting, teaching, adult learning, human resource-

es, training & development, human services, and student personnel.

The program is designed for fall admission and is “fast-track” in that most of the courses are offered in a once-per-week, 8-week session. Each course requires a one weekend seminar. This allows full-time students beginning in the fall to finish in one year and part-time students beginning in the fall to finish in two years. Some summer course work is required. The full-time student will take two courses at a time, and the part-time student takes one course at a time. Because of this unique structure, students may have to attend some classes on days when the university is otherwise closed.

[curriculum/sequence subject to change]

M.Ed. in Applied Behavioral Studies: Professional Counseling

The Petree College of Arts & Sciences at OCU offers the **Master of Education (M.Ed.) degree in Applied Behavioral Studies: Professional Counseling**. It is designed to train students to become professional counselors and render services to individuals, groups, and families experiencing normal adjustment difficulties of a personal, social, or career nature in settings such as community counseling centers, mental health clinics, guidance centers, human service agencies, drug and alcohol treatment facilities, university counseling centers, abuse shelters, religious counseling centers, and private practice (once licensure is attained). Students are encouraged to secure internships in settings consistent with their specific areas of professional interest.

Structure

To attain the professional counseling concentration, the student must accrue at least 60 credit semester hours, including field experience. Because space is limited, not all qualified applicants are admitted. The sequenced, mental health program of study is designed to meet the Oklahoma

academic requirements to become a Licensed Professional Counselor (LPC) as set forth and granted by the State Department of Health.

Students first meet academic requirements for the 33 hour M.Ed. in Applied Behavioral Studies (ABS), then complete 5 more courses (including field experience) to have the “Professional Counseling” designation added to their transcript. This brings the total to 60 credit hours (as required by statute).

Most courses are offered in the evening, but flexible day-time schedules are necessary for Practicum and Internship. The program is designed for fall admission and is “fast-track” in that most of the courses are offered in a once-per-week, 8-week session. This allows full-time students beginning in the fall to finish in two years (and part-time students beginning in the fall to finish in about four years). Some courses, such as Practicum and Internship will be offered in the traditional 15 week semester. Each 3 credit hour course requires a one weekend seminar while 4 credit hour courses will require more. Some summer course work is required. Because of this unique structure, students may have to attend some classes on days when the university is otherwise closed.

Philosophy

Emphasizing a practitioner-wellness model, counseling at Oklahoma City University is viewed as an integration of art and science. As such, the counselor’s effectiveness becomes a product, in part, of personal awareness and creativity. The “experiential” philosophy of the program reflects this belief by emphasizing students’ personal growth and development as critical in the training of counselors. It is therefore assumed that students not only desire, but also intend to pursue the inspection of their personal identity, growth, and development—both inside and outside the classroom—as an integral part of their graduate studies in counseling at OCU.

Candidacy

Near completion of the 33 hour M.Ed. in Applied Behavioral Studies, students will be evaluated and must "advance to candidacy" in order to continue study toward the professional counseling concentration (for those seeking the LPC). This requires grades of at least 3.000 in each course as well as demonstrating a high degree of professionalism, ethical behavior, and a non-combative, non-abrasive attitude on campus with faculty and students as well as off-campus with supervisors. An oral candidacy interview may also be requested.

Probation Policy

If a student's GPA falls below a 3.000 before or after candidacy, he or she will be placed on academic probation with one semester to raise the GPA to 3.000 or higher. Students entering on probation must raise their ABS GPA to at least a 3.000 within the next 9 credit hours taken. A student placed on probation twice may be disqualified from continuation.

Graduation Requirements

Students must earn at least a 3.000 cumulative GPA and be in good standing in order to graduate. Only one course grade below B- is acceptable. Under no circumstances is a grade below C acceptable.

Admission Criteria for ABS

1. An earned bachelor's degree from a regionally accredited college or university recognized by the U.S. Dept. of Education (or its substantial foreign equivalent).
2. Minimum undergraduate GPA of 3.000. Students may be admitted on probation, at the discretion of the program director, with a cumulative GPA of 2.750 to 2.990.
3. Two satisfactory recommendation letters (preferably from faculty) sent to the Graduate Admissions Office.
4. Official transcripts from all academic institutions attended.
5. Ability to effectively communicate in English (both written and oral).
6. Students whose native language is other than English must demonstrate proof of English language proficiency. Applicants must achieve a score of at least 80 on the internet-based TOEFL, 550 on the international paper-based TOEFL, 213 on the computer-based TOEFL, or an overall IELTS score of 6.0 with at least 5.5 on each band score. The requirements may also be met by completing level 112 of the intensive program at an ELS language center.
7. Individuals may be asked to supplement their application. Supplemental materials may include, but are not limited to, interviews, writing samples, and course work.

Admission on Probation

Students admitted on probation to the program must achieve a cumulative GPA of 3.000 or higher in the first 6 credit hours taken and earn a "B" or better in each course in order to continue in the program. Students admitted on probation must enroll on a part-time basis until these conditions have been met.

MASTER OF FINE ARTS IN CREATIVE WRITING (M.F.A.)

Administration: English Department
Director: Berg

Program Description

The Master of Fine Arts in creative writing is a terminal degree in creative writing. Students work with faculty mentors to create a manuscript-length work of creative prose in fiction, nonfiction, poetry, or another creative genre with approval of the program director. Students also concentrate on academic work in literary criticism and analysis of writing craft. Students can elect to pursue strands in pedagogy or professional writing.

Structure of the Program

This is a two-year program which includes five residencies, one each summer and each winter, plus one at the end of the program, for periods of ten days to two weeks. Students will complete twelve hours of course work each fall and spring semester for two years, for a total of 48 credit hours. The final residency will include a public reading and defense of the thesis.

Learning Outcomes

Students pursue literature, rhetoric, pedagogy, and writing courses according to a curricular plan co-devised with their academic advisor. Learning outcomes are those which strengthen and fulfill each student's stated goals, which may vary from personal enrichment to career development as teachers, editors, or authors.

Admission Requirements

In addition to the general graduate admission requirements established by Oklahoma City University, all students seeking admission to the Master of Fine Arts in creative writing must submit the following:

1. A sample of creative work in the genre in which she or he wishes to work, no more than twenty pages long. Although students will be able to work in multiple genres, students will initially be accepted on the basis of the strength of their work in one genre.
2. A two- or three-page personal statement about the student's goals for the program: background in reading and writing, previous education and work experience, and interests in teaching, professional writing, and/or oral history/tradition, for example, should be included.
3. Three confidential letters of recommendation from people familiar with the student's writing. These letters should address writing strengths/weaknesses, potential for contributions to a creative writing program, and potential for success in a graduate program which requires independent work and the ability to benefit from direct criticism.

Admissions decisions will be the responsibility of the director of the program with the assistance of the program's advisory council. Greatest consideration will be given to students who submit sample manuscripts with the highest literary potential and whose personal statements and letters of recommendation indicate readiness to study writing at an advanced level.

The Master of Fine Arts in creative writing is accepting applications for enrollment beginning in summer 2011. For more information, please contact the director of the program in the English Department.

GRADUATE CERTIFICATE IN CREATIVE WRITING

Administration: English Department
Director: Berg

Program Description

The graduate certificate in creative writing benefits a wide range of students interested in developing their creative writing skills. It is a compelling alternative to seeking a graduate degree, but it also provides graduate course work that could be applied to a degree. Students who decide to pursue the Master of Fine Arts in creative writing at Oklahoma City University will be able to apply their certificate work towards meeting the M.F.A. degree requirements. The graduate certificate in creative writing is also an appealing adjunct course of study to people in other degree programs who want to develop their writing skills and enhance their employment opportunities.

Learning Outcomes

The core curriculum is designed to ensure all students share a common foundation in the fundamental creative writing genres—fiction, nonfiction, and poetry—training students as expert readers and writers of these genres. Beyond the core, students pursue literature, rhetoric, pedagogy, and writing courses according to a curricular plan co-devised with their academic advisor. Learning outcomes are those which strengthen and fulfill each student's stated goals, which may vary from personal enrichment to career development as teachers, editors, or authors.

Admission Requirements

In addition to the general graduate admission requirements established by Oklahoma City University, all students seeking admission to the graduate certificate in creative writing must submit the following:

1. Documentation of an earned bachelor's degree from a regionally accredited institution in English or a related field
2. A sample of creative work: either a selection of five poems or 10-12 pages of fiction/nonfiction writing.
2. A two- to three-page personal statement.

The graduate certificate in creative writing is accepting applications for enrollment beginning in summer 2011. For more information, please contact the director of the program in the English Department.

MASTER OF SCIENCE IN CRIMINOLOGY

Chair: Horn

Faculty: Kurtz, Cowgill, Spinks

Adjunct Faculty: Meinhart, Rendon, Turvey, Wright

The mission of the Master of Science in criminology degree at Oklahoma City University is to provide a curriculum that offers a broad view of crime and justice grounded in a rich liberal arts tradition. Students pursuing a master's degree in criminology receive a strong background in the study of crime and justice that integrates theory, research, and practice.

The faculty adopts a holistic approach to the study of crime and justice. All of our full-time faculty hold terminal degrees in criminal justice, sociology, or justice studies. Our program offers an interdisciplinary approach that helps students understand the causes, correlates, and consequences of crime. Master of Science in criminology students challenge normative assumptions regarding crime and justice through critical thinking and writing.

Students gain mastery of the knowledge, methods, and intellectual skills pertaining to the study of the causes, consequences, and responses to crime and its interaction with other areas of inquiry. The main points of inquiry include

- Contemporary criminal justice systems
- The history and philosophy of punishment
- The nature and causes of crime
- Judicial decisionmaking
- The history and theory of law enforcement
- Qualitative and quantitative research methods
- Ethics and discretion of criminal justice personnel

The Master of Science in criminology program at Oklahoma City University offers a flexible schedule for full-time and part-time students with classes offered at night, on weekends, and through web-based courses. Students can elect to take 33 hours of course work or 30 hours of course work with a problem in lieu of thesis.

For further information on graduate policies see the Graduate Academic Policies for the Petree College of Arts and Science.

PROCEDURE FOR ADMISSION

The application for admission to the program may be obtained from the Office of Graduate Admissions. The completed form, along with official transcripts of all previous college work and two letters of recommendation, should be returned to the Office of Graduate Admissions. The final decision for admission rests with the faculty in the Sociology and Justice Studies Department. After the student receives notice of admission to the program, an interview should be arranged with the graduate advisor for advisement. Students must have taken an undergraduate statistics course and an introductory criminal justice course before beginning the Master of Science in criminology program.

Admission Requirements:

Unconditional Admission: Applicants must have an overall GPA of 3.000 and an undergraduate degree in one of the social sciences, including, but not limited to, psychology, sociology, criminal justice, corrections, police science, prelaw, political science, or history.

Problem in Lieu of Thesis

The department offers a problem in lieu of thesis (PILOT) option to masters-level students. The purpose of this option is to permit select graduate students to undertake a scholarly project that stops short of original research as required by the thesis option. The procedure for the PILOT is as follows:

Students must be approved by the graduate faculty in criminology. This approval process requires the following:

- A. Students will write a proposal consisting of a statement of the problem and a proposed theoretical solution during their first semester.
- B. Proposals are due to the committee by the beginning of the last month of the semester preceding the semester the problem will be attempted. This will generally be in November.
- C. Approval for the problem will be returned to the student at the semester's end with recommendations and approval or nonapproval for the project.
- D. Projects not approved will not be reviewed or appealed except to the graduate committee, so it is the student's responsibility to present a ready product.
- E. Approved students will sign up for 3 hours of PILOT credit in the following term.
- F. Students will have one semester to complete the problem. Incomplete work will be graded down one letter grade and may not be accepted. This would require the failing student to take another course to complete the degree. Extensions due to illness, etc., will only be granted in extreme situations.
- G. Defense of the problem may be required at the end of the term if deemed necessary by the committee.
- H. The student, upon completion of the PILOT, will provide the department with four bound copies of the

problem—one for each committee member and two for the Dulaney-Browne Library.

For further information on how to format and where to distribute the PILOT, see Guidelines for the Graduate Thesis in the Academic Regulations section of this catalog.

Electives

Elective courses may be chosen provided they are approved by the Master of Science in criminology advisor. Students are encouraged to take electives taught in justice studies or an alternate master's program at Oklahoma City University.

WIMBERLY SCHOOL OF RELIGION

Faculty: Betsworth, Davies, Long, Starkey, Wolfe

The mission of the Wimberly School of Religion is to offer religious and theological studies in the United Methodist tradition that unite knowledge and vital piety, explore questions of meaning and value for the lives of all persons, and prepare persons seeking to enter a variety of Christian vocations in service to the church and community.

The purpose of graduate study in religion is to involve students in serious philosophical and theological consideration of the questions of humanity's origin, destiny, meaning, and purpose. This demands highly motivated and qualified students who are interested in exploring critically the ways in which questions of ultimate concern relate to the lives of human beings.

The Wimberly School of Religion is committed to the development of dedicated and competent leaders of Christ's church as the people of God with ministries in God's world. The school seeks to provide the church with educational opportunities for study in all of the disciplines related to the ministry of the church, such as biblical, theological, ethical, educational, and practical ministry studies.

The Masters of Religious Education (M.R.E.) is a professional degree for those who want to prepare for service in the church as a director of Christian education, director of program ministries, director of youth or children's ministries, and other ministries related to religious education. The M.R.E. degree meets the requirements of the United Methodist Church for certification as a director of Christian education or director of youth ministry. It also serves others who wish to strengthen their skills and knowledge in religious education through the study of major sources of biblical, theological, historical, ethical and cultural studies and integrating those studies into the ministry of education.

CERTIFICATION STUDIES IN THE UNITED METHODIST CHURCH

Certification is the church's recognition that a person has met the required personal and church qualifications and gained the academic qualifications and work experience necessary to achieve and maintain professional excellence. Certification is available in the United Methodist Church in the areas of Christian education, youth ministry, church music, parish nursing, church business management, spiritual formation, camping and retreat ministries, and communications. The Wimberly School of Religion provides academic programs related to certification in the areas of Christian education and youth ministry.

A person can fulfill the academic requirements of certification studies at Oklahoma City University by earning a bachelor's degree plus five graduate certification courses in the area of specialization, including the course in United Methodist Doctrine and Polity. These courses are Nature and Work in Christian Education, The Bible in Christian Education/Youth Ministry, Relating Theology to Christian Education/Youth Ministry, Administration and Leadership, and United Methodist Doctrine and Polity.

The following are ways a person can fulfill the academic requirements for associate certification studies at Oklahoma City University:

1. Complete a minimum of 24 semester hours in general undergraduate course work and complete five graduate certification studies courses in the area of specialization, including the course United Methodist Doctrine and Polity.
2. Complete a minimum of 24 semester hours in the area of specialization (such as the Program for Associate Certification in Youth Ministry or Program for Associate Certification in Christian Education) in the School of Religion.

For additional information on requirements for certification, contact the registrar of the Annual Conference Board of Ordained Ministry, Section of Deacons and Diaconal Ministry.

MASTER OF RELIGIOUS EDUCATION

Admission

No student will be admitted to the graduate degree program in the Wimberly School of Religion without submitting complete and official transcripts from all institutions attended with evidence of an undergraduate degree or equivalent from an accredited college or University with a minimum GPA of 3.000.

It is recommended that entering students have significant work in the humanities, including religion, and the social sciences. The director, in consultation with the faculty, may modify this recommendation in exceptional cases.

Students who have completed an undergraduate major in Christian education or youth ministry from schools recognized as approved by the United Methodist Section of Deacons may petition to take advanced studies in related courses upon recommendation by the director of the Wimberly School of Religion.

Transfer of Graduate Work

Up to 28 hours of foundation courses and an additional 3 credit hours with a grade of B- or above and approved by the faculty may be transferred from another accredited institution. Courses completed in pursuit of a graduate degree already received will not be allowed as credit for another graduate degree. No course work from an accredited institution may be transferred unless the grade received was at least B- (2.750). Course work completed more than five years prior to enrollment at Oklahoma City University will not be accepted for transfer credit. Correspondence courses are not accepted toward a graduate degree.

Degree Study Plan

Prior to enrollment for the fifteenth credit hour, the student must file with the director a plan of study for the M.R.E. The degree plan includes courses completed or transferred, courses projected for completion of the degree, and anticipated date of graduation.

Acceptance to Candidacy

Upon completion of 28 semester hours, the student should apply for candidacy. After review by the director and faculty, a student whose work indicates a capacity to complete the program satisfactorily will be admitted to candidacy. The following criteria must be met for admission to candidacy:

- Completion of 28 hours with a cumulative GPA of 3.000 or higher
- Completion of 6 hours from the required foundation courses
- Evidence of graduate-level research and writing ability.

Students not granted candidacy by the completion of 30 hours may not continue their studies in the M.R.E. program.

Residency

The minimum number of hours in residence may be calculated by subtracting the number of transfer credits allowed from the total number of hours needed to graduate. Without the approval of the director, transfer credits are not accepted after a student has begun a graduate program.

Time Limit

Course work on the M.R.E. must be completed within seven years of admission.

Maximum Credit Hours Per Semester

A normal full-time load is 9 to 12 hours per fall and spring semesters. In exceptional cases, a student may enroll in 15 hours if approved by the director.

Repeating Courses

A course may be repeated only once. The repeated course number must be the same as that of the original course. The last grade received in a course is the one that will be calculated into the student's GPA. This grade will be posted in the semester earned. The first grade will be recorded on the transcript as an R (repeat) and excluded from the student's GPA. If, after repeating a course, a student fails to receive at least a C, the student will be automatically dismissed. Only two courses may be repeated in the School of Religion.

Academic Appeals Process

Academic appeals are governed by the university process (see Academic Regulations in this catalog). A student may appeal decisions affecting his or her academic progress as follows:

1. The student initiates an appeal by filling a written petition with the school's director.
2. The director reviews the petition and determines if a meeting with the student petitioner is necessary.
3. The student petitioner will be informed in writing of the decision on the merits of his or her petition.
4. If the student does not agree with the decision, he or she may continue the appeal process with the associate VPAA.
5. A student dismissed from the university must sit-out for a minimum of one year before applying for readmission.

Incomplete Policy

The Wimberly School of Religion follows the university's incomplete policy. In addition to meeting the normal university requirements, all students must sign a contract with the professors regarding assignments to be completed and deadlines for course completion and have the contract approved by the director. If course requirements are not completed in the agreed-upon period of time, the I (incomplete) will be removed and converted to a grade indicated in the contract.

Project/Thesis

Candidates have the option of writing a project/thesis as part of their approved course work for the M.R.E. Candidates choosing the project/thesis option will be required to complete a total of 56 hours for the degree. Students who choose not to do the project/thesis will be required to complete a total of 59 hours.

A research project must include a research component, a planning of the ministry component, the implementation component, and an evaluation component. A thesis must correlate theoretical and practical studies following the guidelines approved by the School of Religion. When approved by the faculty of the Wimberly School of Religion, four required bound copies must be submitted to the director three weeks before commencement. The final copies of the project/thesis become the property of the university. Two bound copies are deposited in the Dulaney-Browne Library, and the other two copies are retained by the School of Religion.

Guidelines for writing the project or thesis are available from the School of Religion.

It is the policy of the School of Religion that students may not participate in the commencement ceremony until the thesis is completed.

MEINDERS SCHOOL OF BUSINESS

A Broad View of Management

The Meinders School of Business (MSB) is committed to providing quality business education at the undergraduate and graduate levels. Curricula are designed to offer students a broad-based view of management: a view that emphasizes ethics, entrepreneurship, and social responsibility in the workplace; a view of management that will enable students to work effectively in the challenging global business environment. Course work features best business practices as well as theory and helps to provide students with the management skills necessary for effective leadership. Theoretical foundations are balanced by practical applications.

An Educational Environment That Serves the Student

The Meinders School offers students a wide variety of learning opportunities outside of the classroom. These enrichment activities provide valuable insights into the business world and augment traditional classroom study. These learning opportunities, such as industry visits, internships, and career coaching, focus on helping students develop strategies to reach their personal career goals. Through a series of professional development workshops conducted each semester, students also begin preparing for their careers after college. Among the topics covered are résumé writing, interviewing techniques, business etiquette, and communication skills.

Outstanding Facilities

The business school is located in the Meinders School of Business building, a \$20 million facility completed in 2003. The three-story, eighty thousand square-foot building includes features that focus on student success and add value to students' academic experiences. The facility includes classrooms with state-of-the-art technology, breakout study rooms for small groups, a learning center, student/faculty lounge, and a resource center. The building houses faculty offices, the Love's Entrepreneurship Center and a 230-seat tiered auditorium capable of hosting videoconferences, guest speakers, and seminars.

LOVE'S ENTREPRENEURSHIP CENTER

The Love's Entrepreneurship Center provides a variety of entrepreneurial experiences for our students including business concept evaluation, market research, competitive analysis, and business plan development. In addition, the Love's Center houses the Mobile Application Development Lab, within which students develop, test, and launch new mobile applications. To learn more about the Love's Entrepreneurship Center, see <http://www.meindersokcu.com/about/love-s-entrepreneurship-center/> or call (405) 208-5437.

BUSEY INSTITUTE FOR ENTERPRISE AND LEADERSHIP

The Busey Institute for Enterprise and Leadership provides professional programs to the public on various topics designed to meet the dynamic needs of regional businesses. The Busey Institute, funded by former Oklahoma City University students Phil and Cathy Busey of The Busey Group, holds annual seminars at the Meinders School of Business providing students and professionals education on current topics and networking opportunities with highly respected business leaders. The Busey Institute also provides student scholarship support.

CONTINUING PROFESSIONAL EDUCATION PROGRAM

The Continuing Professional Education Program offers students and working professionals certification courses in many demanding fields including Project Management Professional® (PMP), Petroleum Land Management (PLM), and Professional in Human Resources (PHR) and Senior Professional in Human Resources (SPHR). Meinders School of Business also meets the dynamic needs of regional businesses by providing customized on-site programs for groups. Meinders School of Business specializes in program development, handling everything from entire program assessment and delivery to all administrative functions. The Continuing Professional Education Program at Oklahoma City University, in partnership with Gatlin Education Services and ed2go, also offers more than 400 online open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations. For more information or to enroll in a course, visit www.okcu.edu/business/profed.

STEVEN C. AGEE ECONOMIC RESEARCH AND POLICY INSTITUTE

Steven C. Agee Economic Research and Policy Institute is focused on assisting the Oklahoma City business community by disseminating information to businesses, government, and regulatory agencies through economic impact studies, marketing and macroeconomic survey data, the Meinders Consumer Confidence Poll, and other forms of economic research. The institute oversees eight consumer confidence surveys conducted in concert with the Federal Reserve Bank meetings as well as other research and polling for businesses, organizations, and agencies. The institute is designed to provide undergraduate and M.B.A. students opportunities to be directly involved in applied economic research through the Institute Scholars Program. To learn more about the institute, see www.okcu.edu/business or contact Russell Evans at rrevans@okcu.edu.

MEINDERS SCHOOL OF BUSINESS OFFERS FOUR GRADUATE DEGREE PROGRAMS:

- Master of Business Administration (M.B.A.)
- Master of Science in Accounting (M.S.A.)
- Master of Science in Computer Science (M.S.)
- Master of Science in Energy Management (M.S.)

MASTER OF BUSINESS ADMINISTRATION

The M.B.A. program is designed to train and develop globally relevant managers. The program emphasizes business strategies and techniques in the global environment. Classes are taught by the faculty of the Meinders School of Business and by practicing professionals with outstanding academic and business credentials who serve as adjunct faculty. These professionals help to assure that the M.B.A. program maintains a contemporary, business-related focus by bringing a wide range of experience and best business practices into classroom learning and teaching situations. The program is designed with flexibility and convenience in mind, allowing the student to choose among different concentrations within the following three formats:

Traditional On-Campus—The traditional on-campus program offers the full-time or part-time student the opportunity to complete required course work at Oklahoma City University's Meinders School of Business during the traditional academic year (fall and spring semesters, summer I and summer II terms).

International—The Meinders School of Business offers an accelerated approach to management education for working professionals in the People's Republic of China. Domestic students are encouraged to study abroad in this location. Course requirements consist of pre-course assignments, on-site and online instruction by faculty members of the Meinders School of Business, post-course assignments, and final examinations. This program meets the same academic standards as the on-campus programs. Depending on the needs of each cohort, specific courses in a curriculum may differ. Students are required to obtain appropriate student visas before leaving their home country.

Accelerated (live or online*)—The accelerated format offers the working professional a series of nine-week cycles, live or, in some cases, online, with a one-week break between each cycle. Classes meet online or in person one evening per week from 5:30 to 9:30 p.m. The program may be completed at a pace selected by the student. The program is flexible, allowing students to take their core courses in the accelerated format whether they complete those courses on the domestic campus, online, or through the Meinders School of Business' international M.B.A. program. The accelerated format meets the same academic standards as the on-campus program.

*Note: The entire M.B.A. degree is not available online. The final capstone course must be taken in the classroom and only a limited number of specialization elective courses are offered in the online format.

M.B.A. Degree Options

The M.B.A. program is designed to meet the demanding needs of midcareer managers and recent college graduates

who have baccalaureate degrees from regionally accredited colleges or universities. All M.B.A. tracks have a strong emphasis on different aspects of global business practices. Applicants who have an acceptable Bachelors degree in business have two options: (1) For those who desire to gain an understanding of the essential managerial skills, the M.B.A. generalist program is available. This program consists of 36 credit hours of course work. (2) For those who wish to focus on a particular vital area of business and management practice, the M.B.A. program with an area of specialization is an attractive option. This innovative concept in graduate education allows the student to develop a comprehensive background in basic management skills and, at the same time, select course work aimed toward a particular career path. This program consists, in addition to the M.B.A. core courses, of three to five advanced courses in areas of specialization such as accounting, health administration, finance, human resources, project management, information technology, and marketing, with or without an international focus.

Foundation Block Courses

Applicants without an undergraduate business degree may be required to establish competency by earning a cumulative GPA of 3.000 or better in the foundation block with no grades below C before advancing to the M.B.A. program. Students may be required to complete a maximum of 18 hours from the foundation block regardless of their undergraduate majors. Foundation block courses do not count toward required M.B.A. course work. Grades for foundation block courses are listed on the student's transcript but not calculated in the student's graduate GPA.

Course Requirements		Credit Hours: 18
MGMT 5003	Essentials of Business English*	3
ACCT 5013	Essential Concepts in Accounting	3
FIN 5023	Essential Concepts in Finance	3
MGMT 5033	Essential Concepts in Management and Marketing	3
ECON 5043	Essential Concepts in Statistics and Computer Applications	3
ECON 5053	Essential Concepts in Macro and Microeconomics	3

Information technology students are required to satisfy the following additional prerequisite:

IT 2313 Structured Query Language (SQL) 3

*For international students only.

Curriculum Sequence

The curriculum block courses must be taken in a sequence. The number of foundation or prerequisite courses a student is required to take will be determined upon the student's initial admission to a graduate program and may depend on such factors as undergraduate grades, GMAT or GRE scores, TOEFL scores, undergraduate major, and prior business experience. Students conditionally admitted to a graduate program may not enroll in the M.B.A. environmental block without permission of the dean. Students may not enroll in upper-division (6000-level) courses until they have successfully completed the respective prerequisite

course in the functional block. Students may not be concurrently enrolled in more than two curriculum blocks at the same time.

M.B.A. GENERALIST

Faculty: Austin, Crandall, Dearmon, Greve, Guzak, Howard, Jones, Karimipour, Khader, Ma, May, Quintero, Rodgers, Shafa, Shaw, Shough, Smith, Stetson, Weber, Williams, Willner

The M.B.A. generalist program has been designed for students who are on the fast track and desire to gain a general understanding of the nature of business and essential managerial skills. This program may be completed by full-time students in one intensive year. The M.B.A. program consists of four different blocks of courses: environmental, functional, elective, and capstone. These required courses provide all M.B.A. candidates with a fundamental understanding of essential managerial skills and tasks.

Environmental Block		Credit Hours: 15
ECON 5203	Managerial Economics	3
ACCT 5403	Accounting for Managers	3
MGMT 5503	World Economy and International Business	3
IT 5603	Information Technology and Operations Management	3
MGMT 5703	Legal and Ethical Environment of Business	3
Functional Block:		12
MKTG 5103	Strategic Marketing Decisions	3
ECON 5213	Management Science and Quantitative Analysis	3
FIN 5303	Financial Policy for Managers	3
MGMT 5713	Organizational and Managerial Processes	3
Elective Block:		6
Any two 6000-level electives from finance, information technology, management, or marketing courses including international study opportunities		6
Capstone Block:		3
MGMT 6543	Global Competitive Strategy and Administrative Policy*	3

*Students in the Project Management specialization will take the PGMT 6943 capstone course in lieu of MGMT 6543

M.B.A. PROGRAMS WITH SPECIALIZATION

Students seeking a specialization will take an additional 3 to 9 credit hours in the area(s) of their interest replacing the elective block in the M.B.A. Generalist track. All prerequisites to the area of specialization must be met. The area(s) of specialization will be noted on the student's transcript.

ACCOUNTING

The M.B.A. with accounting concentration is designed for the manager who desires more in-depth knowledge of tax or general accounting. Those choosing tax will be able to focus on specific tax issues by choosing three courses from a variety of tax courses. Those choosing general accounting will be able to gain insight into the accounting function, while maintaining a manager's perspective and

using a manager's knowledge base as they interact with accountants in three accounting courses that are tailored to address both groups. The specialized knowledge gained in this concentration will give managers an added advantage as they enter or progress in the workplace.

Specialization Block **Credit Hours: 9**
Choose one of the following areas of concentration:

Tax Concentration:

Choose three graduate tax courses (prefix 54XX or 64XX). Sequence must be approved by the accounting faculty advisor. Prerequisite tax course(s) are required and are determined by the graduate courses selected.

General Accounting Concentration:

Choose three graduate accounting courses (prefix ACCT) and/or FIN 6523. Permission to enroll is required. Prerequisite courses may be required based on courses selected. Concentration cannot begin before completion of ACCT 5403 with a grade of B or better. The following courses are suggested:

ACCT 5113	Financial Reporting and Analysis
FIN 6523	Multinational Corporate Finance
ACCT 5213	Corporate Governance, Social Responsibility, Ethics, and ERM
ACCT 5233	Cost Accounting Applications

FINANCE

The effective executive of the new century understands the importance of financial decisions in nearly every aspect of the organization. Using the corporation's goals, capital requirements, and historical accounting information, the financial manager must be able to forecast the firm's future needs for funds and prepare plans for securing these funds at the optimum cost. The successful financial manager combines an understanding of rapid changes in the money and capital markets with the knowledge of the corporation's financial needs. The finance specialization prepares professionals in major corporations, financial institutions, and governmental agencies.

Specialization Block **Credit Hours: 9**

Choose three of the following courses:

FIN 6313	Investments Management	3
FIN 6323	Money and Capital Markets	3
FIN 6333	Health Care Financial Management	3
FIN 6343	Corporate Financial Strategies	3
FIN 6353	Special Topics in Finance	3
FIN 6363	Internship in Finance	3
FIN 6523	Multinational Corporate Finance	3

HEALTH ADMINISTRATION

The M.B.A. in health administration puts students on the cutting edge of the critical issues and changes affecting the health care industry today. This program, designed for human service professionals, benefits current and future managers of hospitals, long-term care facilities, health maintenance organizations, rehabilitation clinics, and community health and ambulatory care programs.

Specialization Block **Credit Hours: 13**

MKTG 6143	Marketing of Health Services	3
FIN 6333	Health Care Financial Management	3

MGMT 6723	Medical Law and Regulations	3
MGMT 6733	Strategy, Policy, Standards, and Quality Assurance for Health Care Executives	3
MGMT 6761	Medical Terminology	1

HUMAN RESOURCES

Human resources professionals are responsible for organizing workplace issues such as staffing, training, payroll, schedules, and office safety. Many different types of degrees can prepare an individual for work in this field. A bachelor's degree can help someone get a foot in the door, but a master's degree is the most highly sought educational background in this field. An examination of the overall role and functions of human resource management in relation to an organization's strategic planning process is conducted. Courses focus on the broader issues of human resource management policy, practice, and trends. Review of the basic elements of employment, placement and personnel planning, compensation, motivation, employee development, and global human resource issues will be examined.

Specialization Block		Credit Hours: 9
MGMT 6813	Strategic Human Resources Management	3
Choose a minimum of 6 credit hours from the following:		
MGMT 6823	Employment, Placement and Personnel Planning	3
MGMT 6833	Compensation and Motivation Theory	3
MGMT 6843	Training and Development in Organizations	3
MGMT 6853	Global Human Resource Management	3

INFORMATION TECHNOLOGY

The modern-day manager is increasingly faced with using the computer for planning, forecasting, storing data, processing transactions, and making decisions. The information technology specialization is designed for persons with a sound understanding of business who also need to develop basic competency in the use of computers for their work. It is not, however, a program for computer programming specialists. With the electives offered in the information technology track, the student learns how to design and efficiently use the immense capabilities of the computer for data processing purposes and to become the critical link between basic operations that use data and those that tabulate and store data.

Specialization Block		Credit Hours: 9
IT 6613	System Analysis and Design	3
IT 6623	Advanced Database Management	3
Choose a minimum of 3 credit hours from the following:		
IT 6633	Strategic Information Systems Management	3
IT 6643	Networking on the Internet	3
IT 6653	Electronic Commerce	3
IT 6663	Business Systems Internship	3
IT 6673	Special Topics in Information Technology	3

INTERNATIONAL BUSINESS AND FINANCE

The M.B.A. in international business and finance is an intensive program consisting of a minimum of 42 credit hours. Based on the strong foundation of M.B.A. core courses, it requires a minimum of 6 additional credit

hours in the functional area of finance and 6 additional credit hours in international business. The program offers advanced research-oriented courses that may be utilized by students for applied research to develop an industry specialization, regional specialization, or internship.

Specialization Block		Credit Hours: 12
FIN 6523	Multinational Corporate Finance	3
MGMT 6563	Special Topics in International Business or	
MGMT 6573	International Business Internship	3

MARKETING

Marketing is a highly visible component of contemporary American business. Marketing-related employment opportunities, stimulated by the demand for new products and services, are expected to grow faster than the overall growth of the economy. The elective courses in the marketing specialization are designed with the new marketing manager in mind. Opportunities are provided for the student to analyze actual business situations and to design advertising and marketing campaigns.

Specialization Block		Credit Hours: 9
Choose from the following:		
MKTG 6113	Buyer Behavior	3
MKTG 6123	Services Marketing	3
MKTG 6133	Marketing Research and Analysis	3
MKTG 6143	Marketing of Health Services	3
MKTG 6153	Special Topics in Marketing	3
MKTG 6173	Sales Force Leadership	3
MKTG 6513	Multinational Marketing Management	3

PROJECT MANAGEMENT

Project management is required in most areas of business, from manufacturing to marketing. Thus, the influence of a project manager is not limited to any specific industry. This Project Management M.B.A. specialization, based on the knowledge areas established by the Project Management Institute (PMI), is designed to sharpen students' project management skills, including project planning, risk management, and project procurement. Through core business courses, students also strengthen their overall business acumen to build the perspectives they need to interact effectively with other managers to meet business goals. A project management capstone course allows students to apply their skills in planning, managing, and controlling the process to complete the project on time and on budget. People who choose this specialization are often pursuing project management, director-level or consulting positions.

Specialization Block		Credit Hours: 12

PMGT 5923	Project Management Professional*	3
PGMT 5933	Advanced Topics in Project Management	3
PGMT 6943	Project Management Capstone and Simulation**	3

*Students with a PMP certification may apply to have this class waived.

**Students in the Project Management concentration will take the PGMT 6943 capstone class in lieu of the generalist MGMT 6543 capstone course.

DUAL AND JOINT M.B.A. DEGREES

M.S./M.B.A.

Students in either the Master of Science in Energy Management or Master of Business Administration degree may also choose to complete the requirements of the dual degree. M.B.A. students who entered under the M.B.A. standardized test waiver and who seek dual M.B.A./M.S. degrees may apply for the M.S. after completing 12 hours in the M.B.A. program with a minimum 3.5 cumulative GPA. The following courses may apply to both degrees:

Foundation Requirements:

ACCT 5013	Essential Concepts in Accounting	3
FIN 5023	Essential Concepts in Finance	3
MGMT 5033	Essential Concepts in Management and Marketing	3

General Core Requirements:

FIN 5303	Financial Policy for Managers	3

J.D./M.B.A.

The J.D./M.B.A. program at Oklahoma City University seeks to develop synergy and build on the unique attributes from both the Meinders School of Business and the School of Law. To participate in this program, students must be admitted to both schools; all the usual entrance requirements apply. Law students may apply to the Meinders School of Business at any time prior to the end of the fifth semester at the law school. A Meinders School of Business student who wishes to pursue the joint degree must begin law studies during the first August following his or her decision to pursue the joint degree. Joint degree candidates must satisfy all Meinders School of Business prerequisites (foundation block courses) prior to beginning work in the M.B.A. (by prior academic credit, course work, waiver, etc). Joint degree students must take 30 hours from the school of business, over and above any foundation classes, and 84 hours from the School of Law. This compares with a typical 36-hour requirement for the Meinders School of Business and 90 hours for the Law School if the student were to pursue the degrees separately. Joint degree students are exempt from taking Legal and Ethical Environment of Business and one elective course in the M.B.A. program.

M.S.N./M.B.A.

Students in the Master of Science in Nursing (M.S.N.) nursing administration track may also earn an M.B.A. degree by completing an additional 30 credit hours. Students will have a faculty advisor from both programs to help assure proper completion of the two degrees, may work on the degrees sequentially or concurrently, and may start the

M.B.A. option at any time. Requirements for the M.S.N. are the same as the nursing administration track. The M.B.A. option for M.S.N. students requires the following courses in the sequence listed below.

M.B.A. ADMISSIONS

Classes begin at different times depending on the program in which the student is admitted.

- **Traditional on-campus program:** Beginning of the fall or spring semesters or either of the summer terms.
- **Accelerated program (live or online*):** Beginning of the August, October, January, March, or Summer cycles. Applicants are expected to have at least three years of relevant experience and provide appropriate documentation and recommendations from immediate supervisors.
- **International programs:** Begin at various times throughout the year.

*Note: The entire M.B.A. degree is not available online. The final capstone course must be taken in the classroom and only a limited number of specialization elective courses are offered in the online format.

Official transcripts of all previous college or university studies are required and should be sent directly to the Graduate Admissions Office. Applicants to the Meinders School of Business graduate programs must have a bachelor's degree from a regionally accredited institution or be eligible for admission to graduate programs under the United Kingdom system. Students must meet the admissions standards for the catalog year into which they are admitted to the university. See the section on admission procedure in this catalog.

M.B.A. students must demonstrate the likelihood of success in a rigorous graduate program to be considered for admission. Several factors may be evaluated when reviewing an application, including the GMAT and GRE exam scores, letters of recommendation, academic and professional accomplishments, TOEFL scores, undergraduate GPA, and professional work experience. Other accepted graduate admissions tests may also be considered. Students who have taken the LSAT and are admitted into the Oklahoma City University School of Law applying for the J.D./M.B.A. are not required to take the GMAT or GRE.

International Students. English language proficiency is required in all courses. International student applicants may be required to demonstrate an acceptable level of spoken English by taking a placement test upon admission to any MSB graduate program. An applicant who meets one of the following conditions prior to admission will be considered to have sufficient reading and writing English language proficiency:

- Completed his/her undergraduate studies at an institution where English was the language of instruction
- Scored at least 6.0 overall with a minimum 5.5 on each band score on the IELTS)
- Achieved level 112 in the ELS program
- Demonstrated a score of at least 560 (220 computer based, 83 IBT) on the Test of English as a Foreign Language (TOEFL).
 - All international students who have a TOEFL score below 560 (220 computer based or 83 IBT) but equal to or above 530 (197 computer-based, 71 IBT) or level 111 in the ELS program must successfully complete the Essentials of Business English (MGMT 5003) course in the foundation block.

Domestic and International Special Considerations

Those who do not meet the above admissions criteria may be considered on an individual basis for conditional admission by the Graduate Studies Committee. Applicants must petition their requests in writing to the Graduate Studies Committee via the Meinders School of Business dean's office.

Pre-M.B.A. Admission

Applicants holding academic diplomas recognized by the country in which the diploma is granted as equivalent to a baccalaureate degree (a three-year, 90-hour program) may be conditionally admitted to the M.B.A. program upon successful completion of the following 34 hours of undergraduate pre-M.B.A. courses:

Course Requirements

Credit Hours: 34

ACCT 2113	Financial Accounting	3
ACCT 2213	Managerial Accounting	3
ECON 2013	Principles of Macroeconomics	3
ECON 2113	Principles of Microeconomics	3
ECON 2123	Business Statistics	3
ECON 2323	Quantitative Approaches to Management	3
IT 1001	Computers in Society	1
MGMT 2023	Business Communication and Technical Writing	3

MGMT 3123	Principles of Management and Organization	3
FIN 3023	Business Finance	3
MKTG 3013	Marketing Principles	3
MGMT 4573	International Business Strategy	3

Pre-M.B.A. students are not permitted to waive any of the 34 hours of required classes. Students who can demonstrate prior completion of one or more of the required pre-M.B.A. courses at a regionally accredited university may elect to complete a higher level undergraduate course in the appropriate area(s) of study. Students may not enroll in M.B.A. courses until they have successfully completed the pre-M.B.A. program, have submitted a satisfactory GMAT/GRE score, and have been officially admitted to the M.B.A. program. Upon successful completion of the pre-M.B.A. program, the student will be awarded a certificate, but not a B.B.A. degree.

MASTER OF SCIENCE IN ACCOUNTING

Faculty: Austin, Rodgers, Shough, Stetson

The Master of Science in Accounting (M.S.A.) is a highly structured program designed for students who desire knowledge in all areas of accounting. Upon successful completion of the M.S.A. program, students will have met the educational requirements to sit for the Certified Public Accountant exam in most states. Qualified students may complete the degree in 30 hours of study.

Prerequisite Requirements

The following prerequisite courses must appear on the student's undergraduate transcript with a minimum grade of C- or must be taken at Oklahoma City University:

Financial Leadership Track		Credit Hours: 21*
ACCT 2113	Financial Accounting	3
ACCT 2213	Managerial Accounting	3

M.S.A. ADMISSION

M.S.A. Students will be granted admission to the M.S.A. program if a student has a bachelor's degree, has met the English language requirement and has met one of the paths of criteria listed below. Note that all the criteria in any one path **MUST** be met without substitutions. If path two, three, or five is selected, admission will be determined by the Graduate Studies Committee of the Meinders School of Business.

Bachelor's degree granted from a regionally accredited U.S. college or university paths:

Path One: GMAT score of at least 475 with at least a 20 percent on each part.

Path Two: GPA of at least 3.000 (on a 4.000 scale) in accounting classes (minimum of 15 semester hours) plus a 750 to 1000 word statement of why the M.S.A. is being sought.

Path Three: 5 years of experience in accounting plus a 750 to 1000 word statement of why the M.S.A. is being sought.

Bachelor's degree from an international college or university paths:

Path Four: GMAT score of at least 475 with at least a 20 percent on each part.

Path Five: GPA of at least 3.000 (on a 4.000 scale) in accounting prerequisite classes (minimum of 15 semes-

ter hours) plus a 750 to 1000 word statement of why the M.S.A. is being sought.

Applicants without a satisfactory academic or professional business background will be required to complete the foundation block courses offered online or on campus. The student's background, work experience, and exposure to business issues will determine which of these learning experiences will be required. The dean of the Meinders School of Business and the Graduate Studies Committee make this determination.

International Students. English language proficiency is required in all courses. International student applicants may be required to demonstrate an acceptable level of spoken English by taking a placement test upon admission to any MSB graduate program. An applicant who meets one of the following conditions prior to admission will be considered to have sufficient reading and writing English language proficiency:

- English as first language
- Graduated from a U.S. regionally accredited college or university
- TOEFL score of at least 570 (230 computer based, 88 IBT)
- Completion of ELS level 112 with at least 3.5 in level 112

The TOEFL institution code for Oklahoma City University is 6543. Demonstration of English language proficiency by other approved alternative methods may be considered.

Domestic and International Special Considerations

Those not meeting the above admissions criteria may be considered on an individual basis for conditional admission by the Graduate Studies Committee. Applicants must petition their requests in writing to the Graduate Studies Committee via the Meinders School of Business dean's office.

MASTER OF SCIENCE IN COMPUTER SCIENCE

Chair: Goulden

Faculty: Aboudja, Li, Park, Sha

The Master of Science in computer science degree offers professional development and enhancement of skills, in-depth study of computers, and a balance of abstract knowledge and practical understanding. The program is designed to aid and encourage professional development for persons in computer or computer-related fields. It is designed for students who desire to enhance their computer skills, extend their expertise into computer science as a new field, enhance their credentials, enter the job market as a computing professional, or pursue a Ph.D. in computer science. The curriculum is structured to permit students to strengthen their understanding of the complexities of computers and computer applications and, through choice of appropriate elective courses, to specialize in database systems if desired.

Undergraduate Prerequisites

All graduate students, depending on their undergraduate background, may be required to complete undergraduate courses as prerequisites, specifically Introduction to Operating Systems, Discrete Mathematics, and Data Structures. Transcripts will be evaluated on an individual basis by the graduate faculty.

Students with Four-Year Degrees in Fields Other than Computer Science

All students with four-year degrees in disciplines other than com-

puter science will be required to complete a minimum of 18 hours of undergraduate courses from the courses listed below. Some students may be required to take all of the courses listed below.

Prerequisite Courses

MATH 2004	Calculus and Analytic Geometry I	4
CSCI 1514	Algorithm Design and Programming I	4
CSCI 1614	Algorithm Design and Programming II	4
CSCI 3114	Data Structures	4

Students with Three-Year Undergraduate Degrees in Computer Science

Before a student with a three-year undergraduate degree is admitted to the graduate program, he or she must complete 32 hours of undergraduate course work. These courses may include no more than 9 hours from any one discipline other than computer science in order to ensure a broad academic background. The student may enroll in a limited number of graduate courses during this time with the permission of his or her advisor.

Students with three-year undergraduate degrees may wish to select undergraduate courses such that he or she also earns an undergraduate degree from Oklahoma City University. He or she must complete the courses necessary to complete the general education requirements, the minimum hours for the degree, and all computer science major requirements. Completion of an undergraduate degree from Oklahoma City University is not necessary to gain admission to the graduate program.

Students with Three-Year Undergraduate Degrees in Fields Other than Computer Science

Prior to beginning graduate course work, 32 hours of undergraduate class work are required. These courses are taken from the following, as needed:

Credit Hours:		32
Math 2004	Calculus and Analytic Geometry I	4
CSCI 1514	Algorithm Design and Programming I	4
CSCI 1614	Algorithm Design and Programming II	4

C.S.C.I. ADMISSION

Official transcripts of all previous college or university studies are required and should be sent directly to the Graduate Admissions Office. See the section on university admission procedure in this catalog.

MASTER OF SCIENCE IN ENERGY MANAGEMENT

Faculty: Austin, Crandall, Dearmon, Greve, Guzak, Howard, Jones, Karimipour, Khader, Ma, May, Quintero, Rodgers, Shafa, Shaw, Shough, Smith, Stetson, Williams, Willner

The Master of Science in Energy Management is designed for professionals who wish to be leaders in the rapidly expanding energy industry. The focus of the degree is on the business side of energy management providing advanced education across topics integral in the field of energy management including courses in energy economics, accounting, legal and ethical environment of business, financial policy, organizational behavior, global competitive strategy, energy operations, internal and external communication, and other related subjects. Developed by the Meinders School of Business and executives from energy companies, the curriculum delivers the education and skills required of future energy leaders. Energy company executives are looking to cultivate current employees for leadership positions and employees are searching for an opportunity to advance within the energy industry by developing relevant skills and industry knowledge. The Master of Science in Energy Management fulfills this need with an accelerated program format that employees can complete while continuing to work. Courses are offered one night a week for nine weeks. There are five nine-week cycles per year and students may take up to two courses per nine weeks. Continuous enrollment per cycle is not required.

Applicants without an undergraduate degree in business may be required to complete the following prerequisite foundation courses with a grade of C or better before advancing to the core courses. Foundation courses do not count toward the degree requirements. Grades for foundation courses are listed on the student's transcript but not calculated in the student's GPA.

Foundation Requirements:

- ACCT 5013 Essential Concepts in Accounting
- FIN 5023 Essential Concepts in Finance
- MGMT 5033 Essential Concepts in Management and Marketing OR an accepted Undergraduate Principles of Management course

M.S. IN ENERGY MANAGEMENT ADMISSION REQUIREMENTS

- Bachelor's degree with a minimum 3.000 GPA (applicants whose undergraduate degrees are not business related may be required to take some leveling courses prior to beginning the M.S. in Energy Management program)
- GMAT score of 425 or GRE score of 1000 (applicants who demonstrate in writing a significant level of business or energy industry supervisory experience via a portfolio may waive the standardized test)
- 580 TOEFL score
- Students seeking a dual M.B.A./M.S. degree may apply for the M.A. after completing 12 hours in the MBA with a 3.500 cumulative GPA.

ACADEMIC REGULATIONS

1. To graduate, each student must meet the following criteria:
 - complete any assigned undergraduate prerequisites satisfactorily
 - complete the course work required for one of the tracks with a minimum 3.000 GPA
2. A student is admitted to degree candidacy when he or she has completed all undergraduate prerequisites. While enrolled in undergraduate prerequisites and not yet admitted to candidacy, a student may enroll in other undergraduate courses and, with permission, graduate courses.
3. All undergraduate or preparatory courses must be completed with a grade of C- or better.
4. All graduate courses must be completed with a grade of C (2.000) or better. Students must maintain a minimum GPA of 3.000 in all graduate computer science courses. No more than two graduate computer science courses may have a grade of less than B-.
5. Upon entry, the student may transfer no more than two graduate courses totaling no more than 6 semester credit hours from other colleges or universities. Transfer credit may be granted for courses completed at a regionally accredited college or university for graduate credit in computer science or a closely related discipline with a grade of "B" or better. Such courses must not have been used to fulfill requirements for a degree from the previous institution. Transfer credit will be granted only for courses on a student's approved course of study and only with the approval of his or her academic advisor.
6. Any graduate courses completed more than five years prior to the awarding of an M.S. degree may not be used to satisfy departmental requirements for that degree.

Graduation Requirements

Students must earn at least a 3.000 cumulative GPA to graduate. Any course with a grade below C (2.000) cannot be used as part of the minimum number of semester credit hours required for the degree. No more than two grades below B- (2.750) are acceptable on course work.

Degree Requirements

Students are required to obtain approval of a course of study from a graduate faculty advisor. Each student must

complete 33 or more graduate hours with a minimum graduate GPA of 3.000, and no more than two grades of C+ (2.000 or 2.250).

GENERAL POLICIES FOR EARNING A GRADUATE DEGREE FROM THE MEINDERS SCHOOL OF BUSINESS

Academic Advising

Upon receiving a letter of admission, a student should contact the Student Services Office at the Meinders School of Business. A student services specialist will assist the student in selecting courses and planning the program for the degree. The telephone listings and office hours for the student services specialists are available in the office of the dean of the Meinders School of Business.

Transfer Policy

The Meinders School of Business may accept transfer credit at entrance only. A maximum of 6 credit hours of graduate-level business courses may be eligible for transfer if completed at other regionally accredited universities within the five years prior to the student's entry date into the Meinders School of Business, provided they have not been credited toward a previous degree. Any course accepted for transfer credit must have been completed with a grade of B or better.

Requests for transfer credit hours will be considered and processed only if a written petition form accompanied by a course description, list of texts used, and official transcript of the final grade assignment is submitted. This information must be submitted to the dean at or prior to initial registration. If approval is granted, credit for the hours will be reflected on the official Oklahoma City University transcript. Grades earned for transferred work do not count toward the graduate degree cumulative GPA.

Candidate for Degree

A student accorded candidate for degree status is expected to complete the MSB graduate degree. While still subject to probation, if warranted, a degree candidate will be allowed to complete all course work (except in cases of gross violation of the university's rules and regulations), subject to the following conditions:

- Completion of 12 hours of graduate study with a cumulative GPA of 3.000
- Satisfaction of all prerequisites
- No other impediments

Probation Policy

A student may be placed on probation at admission; whenever his or her cumulative GPA falls below 3.000; whenever he or she receives more than two grades below B-; whenever he or she receives a grade below C; or for viola-

tion of other academic norms, standards, or behavior as determined by the university or the school. All probationary students will have 9 credit hours to remedy the deficiencies. A cumulative 3.000 GPA is required by the end of 9 credit hours. Failure to receive a grade of C or higher in any class in any enrollment term while on probation and/or failure to achieve a cumulative 3.000 GPA by the end of the 9 credit hours will result in dismissal from the university.

All students placed on probation must make an appointment within the first two weeks of the next course session with their academic advisor. Students failing to meet this criterion may be subject to enrollment cancellation.

Any student receiving probationary status due to more than two grades of C (**NOTE:** a grade of C includes C+ and C), or any grade of C- or below must retake that course within his or her next enrollment term or as soon as it is offered again within the program of study.

Traditional on-campus probationary students may not take more than 9 credit hours in each of the fall and spring semesters and 3 credit hours in each summer session. Accelerated program probationary students may not take more than 3 credit hours per cycle. At the conclusion of the probationary period, the academic dean will review the student's record for one of three options: removal of probation, continuation of probation, or dismissal from the program.

Dismissal Policy

The student who is on probation must earn a grade of C or higher in any other MSB graduate course completed and maintain a cumulative 3.000 GPA or better by the end of the probationary 9 credit hour period. At the end of this probationary period, the student must be in good academic standing or will be dismissed from the university. A student is in good standing when the cumulative GPA is at or above a 3.000 without having more than two grades below a B- and no grades below a C (2.000).

Following the 9 credit hour probation and a period of good standing, whenever the student has more than two grades below B-, whenever the student receives a grade below C, or for violation of other academic norms, standards, or behavior as determined by the university or the school, the

student will have 6 hours to return to good academic standing or will be dismissed from the university. The dismissal decision may be appealed with the Student Probation and Petition Committee.

Academic Appeal Process

A student may appeal decisions affecting his or her academic progress as follows:

1. The student initiates an appeal by filing a written petition with the school's academic dean.
2. The academic dean reviews the petition and determines if a meeting with the student petitioner is necessary.
3. The student petitioner will be informed in writing of the decision on the merits of his or her petition.
4. If the student does not agree with the decision, he or she may continue the appeal process with the associate provost.

Attendance Policy

Students are expected to attend classes and arrive no later than the designated starting time for all classes. Absenteeism and tardiness may lead to a grade reduction, at the professor's discretion.

Academic Load

Students may not take more than 12 credit hours during fall and spring semesters and 6 credit hours during summer terms. Accelerated program students may not take more than 6 credit hours per cycle. Students on probation may not take more than 9 credit hours in the fall or spring semesters and 3 credit hours in each summer term. Any exceptions to this policy must be approved by the dean of the Meinders School of Business.

Eligibility for Graduation

A student is eligible for graduation when the following conditions are satisfied:

1. All required graduate course work has been completed with a minimum graduate GPA of 3.000
2. The student has no grade below C (2.000)
3. The student does not have more than two grades lower than B-
4. The student is not on academic probation
5. There are no other impediments

SCHOOL OF LAW

The School of Law is located on the main campus of Oklahoma City University in the Sarkeys Law Center and the Gold Star Memorial Building. An Oklahoma City University School of Law education is built upon a curriculum based on the values of the liberal arts tradition, blending theory with practical experience to prepare graduates for a wide variety of careers.

The School of Law prepares students to become responsible professionals through a rigorous program of instruction that focuses on students' intellectual and professional development and enables them to become leaders in law, business, government, and civic life while contributing to the improvement of law and legal institutions through research and scholarship.

Our diverse student body adds to the rich experience of attending a national law school. Half of our students come from outside Oklahoma, with thirty-five states represented in a typical entering class. Our curriculum focuses on national issues, and our graduates practice in all fifty states, the District of Columbia, and several foreign countries.

The School of Law is fully approved by the American Bar Association and is a member of the Association of American Law Schools. The academic year consists of two semesters and an optional summer term. A minimum of 90 credit hours is required for completion of the J.D. degree. The school offers both full-time and part-time options. Successful completion of the course of study leads to the degree of Juris Doctor.

Admissions

Admission to the School of Law is a competitive and selective process. To be considered for admission, an applicant must take the Law School Admission Test (LSAT) prepared and administered by the Law School Admission Council, hold an undergraduate degree or be scheduled to complete one prior to matriculation at the School of Law, and have the potential for academic success and leadership.

A student in good standing in another law school approved by the American Bar Association may be admitted with advanced standing by approval of the Faculty Committee on Admissions at its discretion.

School of Law Catalog

The catalog for the School of Law is published separately. Interested persons should visit the Web site at law.okcu.edu or e-mail, write, or call the Admissions Office: Oklahoma City University School of Law Admissions Office, 2501 N. Blackwelder, Oklahoma City, OK 73106, lawadmit@okcu.edu, (800) 633-7242. Applications for admission to the School of Law and pertinent financial and other information are available at law.okcu.edu.

**MASTER OF FINE ARTS
IN DANCE**

ANN LACY SCHOOL OF AMERICAN DANCE AND ARTS MANAGEMENT

The Ann Lacy School of American Dance and Arts Management offers a Master of Fine Arts in dance emphasizing jazz, tap, musical theatre dance, ballet (as used in musical theatre), choreography for the entertainment industry, American dance history, teaching dance (tap, jazz, ballet), and dance management.

MASTER OF FINE ARTS IN DANCE

Dance Department Chair: Jo Rowan

Graduate Program Coordinator: Paul Gebb

Faculty: Brooks, Cosby, Fay, Gebb, Jacquemain, Marcum, Martin, Oplotnik, Risi, Rogers, Rowan, Sandel, Shaw, Shelley, Stevens, van der Merwe, Warford, Wilcox
Adjunct: Lathan

Admission Requirements

Applicants must have a minimum undergraduate GPA of 3.000 in academic based, non-applied coursework. Applicants must complete an audition questionnaire and an essay, audition and be interviewed for admission, and be accepted into the Ann Lacy School of American Dance and Arts Management. Auditions may be in person on campus or by DVD. DVD audition requirements and audition questionnaires are available from the graduate program coordinator.

Each applicant will be leveled in ballet, jazz, and tap. For admission, a minimum of technique class A in two dance styles is required.

International students with English as a second language must have a TOEFL score of 600. An international student who has graduated from a college or university in a country where English is the language of instruction may petition the dean for a waiver of the above TOEFL requirement.

Seniors in the Ann Lacy School of American Dance and Arts Management with a minimum cumulative GPA of 3.000 in academic based, non-applied course work may apply for admission to the graduate dance program during the last semester before undergraduate graduation. An audition is not required, but an essay and interview are required.

A fast track option is available for Ann Lacy School of American Dance and Arts Management dance majors graduating with levels 5,4,4 and above who immediately enter the M.F.A. program. Details are available from the graduate program coordinator.

Admission to the Ann Lacy School of American Dance and Arts Management is a privilege granted by the school. The school reserves the right to deny admission to any applicant without explanation. The school does not provide a critique of auditions/interviews or discuss audition results.

Seniors and Graduate Courses

Seniors in the Ann Lacy School of American Dance and Arts Management who have been accepted into the M.F.A.

in dance program may enroll for graduate credit in up to 6 credit hours during their final semester (fall/spring) before graduation, provided that the credits are not required for an undergraduate degree.

Professionalism, Degree Focus, and Extracurricular Requirements

As the M.F.A. in dance is a terminal degree, students are evaluated on progress in developing knowledge, attitudes, behaviors, and vertical and horizontal interpersonal skills needed to be a valuable member of a college or university dance department. Students are evaluated both on classroom and non-classroom activities including academic performance, attitude, generosity of knowledge, reliability and responsibility, quality of nonclass work, professionalism, motivation and commitment to dance and the M.F.A. program, active involvement with the school's programs, and focus.

Students who engage in academic dishonesty will be expelled from the M.F.A. in dance program and the Ann Lacy School of American Dance and Arts Management.

The M.F.A. emphasizes jazz, tap, musical theatre dance, and choreography for the entertainment industry. For success within the degree, students must embrace these styles and apply them to dance and academic assignments including thesis productions and research projects. The M.F.A. does not include modern. The M.F.A. includes ballet as used in musical theatre and as a foundation for technique.

As part of the learning process and preparation for becoming successful members of collegiate dance programs, all M.F.A. students are required to participate in Ann Lacy School of American Dance and Arts Management programs including, but not limited to, entertainment technology training days, American Spirit Dance Company performances, dance audition days, M.F.A. thesis performances, and dance workshops.

Acceptance to Candidacy

A student may be admitted to degree candidacy when he or she has met the following criteria. Candidacy evaluations are made by the graduate committee appointed by the dean.

1. Removed deficiencies.
2. Successfully completed 35 hours of graduate degree requirements with a minimum graduate GPA of 3.000.
3. Advanced to a minimum level of 4 in highest dance technique.
4. Advanced to a minimum level of 3 in second highest dance technique.
5. Demonstrated evidence of writing and research ability necessary to complete degree requirements.
6. Demonstrated progress toward becoming a valuable member of a college or university dance department on faculty rating rubric.
7. Filed the application for candidacy form with the graduate program coordinator and received approval of the graduate committee. This application should be filed following successful completion of 28 credit hours of graduate degree requirements and Choreography II..

Graduate Committee

Following acceptance to candidacy, students work under the guidance of the graduate committee appointed by the dean.

Thesis and Review

Qualified candidates for the M.F.A. in dance degree must enroll in the Graduate Thesis Preparation course. Students may not enroll in Graduate Thesis Preparation prior to achieving candidacy. During this course, the graduate committee will review thesis proposals and evaluate them as satisfactory or unsatisfactory. If it is determined that a student is not making satisfactory progress, the proposal process will stop. The student will be required to enroll in the Graduate Thesis Preparation course the following year.

If a student's thesis proposal is accepted, the student may progress to the Graduate Thesis course. The standard written thesis is an extensive research paper related to tap, jazz, and/or musical theatre dance. The written thesis is more extensive in nature than the work products of the M.F.A. Research and Writing for Dance, Dance History, and America Dance History courses. In the fall semester a maximum of one student and in the spring semester a maximum of two students may be selected by the graduate committee for a dance production thesis in lieu of the standard written thesis. The dance production thesis is a production, approximately thirty minutes in length, comprised of original choreography. The production must demonstrate a specific concept which is explored, illustrated, or illuminated.

The student is responsible for casting, setting dances, rehearsing and teaching the cast, spacing and blocking dances, costuming the dances, and providing for everything required for creative aspects of the production. Students will be required to keep a journal of the creative and production process and to provide an analysis/evaluation of the process and of problems encountered, solutions developed, and possible alternatives for handling future dance productions.

During the Graduate Thesis course, the graduate committee will periodically review the student's work. If it is determined by the committee that a student is not making satisfactory progress, the process will stop. The student will not receive credit for the thesis and the student will be required to enroll in the Graduate Thesis course the next semester. Students may not be selected for a dance production thesis on any repeated attempts.

A post-thesis review/analysis before the graduate committee will follow the completion of the production or written thesis.

The acceptability of the thesis and the post-thesis presentation and review are determined by the graduate committee.

If a student does not successfully complete all degree requirements within three years of first enrollment in Graduate Thesis Preparation, the degree will not be granted.

Graduation Levels

In order to graduate with the M.F.A. in dance, mastery of level 5 in one technique, level 4 in a second technique, and level 2 in a third technique and passing teaching proficiency evaluations are required. Students are leveled at the end of each semester to measure progress toward the required graduation levels.

Probation Policy

A student may be placed on probation whenever the student's cumulative GPA falls below 3.000, whenever the student receives a grade below a B (3.000) in a DANC or AMGT course, whenever the student earns "No Credit" for a DANC or AMGT course, or whenever the student receives a grade below a C (2.000) in any non-DANC or AMGT course.

Probationary students have 9 credit hours to achieve a cumulative GPA of 3.000 or higher. In any enrollment term during these 9 credit hours, the student must not receive any grade lower than a B (3.000) in any course. Failure to receive a grade of B (3.000) or higher in any class in any enrollment term while on probation and/or failure to achieve a cumulative GPA of 3.000 by the end of the 9 credit hours will result in dismissal from the M.F.A. in dance program.

A student is only allowed to retake a course once to replace a grade of C (2.000) or lower. The student must retake the course in which the student received a C (2.000) or below during his or her next enrollment term or as soon as it is offered again within the program of study. Students may not count grades of C (2.000) or below toward the MFA in Dance degree.

WANDA L. BASS SCHOOL OF MUSIC

Mark Edward Parker, Dean
Dr. Mark Belcik, Associate Dean

MASTER OF MUSIC

MUSIC COMPOSITION

MUSIC THEATER

OPERA PERFORMANCE

PERFORMANCE

CONDUCTING

VOCAL COACHING

WANDA L. BASS SCHOOL OF MUSIC

The Wanda L. Bass School of Music offers programs of private study, courses, and research leading to the Master of Music (M.M.) degree. Concentrations are offered in music composition, instrumental and vocal performance, opera performance, conducting, vocal coaching, and music theater. The administration of these programs is under the supervision of the dean, the coordinator of graduate studies, and the graduate commission of the school.

Admission Requirements

For regular admission, the applicant must have a minimum undergraduate GPA of 3.000 and hold an appropriate Bachelor of Music degree from an NASM accredited institution with undergraduate preparation related to the graduate music curriculum. Adequacy of this preparation will be determined through transcript evaluation and advisory examinations in music theory, aural skills, history, sight-singing, keyboard (conducting and composition), foreign language diction (for singers), and in the proposed field of performance. Exams are given at the beginning of each semester. In addition, composition students must submit a composition portfolio and schedule an interview with the faculty of the composition area.

Procedure for Admission

An application for admission to the M.M. program may be secured from the Office of Graduate Admissions. The completed form, together with an official transcript of college credits and two letters of recommendation, should be returned to the Office of Graduate Admissions prior to the scheduled audition. Graduate credits from other institutions will be accepted only by special permission (normally not exceeding 8 hours). The prospective graduate student should plan to audition at one of the regularly scheduled audition times or submit an audio recording or videotape at least ninety days prior to the initial semester of enrollment. All students must complete a successful audition and satisfy all university admission criteria before they will be admitted to the school.

Admission means only that the student will be permitted to enroll for courses in the graduate program. It does not imply acceptance to candidacy. Admission is in concert with the university's graduate program admission policy.

Advisory Examination and Audition

The advisory examination and leveling audition are scheduled at the beginning of each semester during the regular academic year. Students are urged to review music history, literature, theory, sight-singing, and keyboard skills before taking this examination. Diction examinations are for voice students only. Students receiving less-than-satisfactory evaluation in any part of the advisory examination are required to enroll in a review course in the deficient area at the first course offering. Since these review courses are not

part of the degree curriculum, they do not carry a graduate number and their tuition and fees are not covered by scholarship aid. Each student is required to give a ten-minute prepared performance as part of the advisory exam the first semester at Oklahoma City University. At this time an entrance performance level is determined. The coordinator of graduate studies can provide detailed information.

Seniors and Graduate Courses

Senior students who are graduating at the end of a semester or summer session may take courses for graduate credit under the following conditions: The credits must not be required or needed for the bachelor's degree; the total registration must not exceed 16 hours for a semester or 6 hours for a summer session; the student must either complete the requirements for the bachelor's degree at the end of the semester or session or be within 12 semester credit hours of completing the requirements for the bachelor's degree at the beginning of the semester or summer session in which graduate credit is requested; admission to courses taken for graduate credit must have the approval of the dean of the Bass School of Music; and not more than 9 semester hours taken while a senior may be approved for graduate credit.

Acceptance to Candidacy

A student will be admitted to degree candidacy when he or she has met the following criteria:

1. Removed deficiencies.
2. Successfully completed 12 hours with an average of B (3.000) or above toward the degree and not less than 3 hours in the major subject. One semester of major applied study must be included.
3. Given satisfactory evidence of ability to complete all degree requirements.
4. Filed the application for candidacy form with the coordinator of graduate studies and received approval. This application should be filed following completion of 12 hours of graduate study and no later than November 1 for May graduation or April 1 for December graduation.
5. Reached performance level of G7 (see Applied Music Attainment Level section). Conducting majors must have reached G5 in their major instrument.

Graduate Committee

Following acceptance to candidacy, students work under the guidance of their graduate committee. The committee includes three faculty members: the major applied teacher, the coordinator of graduate studies and the paper advisor (assigned by the coordinator of graduate studies).

Comprehensive Review

A comprehensive review is administered by the student's committee prior to the required recital and takes the form of a preview recital and oral examination on the recital paper. The comprehensive review for the composition major includes submission of recordings of recital rehearsals as well as an oral examination of the thesis composition. This examination takes place at least fifteen days prior to

the scheduled recital. Any proposed change to the recital program after the comprehensive review must have committee approval.

Recital/Recital Paper

Students with a performance concentration (instrumental, vocal, opera, music theater) present a full recital (48-53 minutes of performing time) and complete a graduate comprehensive project. Students with a conducting concentration present a thirty-minute conducting recital and complete a comprehensive graduate project. Students with a composition concentration present a full recital (50 minutes) of their works and submit a thesis composition as the graduate comprehensive project. Note that it is not a requirement that the thesis composition be performed in the recital. However, a separate reading or performance of the thesis is encouraged.

Regardless of the number of applied hours earned toward the degree, a student must be studying for a minimum of one credit hour during the semester or summer term in which the graduate recital is presented.

The recital paper should deal with some aspect of the recital. It should demonstrate the student's ability to carry out individual research. The student must submit, in consultation with the paper advisor, one or more proposed topics to his or her graduate committee following admission to candidacy. The acceptability of the recital and the paper will be determined by the student's graduate committee.

Academic Regulations

The degree of Master of Music is conferred upon fulfillment of the following requirements:

1. All work following candidacy must be taken at Oklahoma City University.
2. Students must maintain a minimum GPA of 3.000 in order to remain in good standing. A student must be in good standing to graduate.
3. No grades below C (2.000) are acceptable toward degree requirements. A maximum of 3 credits below B- are acceptable toward degree requirements.

Students may not graduate with a grade of D or F on the transcript.

4. A course may be repeated only once. Students may have only two course repeats in graduate degree requirements. If, after repeating a course, a student fails to receive at least a C (2.000), the student will be automatically dismissed.
5. Graduate music students whose cumulative GPA drops below 3.000 at the end of the semester will receive written notification from the registrar that they have been placed on academic probation for the next semester. Should the student fail to raise the cumulative GPA above 3.000 during the next semester, he or she will be dismissed from the university.
6. All courses and requirements must be completed within six years of the initial enrollment in the master's program.
7. The student must comply with the established Thesis or Project Submission Policy and the Master's Thesis and Capstone Project Enrollment and Grading Policy. These policies are stated in the Academic Regulations section of this graduate catalog.
8. All new entering graduate students in performance, music theater, opera performance, and conducting are required to perform an audition for level in their instrument or voice. This audition is separate from the audition or submission of portfolio for admission to the university. Students should have a ten-minute recital prepared, along with typewritten copies of repertoire for each member of the jury. Composition and conducting students will also be leveled in piano. A new level will be determined at each subsequent jury.
9. All remedial course work as determined by the Advisory Examination must be completed with the grade of B- or better in order to remove the deficiency.
10. All voice students are required to audition for all opera and music theater productions and perform in them if cast. Performing in productions is by audition and therefore, performance is not guaranteed to any student.
11. Music students must receive permission from their applied music teachers and the dean prior to accepting musical engagements outside of the university. Permission to Perform Off-Campus forms are available on Starnet.

Electives

Electives must fall within approved guidelines and must carry a graduate course number. No elective course may be used to correct a deficiency (i.e., a remedial course) and at the same time be used for elective credit toward the degree.

Enrollment Restriction

Enrollment in excess of the normal 9 hours per semester is not encouraged. Enrollment in excess of 12 hours will be sanctioned only by action of the graduate commission.

SCHOOL OF THEATRE

Faculty: Asselin, Bellet, Cochran, Corbett, d'Angelo, Foreman, Hutchison, Marsh, Rauschkolb, Page, Palladino, Pasto
Adjunct Faculty: Adams, Bhaird, DiBello, Fall, Kohlman, Sholer

Program Description

The School of Theatre offers a multidimensional, dynamic program that embodies the convictions of the liberal arts tradition of education—that the student is not just trained in professional skills, but educated as well. Four degree tracks are offered at the graduate level, including a Master of Arts in theatre, a Master of Arts in theatre for young audiences, a Master of Arts in technical theatre—costume design, and a Master of Arts in technical theatre—scene design. Teacher certification in the area of speech/drama/debate can be added to any of these degrees.

The critically acclaimed School of Theatre features curricular and cocurricular programs that boast academic balance, diversity, and broad educational value. In addition to meeting the needs of those students who desire professional theatre preparation, the liberal arts focus of the theatre program builds the intellectual breadth, depth, and creativity necessary for success in any field. Both academic and performance experiences are provided, including a six-show mainstage season, a touring company production, on-camera acting courses and experiences, and upperclass and graduate student presentations. Two of the mainstage plays are staged by adults for children and youth, and a touring company performs for prekindergarten through college-age students throughout the year, making the School of Theatre at Oklahoma City University a unique leader in the area of theatre for young audiences.

The Faculty

The faculty of the School of Theatre comprises theatre professionals carefully chosen based on their educational, teaching, and performance backgrounds and their genuine commitment to student success. Faculty members are active performers, directors, designers, writers, and researchers, but their top priority is teaching.

The faculty is personally supportive and genuinely interested in each student's program of study, training, and experiences. No classes are taught by graduate students or teaching assistants. The close interaction between professors and students is an invaluable aspect of the educational experience at Oklahoma City University.

Policy for Admission

In addition to meeting the Oklahoma City University graduate admission requirements, Master of Arts in theatre students must be accepted through audition. Admission to the Master of Arts in technical theatre program requires an interview, portfolio, and résumé.

The School of Theatre requires a writing sample from all applicants. Students for whom English is a second language will be required to achieve a score of at least a 55 on the Test of Spoken English. There are also a number of prerequisites that every candidate for admission will be required to have taken or will be required to take at Oklahoma City University in order to be considered for admission into the School of Theatre.

Prerequisites

Prerequisites required by both the theatre and theatre for young audiences tracks include two 3-hour courses of theatre acting, a 3-hour course in directing, two semesters of theatre history, a course in stagecraft or scene design (including backstage crew work), and a course in spoken American voice and diction. Prerequisites required by the Master of Arts in technical theatre—costume design include undergraduate course work in theatre, the history of costume, costume design and construction, costume cutting, pattern drafting and costume construction, as well as costume laboratory experience. Prerequisites required by the Master of Arts in technical theatre—scene design include undergraduate course work in theatre, basic drafting, basic lighting design, the history of costuming, the complete history of theatre, modern drama, stagecraft, and costume design. While all prerequisites are offered at Oklahoma City University, some are offered only at the undergraduate level.

Probation Policy

The School of Theatre follows the university's academic probation policy. See the Academic Regulations section of this catalog.

Graduation Requirements

Students must earn at least a 3.000 cumulative GPA to graduate. Any course with a grade below C (2.000) cannot be used as part of the minimum number of semester credit hours required for the degree. No more than two grades below B- (2.750) are acceptable on course work.

General Regulations

1. Master of Arts in theatre students are required to audition for all school productions; if cast, they are to make themselves available for all scheduled rehearsals and performances.
2. Students in the School of Theatre must have the permission of the director before accepting outside theatrical engagements.
3. Failure to comply with the university's and School of Theatre's academic and general regulations may result in disciplinary action and/or loss of scholarship.

MASTER OF SCIENCE IN NURSING

NURSING ADMINISTRATION

NURSING EDUCATION

MASTER OF SCIENCE IN NURSING/MASTER OF BUSINESS ADMINISTRATION

DOCTOR OF NURSING PRACTICE (DNP)

DOCTOR OF PHILOSOPHY (PhD)

KRAMER SCHOOL OF NURSING

MASTER OF SCIENCE IN NURSING

The Master of Science in Nursing (M.S.N.) degree extends and expands the fulfillment of the missions of the university and the Kramer School of Nursing (KSN) already begun by the undergraduate nursing programs by preparing nurses to become effective leaders in service to their communities. Two functional tracks are available for the M.S.N. degree:

Nursing education—designed to prepare the nurse to teach in postsecondary nursing programs, including schools of practical nursing, associate degree programs, and baccalaureate and higher degree programs; and to provide comprehensive patient and/or staff education within the health care system.

Nursing administration—designed to prepare the nurse to serve in middle- and upper-management roles, including executive leadership, within health care organizations. This track includes courses taken from the Meinders School of Business related to finance and health care administration. Part-time or full-time study is available.

Both M.S.N. tracks provide a core of knowledge essential for advanced nursing related to nursing theory, research, and role preparation. Courses in the functional specialties complete the degree and prepare the graduate nurse for advanced practice as an administrator or educator.

All nursing courses are taught by doctorally prepared nurses or nursing leaders with post-master's education who are advanced specialists in their fields. The program also makes use of practicing professionals from within key areas as adjunct professors who possess doctoral degrees or other special qualifications. In this way, the program achieves the highest level of instruction and mentoring possible to assure an educational experience for students that leaves no doubt of their readiness to assume the role of nurse educator or administrator.

Admission Requirements and Prerequisites

In order to be admitted to the M.S.N. program, the applicant must meet the following qualifications:

- Admission to the university
- B.S.N. from a nationally accredited ("recognized") nursing program
- Undergraduate cumulative GPA of 3.000 or better or prior completion of a master's degree in another field
- Completion of a course in health assessment
- Completion of a course in statistics
- TOEFL score of 550 or higher if proof of English proficiency is required
- Registered Nurse licensure or the international equivalent

Eligibility Statement

Due to the strenuous nature of nursing and practice orientation of Oklahoma City University's Kramer School of Nursing program, the school reserves the right to determine the eligibility of any student to enroll or continue in the nursing program. This decision is based on considerations including, but not limited to, characteristics required of a professional nurse. Eligibility is determined by the faculty's evaluation of a student's ability to perform the skills necessary to complete the course objectives, and includes attitudinal and behavioral components. These elements are re-evaluated each semester.

Although not required for admission, the following requirements must be met as specified once the M.S.N. student is admitted to the program: health requirements specified by each agency where clinical and practical experiences will occur, including immunizations, background check, drug screen, and health tests.

Academic Probation

Kramer School of Nursing graduate students are subject to the Oklahoma City University graduate probation policy.

M.S.N./M.B.A. Option

Students in the nursing administration track may also earn a Master's of Business Administration (M.B.A.) degree through the university by completing a total of 66 credit hours for both degrees. Pursuit of the M.S.N./M.B.A. option requires admission to both the Kramer School of Nursing M.S.N. program and the Meinders School of Business M.B.A. program. The student must meet admission requirements for each school. The M.S.N./M.B.A. degree may be worked on sequentially or concurrently and the M.B.A. option may be started at any time.

Master's Thesis or Capstone Project

All M.S.N. students are required to complete a project related to the role function track or a thesis based on research. Complete guidelines and requirements are specified in the *Kramer School of Nursing Student Handbook*.

Academic Regulations

M.S.N. students must maintain a 3.000 cumulative GPA to progress without going on KSN probation. M.S.N. students must earn at least a B- (2.750) in courses with a NURS prefix; grades of C+ (2.250) or below are considered failing. This includes independent study nursing courses taken to meet a graduation requirement. In any other required course, the student must have a C (2.000) or higher. The student may have a grade of C (2.000) or C+ (2.250) in only two non-NURS courses required for the degree. Students may repeat only one nursing course. If the student earns a grade of C+ (2.250) or below on the repeated required course or on the first attempt of any other required nursing course, the student will be dismissed from the nursing program. It is strongly recommended that students repeat any failed course at the next available offering. Withdrawal from a nursing course after two-thirds of the semester or session has transpired will be counted as one enrollment toward the course failure requirements described above. Non-attendance of classes does not constitute official withdrawal.

DOCTOR OF NURSING PRACTICE (D.N.P.)

The D.N.P. program facilitates achievement of the university mission by creating expert clinicians with the abilities to affect health care of clients positively, provide leadership in health policy, and translate research into evidence-based practice. Students are provided the opportunity to expand and refine clinical skills by designing advanced practicum experiences that meet their goals.

Admission Requirements and Prerequisites

The Graduate Record Examination (GRE) is not required for admission to a DNP degree program.

BSN-to-DNP Admission Criteria for the Family Nurse Practitioner Track

- Admission to the university
- Graduate of an accredited baccalaureate nursing program with a cumulative grade point average of at least 3.000
- Current active licensure as a Registered Nurse in the United States (or the international equivalent)
- Three letters from professional references, such as the employer, a coworker, or a nursing school faculty member who had the applicant as a student
- Applicants for the full-time option must have a minimum of one year of professional nursing experience or the equivalent
- TOEFL score of 550 or higher if confirmation of English proficiency is required
- A BSN-level health assessment course

DNP-Completion Program Admission Criteria for Post-Master's Students

- Admission to the university
- Current active Advanced Practice Registered Nurse (APRN) license or approved national certification (international students will be considered on a case-by-case basis relevant to their country's equivalent)
- A master's degree in nursing (or related field for the administration track)
- Graduate GPA of 3.250 or higher
- TOEFL score of 550 or higher if confirmation of English proficiency is required
- A personally written essay describing how the DNP degree will help the applicant achieve life and career goals
- A current curriculum vitae

This decision is based on considerations including, but not limited to, characteristics required of a professional nurse. Eligibility is determined by the faculty's evaluation of a student's ability to complete the course objectives, and includes attitudinal and behavioral components. These elements are re-evaluated each semester.

Although not required for admission, the following requirements must be met as specified once the D.N.P. student has been admitted to the program: health requirements speci-

fied by each agency where practicum experiences will occur, which may include immunizations, background check, drug screen, and health tests.

Academic Probation

Kramer School of Nursing doctoral students are subject to the Oklahoma City University graduate probation policy.

Residency Requirements for DNP Completion Students

The D.N.P. completion program is designed for individuals who work full-time and who may or may not be geographically located within driving distance of OCU. Therefore, the residency requirement will be met by maintaining year-round (including summers) continuous enrollment (unless on an approved leave of absence) and by coming to campus for all the following:

- On-campus class meetings held once a semester
- Oral defense of capstone project
- Other visits to campus required by faculty that are approved by the program Chair

Capstone Project

D.N.P. students are to complete a clinical capstone project based on translational research and evidence-based prac-

tice. Complete guidelines and requirements are found in the *Kramer School of Nursing Student Handbook*.

Academic Regulations

D.N.P. students must maintain a 3.000 cumulative GPA to progress without going on KSN probation. D.N.P. students must earn at least a B- (2.750) in all required courses; grades of C+ (2.250) or below are considered failing. This includes independent study nursing courses taken to meet a graduation requirement. Students may repeat only one nursing course. If the student earns a grade of C+ (2.250) or below on the repeated required course or on the first attempt of any other required course, the student will be dismissed from the nursing program. It is strongly recommended that students repeat any failed course at the next available offering. Withdrawal from a nursing course after two-thirds of the semester or session has transpired will be counted as one enrollment toward the course failure requirements described above. Nonattendance of classes does not constitute official withdrawal. D.N.P. practicum hours are calculated on a ration of 90 clock hours per credit hour. The D.N.P. must be completed in five years.

DOCTOR OF PHILOSOPHY (Ph.D.)

The Ph.D. degree facilitates achievement of the university mission by preparing expert nurses in the roles of education and research to serve the community, state, and nation in the formation of future nurses and in the advancement of nursing knowledge. While the primary focus of the Ph.D. at Kramer School of Nursing is nursing education, students may opt for a different specialty cognate.

The Ph.D. is 90 credits post-baccalaureate. Up to 33 credits from a master's degree may be applied to the 90 credit total, subject to approval. The Ph.D. program is designed for the working professional. A student taking the recommended six credit hours per semester, including summers, will typically complete the program in 10-12 semesters. Students must complete the Ph.D. within 10 years.

All courses in the doctoral programs are taught by doctorally prepared nurses or terminally-degreed professionals in their respective fields. The highest standards in doctoral education are maintained.

Admission Requirements and Prerequisites

In order to be admitted to the Ph.D. program, the graduate must meet the following requirements:

- Admission to the university
- Registered Nurse licensure or the international equivalent
- A bachelor's degree and a master's degree, one of which must be in nursing. Applicants who hold a bachelor's degree in nursing may have a master's degree in a field related to nursing.
- Graduate GPA at or above 3.500 on a 4.000 scale
- Graduate Record Examination (GRE) is required, with a minimum total score of 1000, a minimum score of 500 on the Quantitative Reasoning section, and a

- minimum score of at least 4 on the Critical Thinking and Analytical Writing section
- A score of at least 550 is required on the TOEFL if proof of English proficiency is required
- A personally written essay describing how the Ph.D. will help the applicant achieve life and career goals
- A current curriculum vitae

Eligibility Statement

Due to the strenuous nature of nursing and practice orientation of Oklahoma City University's Kramer School of Nursing programs, the school reserves the right to determine the eligibility of any student to enroll or continue in the nursing program. This decision is based on considerations including, but not limited to, characteristics required of a professional nurse. Eligibility is determined by the faculty's evaluation of a student's ability to complete the course objectives, and includes attitudinal and behavioral components. These elements are re-evaluated each semester.

Although not required for admission, the following requirements must be met as specified once the Ph.D. student has been admitted to the program: health requirements specified by each agency where any clinical practicum experiences may occur, which may include immunizations, background check, drug screen, and health tests.

Academic Probation

Kramer School of Nursing doctoral students are subject to the Oklahoma City University graduate probation policy.

CRIMINOLOGY (MSC)

5613 **SELECTED TOPICS IN
CRIMINAL JUSTICE** **3 HOURS**

ENGLISH (ENGL)

5023+ **FICTION: FORM AND TECHNIQUE** **3 HOURS**

An advanced creative writing class. Explores the process of fiction writing and the artistic demands associated with its forms: microfiction, epistolary story, vignettes, and so on. How various elements of fiction (point of view, dialogue, description, authorial distance, etc.) can be used to affect the reader's response and interpretation of a creative work. Students will write and revise 12-30 pages of fiction by the end of the semester. The work may be one or several short stories, a series of microfictions, a chapter or two from a novel-in-progress, or the beginning of a novella. Prerequisite: 3000-level Fiction Writing Workshop or permission of instructor. May be dual-listed with ENGL 4123.

5063+ **THE PERSONAL ESSAY** **3 HOURS**

The art of crafting publishable nonfiction in its various forms. Students explore common genres associated with creative non-fiction. Workshop format. Students read published examples of specific essay forms such as biographies, reveries, aphorisms, sense of place, historical, and humor writing. May be dual-listed with ENGL 4623. (TBA)

5093 **ADVANCED WRITING** **3 HOURS**

5123 **WRITING FOR STAGE
AND SCREEN** **3 HOURS**

Students examine stage and screen plays (manuscripts and videotapes). They study the nuances of each genre, discovering how to plot, construct scenes, create dialogue, develop characters, etc., and apply the techniques by writing original scripts to be read/performed in class and critiqued in a workshop format. (spring, odd)

5133 **LEGAL WRITING** **3 HOURS**

Students learn a systematic approach to legal case analysis, applying the system in practice exams and legal memos.

5213+ **ADVANCED GRAMMAR
AND USAGE** **3 HOURS**

A more highly developed exploration of applications of English grammar for clarity, concision, emphasis, readability, and style, as well as consideration of dialects, idioms, appropriate usage, and the formation and evolution of language.

5363+ **CINEMA AND INTERNATIONAL
EXPLORATIONS** **3 HOURS**

The course explores cinema as a serious art form—perhaps the major one of the twentieth century. Through the techniques of cinematic analysis, we challenge ourselves to move from viewing visual images in an uncritical and passive manner to analyzing how these images work on us and help shape our values and understanding.

The films reflect different ethnic and cultural experiences in order to provide a comparative context. We view a range of films to develop a sense of film history. The difference between cinema as entertainment and cinema as art is a central issue. Another essential viewpoint is consideration of the human face as the most important "special effect" in film.

5373+ **DIGITAL TEXTUALITY** **3 HOURS**

Rhetoric and culture of digital communities on and beyond the Web. Transformations of narrative into digital genres, such as video games and hypertexts. Building functional and critical digital literacy, along with an understanding of collaboration, ethics, and intellectual property in digital environments. Dual-listed with ENGL 3323.

5423 **FROM SCRIPT TO SCREEN** **3 HOURS**

This course will immerse students in the process of conceiving a movie, learning the nuances of screenwriting, developing screenplays and shooting scripts, then actually producing scenes (interpreting script instructions, directing the acting, camera angles, etc.) and editing.

5463 **LITERATURE FOR ADOLESCENTS** **3 HOURS**

In this course, we will consider what books are appropriate for middle and high school literature study. We will also consider current high school curriculum models in which novels not originally written for young adults or classical novels are usually assigned. We will also explore how young adult authors continue to use fairy/folk tale and fantasy traditions usually associated with children's literature.

5523+ **CREATIVE NON-FICTION** **3 HOURS**

The art of crafting publishable nonfiction. Students explore common genres associated with creative non-fiction. Workshop format. Students read published examples of specific essay forms such as memoir, character sketch, literary journalism, persuasive writing, travel and nature writing. May be dual-listed with ENGL 3523.

5663+ **SEMINAR IN LITERATURE** **3 HOURS**

Variable content: Intensive study of critical theories, figures, and practices. May be dual-listed with ENGL 4663. (TBA)

5823 **WOMEN IN LITERATURE** **3 HOURS**

This course is an introduction to women's literary tradition from its emergence in the mid-nineteenth century through its current evolution. The study focuses on an evolving female aesthetic by examining recurring images, themes, and plots that emerge from women's social, psychological, and aesthetic experiences. (fall, even)

5963+ **TOPICS IN ETHNIC LITERATURE** **3 HOURS**

Variable topics. May be dual-listed with ENGL 3963.

GRADUATE EDUCATION (GRED)

5023 **ENGLISH LANGUAGE LEARNERS
IN THE CLASSROOM** **3 HOURS**

This course provides educators multiple methods of adapting instruction and materials to help English language learners understand academic content, develop academic and social language, and participate in classroom activities.

LIBERAL ARTS (MLA)

5163 **TOPICS IN THE LIBERAL ARTS** **3 HOURS**

This variable-content seminar focuses on different topics and issues within the liberal arts disciplines and/or social and cultural issues approached from the point of view of one or more of the liberal arts disciplines. The course may be repeated with different content.

5763 **SEMINAR IN PHOTOGRAPHY** **3 HOURS**

This variable-content seminar deals with such topics as history of photography, experimental photography, portrait photography,

landscape photography, etc. The course may be repeated with different content.

5813 AMERICAN BIOGRAPHIES 3 HOURS
Studies in the written biographies of great persons from American history. This course studies the important figures in business, education, politics, the military, etc., who have shaped the history of America.

5963 CHINESE STUDIES 3 HOURS
This is a variable-content seminar dealing with various topics and issues related to Chinese culture, history, and politics. The course may be repeated with different content.

MASS COMMUNICATIONS (MASC)

6013 RESEARCH METHODS 3 HOURS
This course introduces students to the essential methods of information gathering as the foundation of work in all the media. Students work with both primary and secondary sources, learning successful strategies for interviewing; for designing, constructing and evaluating survey instruments; for undertaking library research; for using government documents; and for analyzing data. They also explore the use of computer databases and other technological research aids.

MOVING IMAGE ARTS PROGRAM (MIAP)

5043 SPECIAL TOPICS IN FILM STUDIES 3 HOURS
Proposed by the student and approved by the program director, a specific topic not included in other moving image arts film studies classes is studied. Instructor, course competencies, and subjects vary. May be repeated with a change in content. Prerequisite: approval of program director.

5103 NONLINEAR EDITING 3 HOURS
Students are introduced to the fundamental production techniques of nonlinear editing. This course is a combination of lecture and editing sessions. Students are introduced to a variety of editing systems beginning with tape-to-tape and moving to digital editing.

5113 PRODUCTION DESIGN 3 HOURS
Students learn the specifics of the production design/art department; its contributions, fundamentals, and applications as a means to communicate story elements. Guest lectures, discussions, and hands-on workshops focus on story breakdown, storyboarding, and execution of design concepts.

5133 GREAT FILMS 3 HOURS
The course explores cinema as a serious art form, perhaps the major one of the 20th century. We focus on the interpretation of films through the techniques of cinematic analysis in order to learn the art of seeing. Although other approaches to film are presented, the auteur theory, that the director is the primary creative force behind a great film, predominates. We view and discuss the films to consider what the auteur (director) is saying, how the auteur is saying it, and how successfully the auteur says it. We consider such topics as whether the true cinema was the silent one; the tension between the cinematic and literary components of a film's structure; how the style of a film can reflect the cultural texture of its director; and the importance of film movements – the French New Wave, for example – on film history. The films viewed reflect different cultural experiences to provide an international dimension.

5143 SPECIAL TOPICS IN FILM PRODUCTION 3 HOURS
Proposed by the student and approved by the program director, a specific topic not included in other moving image arts production

classes is studied. Instructor, course competencies, and subjects vary. May be repeated with a change in content. Open only to M.L.A. students with the permission of the M.L.A. director.

5223 INTRODUCTION TO CINEMATOGRAPHY 3 HOURS
Students master the fundamental systems and operations of the professional digital motion picture camera and accessories with a focus on camera care, maintenance, lens optics, and performance. Composition, movement, image continuity, and basic digital photography are included. Outside classroom assignments are given.

PHILOSOPHY (PHIL)

5113 HISTORY OF PHILOSOPHY I 3 HOURS
Systematic study of the major figures in the history of ancient and medieval philosophy (e.g., Plato, Aristotle, St. Augustine, St. Thomas Aquinas, Duns Scotus, Ockham, etc.) Open only to M.L.A. students with the permission of the M.L.A. director. (every third semester)

5213 HISTORY OF PHILOSOPHY II 3 HOURS
Systematic study of the major figures in the history of modern philosophy from Descartes to Kant. Open only to M.L.A. students with the permission of the M.L.A. director. (every third semester)

5313 HISTORY OF PHILOSOPHY III 3 HOURS
Systematic study of major figures and movements in contemporary philosophy (e.g., Hegel, Marx, Kierkegaard, Nietzsche, Husserl, Sartre, Heidegger, James, Dewey, Wittgenstein, Whitehead). Open only to M.L.A. students with the permission of the M.L.A. director. (every third semester)

5563 TOPICS IN PHILOSOPHY 3 HOURS
Systematic treatment of a particular philosophical problem or area of philosophy (e.g., American philosophy, metaphysics, epistemology, philosophy of mathematics, philosophy of language, philosophy of mind, etc.). (TBA)

POLITICAL SCIENCE (POLS)

5223 MODERN JAPAN 3 HOURS
Traces the history of Japan from 1867 to the present, including the growth and ruin of Japan as a military power and rebirth as an economic giant.

5013 EUROPEAN POLITICS AND GOVERNMENT 3 HOURS
Political trends and governmental institutions in Europe; detailed examination of political systems of Britain, France, Germany, and Russia including comparisons to U.S. systems. May be dual-listed with POLS 3013. (tba)

5113+ MODERN CHINA 3 HOURS
Chinese politics, economics, and history from the end of the Ching dynasty, including Chinese economic reform and beyond. Dual-listed with POLS 3113. (fall, odd)

TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES (TESL)

5123 SECOND LANGUAGE ACQUISITION 3 HOURS
Presents an overview of the field of second language acquisition (SLA) and reviews important research in SLA. Helps students gain an understanding of the relationships between SLA theory,

research, and pedagogy and to apply theories critically to teaching practice. (TBA)

5163 THEORY AND METHODS OF TEACHING

SECOND LANGUAGE WRITING 3 HOURS

Introduction to theory, research, and methods of teaching second language writing. Provides hands-on experiences for teacher candidates to put knowledge of theories and methods of second language writing into practice. (TBA)

5423 THEORY AND METHODS OF TESOL 3 HOURS

This course introduces prospective TESOL teachers to the theories about second language learning and teaching. Focus is on: the linguistic, psychological, and social aspect of second language acquisition; and pedagogical aspects of the TESOL classroom. Lectures, discussion, and their own research should enable students to grasp the principles underlying TESOL. (fall, summer)

5463 CURRICULUM DESIGN AND MATERIALS DEVELOPMENT 3 HOURS

Applications of principles of curriculum design and theory in language courses; analysis of the effectiveness of student-designed curricula. (TBA)

SCHOOL OF LIBERAL ARTS AND SCIENCES

MASTER OF ARTS IN APPLIED SOCIOLOGY—NONPROFIT LEADERSHIP (SOC)

6003 SOCIOLOGICAL FOUNDATIONS OF NONPROFITS 3 HOURS

This course will differentiate the sociological literature on nonprofit organizations including the nature and evolution of nonprofits, theories of organizations, and the relationship between the third sector and business and government. Required.

6013 SOCIOLOGY OF LEADERSHIP I 3 HOURS

In this course students will assess the sociology of leadership and multi-disciplinary approaches to nonprofit leadership. This course will focus on the role of volunteers in nonprofit organizations and the implications for nonprofit organizations and leaders. Volunteers are the backbones of most nonprofit organizations and nonprofit executives must deal with the paradox of both leading and being led by volunteers (e.g., board of directors). The course will integrate multidisciplinary perspectives on voluntarism and civic engagements, and include the fundamentals of board development and relationships and the recruitment, development, and management of volunteers. Required.

6073 PRACTICUM IN NONPROFITS 3 HOURS

This course provides students with experiential learning in nonprofit organizations. The Practicum in Nonprofits is an elective for students interested in an internship with a local nonprofit organization. Elective.

6113 SOCIOLOGY OF LEADERSHIP II 3 HOURS

Sociological perspectives and classical case studies in organizations and leadership will provide a conceptual framework for the class. Students will also learn the fundamentals associated with managing employees and organizational resources. Required.

6213 RESOURCE MOBILIZATION AND DEVELOPMENT 3 HOURS

Organizational, human, and financial resources are essential to the emergence, evolution, and existence of nonprofit organizations. In this course, students will analyze consistent operational funding and future support through long-term, planned giving in nonprofit organizations. Required.

6313 LAW AND NONPROFIT ORGANIZATIONS 3 HOURS

This course will examine the implications associated with law for nonprofits and their leadership. Students will become familiar with legal issues and ethics and will learn how to relate to the legal community through board counsel. Required.

6413 NONPROFIT FINANCIAL OVERSIGHT 3 HOURS

Given the fiscal responsibilities of nonprofit leaders, it becomes imperative for them to possess a thorough understanding of their organization's finances and various reporting responsibilities to existing and potential donors. In addition, this course will help nonprofit leaders comply with federal reporting requirements. Required.

6513 STRATEGIC PLANNING AND PROGRAM DEVELOPMENT FOR NONPROFITS 3 HOURS

This course will cover the various models for planning in nonprofits and how those plans translate into the programs offered by the organization. Strategic planning is fundamental to any organization's success. 5443 PASS-THROUGH ENTITY TAXATION 3 HOURS

Examines the taxation of flow-through entities, including partnerships, S corporations, limited liability partnerships (LLPs), and limited liability companies (LLCs). With respect to partnerships, explores tax problems of the organization and operation of partnerships including the treatment of partnership distributions, withdrawal of a partner during his or her lifetime, dissolution of the partnership, sales or exchanges of partnership interests. With respect to S corporations and LLCs, explores entity classification and the formation and operation of both entity forms, including eligibility, election, revocation, termination, and accounting rules. Prerequisite: ACCT 3413, ACCT 4413 or permission. (spring)

5493 SPECIAL TOPICS IN TAXATION 1-3 HOURS

A variable-credit course designed to meet the needs of students with specific interest in a specialized taxation topic. (TBA)

5513 ACCOUNTING INFORMATION SYSTEMS AND EDP CONTROL 3 HOURS

This course covers computer-based accounting and related integrated systems and software. Reporting objectives, transaction trails, security, documentation, and internal EDP controls are emphasized. Prerequisite: ACCT 4313, IT 1003.

5593 ACCOUNTING FOR MANAGERS IN ENERGY BUSINESS 3 HOURS

Accounting skills needed for the acquisition, production/depletion and retirement of oil and gas properties. Differences between full cost and successful efforts accounting methods. Discussion of accounting for joint ventures, taxation of oil and gas properties, analysis of financial statements and disclosures issued by oil and natural gas firms. Prerequisites: ACCT 5013, ACCT 2113 or ACCT 2213. (TBA)

COMPUTER SCIENCE (CSCI)

5003 INTRODUCTION TO OBJECT-ORIENTED PROGRAMMING 3 HOURS

A rapid review of fundamental programming concepts and techniques followed by an introduction to object-oriented concepts, design, and programming. The completion of programming assignments will comprise a significant portion of the course. Two hours of lecture and two hours of lab per week. Prerequisite: experience in programming in a high-level language.

5103 THEORY OF COMPUTING 3 HOURS

A course on the theoretical foundations of computation. Topics include finite-state machines, regular languages, context-free grammars, push-down automata, Turing machines, decidability, and complexity theory. Prerequisites: one language beyond Basic (C or C++ preferred) and MATH 3503.

5203 LOGIC FOR COMPUTER SCIENCE 3 HOURS

A survey of historical and modern logic with emphasis on applications in computer science. Topics include Boolean algebra, truth tables, verification of argument validity, development of proofs using propositional and first-order predicate logic, the correctness and completeness of first-order logic, normal forms, and Herbrand's theorem. Automated proof techniques such as resolution and unification are covered. Additional material covered may include topics such as fuzzy logic and multivalued logics. Prerequisites: MATH 2004.

5303 EMBEDDED AND REAL-TIME OPERATING SYSTEMS 3 HOURS

A continuation of CSCI 4313. Additional topics include device I/O, interrupts, timers, task scheduling, and hardware OS. Two hours of lecture and one hour of lab each week. Prerequisite: CSCI 4313. (TBA)

5403 SOFTWARE ENGINEERING 3 HOURS

A study of the principles and techniques for methodical construction of quality software. Topics include software requirements specification, programming paradigms, module specification techniques, testing and validation procedures, and proof of program correctness. An individual or team project may constitute a significant part of the course. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 3114.

5413 ALGORITHM DESIGN AND ANALYSIS 3 HOURS

A study of the analysis of algorithms and the application of analysis on the design of efficient algorithms. The course treats both the derivation of primarily theoretical results and the practical task of designing efficient algorithms. Topics include: sorting, tree structures, graph algorithms, NP-completeness, dynamic programming, greedy algorithms, distributions and Markov processes, and a brief introduction to parallel algorithms. Prerequisites: CSCI 3114 and CSCI 3503.

5503 COMPUTER ORGANIZATION AND ARCHITECTURE 3 HOURS

A study of the structure, organization, and logical design of computers from an advanced perspective. Topics include digital arithmetic and logic, computer structures, machine cycles, interrupts, memory organization, I/O schemes, the integration of operating systems, instruction sets, and addressing. No prior knowledge of electronics is presumed. Two hours of lecture and two hours of lab each week. Prerequisite: At least one programming language.

5513 COMPUTER SYSTEM ARCHITECTURE 3 HOURS

A study of high-performance computer architectures. Topics may include a study of instruction set architecture, instruction execution, synchronization, micro-operations, global memory, parallel processing, overlap and pipeline processing in a von Neumann type architecture, "RISC" architectures, and supercomputers. Prerequisite: CSCI 5503. (fall)

5603 DATABASE DESIGN 3 HOURS

A quantitative study of the tools and methodology of database design. The intent is to equip students to design a conceptual database, specify its implementation, and predict the performance of the system when implemented. Topics include B- security trees, database structures and schemas, advanced query languages, and system performance. Students may be asked to pass an entry exam before enrollment is allowed. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 3613.

5703 ARTIFICIAL INTELLIGENCE 3 HOURS

A study of artificial intelligence techniques including concept learning, state-space problem solving, searching AND/OR trees and graphs, genetic algorithms, and resolution. Programming exercises in C++ and/or LISP and PROLOG are assigned. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5203. (TBA)

5803 COMPUTER GRAPHICS 3 HOURS

An integrated study of the software, data structures, mathematics, and algorithms of image manipulation, computer graphics, and computer-assisted design. Topics include raster techniques, geometric transformations of two and three dimensions, object modeling, illumination models, shading models, basic animations, and strategies for creating representations of three dimensional objects. Two hours of lecture and two hours of lab each week. Prerequisite: MATH 2104 or equivalent proficiency in calculus and analytic geometry. (TBA)

5981-6 M.S. DEGREE PROJECT 1-6 HOURS

A major project to be completed under the supervision of a member of the graduate faculty. The project proposal must be approved by the graduate faculty prior to enrollment in the course. The course may be repeated for a maximum of 6 semester hours of credit. Permission of instructor required.

6063 SPECIAL TOPICS 3 HOURS

A graduate seminar presenting state-of-the-art research topics in computer science. Course content varies at the professor's discretion. Prerequisites: as designated by the professor. (TBA)

6203 ADVANCED OBJECT-ORIENTED PROGRAMMING 3 HOURS

An advanced study of object-oriented programming and design concepts. Subjects include classes, methods, polymorphism, inheritance, and object-oriented design. C++ and Smalltalk are studied in depth. Other object-oriented languages discussed include Java. A group project is required. Two hours of lecture and two hours of

lab each week. Prerequisites: Proficiency in C++ or CSCI 4303. (fall)

6303 DISTRIBUTED OPERATING SYSTEMS 3 HOURS

A continuation of CSCI 4313. Additional topics include telecommunications, networking, naming, consistency and replication, fault tolerance, and security. The client/server architecture is covered in detail. Encoding, entering, and running programs comprise a significant part of the course. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 4313.

6403 ADVANCED ALGORITHM DESIGN 3 HOURS

A study of advanced techniques in algorithm design. This course has a primary focus on the issues and techniques of parallel programming. The lab component of the course provides for practice of the examined techniques and algorithms. Topics include string processing, compression, encryption algorithms, and integral transformations. Other topics may include geometric algorithms, parsing, probabilistic algorithms, and linear programming. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5413. (spring)

6503 COMPUTER NETWORK ARCHITECTURE 3 HOURS

An advanced study of the architectural principles and specific mechanisms required for the exchange of data among computers, terminals, and other data processing devices. Topics include architecture, access protocols, and internetworking. Two hours of lecture and two hours of lab each week. Prerequisites: CSCI 4313 and CSCI 5503. (spring)

6603 POSTRELATIONAL DATABASE SYSTEMS 3 HOURS

A study of emerging database technologies. Topics selected from object-oriented databases, multidatabase systems, data warehousing, Web-enabled databases, intranet databases, XML databases, and/or other new database developments. Prerequisites: CSCI 3114 and CSCI 5603. (spring)

6613 INTELLIGENT DATABASE SYSTEMS 3 HOURS

A continuation of MS 5603. This course presents advanced database system concepts, including current and future trends. Programming projects and library research are required. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5603. (fall)

6703 KNOWLEDGE DISCOVERY TECHNIQUES 3 HOURS

This course presents the mathematical basis of a variety of knowledge discovery techniques and their implementation on computers to model multidimensional data. In the laboratory, students analyze large matrix and database data using application programs and programs they write in C++, Matlab, and Oracle. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5203. (spring)

6981-6 M.S. DEGREE RESEARCH 1-6 HOURS

Research to be completed under the supervision of a member of the graduate faculty. The research proposal must be approved by the graduate faculty prior to enrollment in the course. The course may be repeated for a maximum of 6 semester hours of credit.

6003 COMPUTER SCIENCE GRADUATE CAPSTONE 3 HOURS

A capstone course required of all graduate computer science students. Students are required to develop a presentation on some current topic in computer science. The course also includes as-

essment and assessment-oriented topics. Should be taken in the student's final semester.

ECONOMICS (ECON)

5043 ESSENTIAL CONCEPTS IN STATISTICS AND COMPUTER APPLICATIONS 3 HOURS

This course covers introductory statistical techniques such as the collection, organization, summarization, and presentation of data and a brief overview of probability concepts and distributions. It then proceeds with sampling distributions, hypothesis testing, simple and multiple regression, analysis of variance (ANOVA), and nonparametric methods along with computer applications utilizing these concepts. It introduces the use of a spreadsheet. (fall, spring)

5053 ESSENTIAL CONCEPTS IN MACRO AND MICROECONOMICS 3 HOURS

This course has the dual purpose of providing review for those students with previous study and serving as an introductory course for others. The subject matter reflects major concepts found in traditional introduction to macro- and microeconomic courses. Unlike traditional courses, however, emphasis is on a number of selected topics that research efforts indicate are often used by management in large American corporations. In addition, there are a number of concepts that these efforts indicate are not used extensively yet could be—and, perhaps, should be—understood by managers. For this reason, these topics are also emphasized. As an additional objective of the course, attempts are made to integrate or relate these concepts to areas of business study such as management and finance. (fall, spring)

5203 MANAGERIAL ECONOMICS 3 HOURS
Economic principles are at work at the economy-wide level (macroeconomics); at the interfirm, intraindustry, and interindustry levels (microeconomics); and at the intrafirm level (operations research/management science). This course is concerned primarily with the second of the above and, to some extent, with the last. Thus it provides an understanding of the more or less immediate environment of the firm and of some of the intrafirm decision problems and analytical concepts and methods that pertain to these problems. It studies the product markets under competitive and monopoly conditions, analysis of factor productivities, cost, pricing principles and practices, and problems of estimation of demand and cost. These subjects are treated primarily from the standpoint of managers in the private sector rather than that of the public agencies or the society as a whole. Prerequisite: ECON 5053 or ECON 2013 and ECON 2113. (fall, spring)

**5213 MANAGEMENT SCIENCE AND
QUANTITATIVE ANALYSIS 3 HOURS**
This course is concerned with efficiency and effectiveness in operating manufacturing facilities as well as service-oriented operations. This course involves the study and application of techniques of operations as analytical tools in solving managerial problems that occur in the business world. This includes learning about topics such as linear allocation models and allocating resources, network models, inventory control, and computer simulation, forecasting with a strong emphasis on quantitative models that help managers to make decisions. Prerequisite: ECON 5043 or ECON 2123 and IT 5603. (fall, spring)

6213 ENERGY ECONOMICS 3 HOURS
Basic overview of energy economics. Short- and long-term resource management by a firm, alternative energy sources and

their economic management including, nuclear, solar, wind, and geothermal power. Sustainability. Economics of the hydrocarbon industry, calculation of net present value of futures reserves. Prerequisite: FIN 5303 (TBA)

FINANCE (FIN)

5023, 5083* ESSENTIAL CONCEPTS IN FINANCE 3 HOURS

Fundamental concepts such as time value of money and risk-return relationships in finance are presented in detail. Financial decisions faced by modern business enterprises are analyzed in the framework of financial theories. These decisions include capital budgeting, long-term financing, dividend policy, short-term financial management, and performance evaluations. The course provides a solid foundation that allows students to proceed confidently and successfully to the study of finance in health care financial management or in the core of their M.B.A. program. (fall, spring)

*FIN 5083 is for MSN/Nursing Administration track students only

5303 FINANCIAL POLICY FOR MANAGERS 3 HOURS

Fundamental concepts such as time value of money and risk-return relationships in finance are presented in detail. Financial decisions faced by modern business enterprises are analyzed in the framework of financial theories. These decisions include capital budgeting, long-term financing, dividend policy, short-term financial management, and performance evaluations. Prerequisites: FIN 5023 or FIN 3023 and ACCT 5403. (fall, spring)

6313 INVESTMENTS MANAGEMENT 3 HOURS
Analysis of capital markets in the U. S., their functions, the participants in the market, and the laws pertaining to participating in those markets. Technical and fundamental investment strategies are examined as are portfolio risk management techniques. Prerequisite: FIN 5303.

6323 MONEY AND CAPITAL MARKETS 3 HOURS
Sources, uses, and flow of funds in the money markets and the capital markets are analyzed, with explicit attention to the financial instruments and financial institutions involved. Encompasses an understanding of the processes of money creation and capital formation in an advanced commercial society. Prerequisite: FIN 5303.

**6333 HEALTH CARE FINANCIAL
MANAGEMENT 3 HOURS**
A wide range of health care financial management topics are covered, including third-party reimbursement, financial analysis, regulation, legislation, competing public demands, and contemporary health care finance problems. Prerequisite: FIN 5303. (spring)

**6343 CORPORATE FINANCIAL
STRATEGIES 3 HOURS**
This course involves theory and procedure of finance functions of individual business firms, fund raising, planning, and controlling firm finances from the treasurer's point of view. Prerequisite: FIN 5303. (summer)

6353 SPECIAL TOPICS IN FINANCE 3 HOURS
Involves individual or small-group research of special topics or current issues in finance. Prerequisite: FIN 5303. (TBA)

6363 INTERNSHIP IN FINANCE 3 HOURS
The internship allows students to gain practical work experience while integrating knowledge and abilities gained in earlier finance courses. The intern must work with the internship coordinator and a faculty member, along with the sponsor for an organization exter-

nal to the university, to develop an internship proposal. A written research report is required. Prerequisites: completion of all required finance courses, advanced standing in the M.B.A. program, and completion of an approved proposal. (TBA)

6373 FINANCING ENERGY DEVELOPMENT 3 HOURS

Appropriate way to finance exploration projects compared to development projects. Global supply and demand issues that affect financing including credit swaps, exchange rates, and hedging issues. Risk management strategies in the energy industry. Prerequisites: FIN 5303 and ACCT 5453 (TBA)

6523 MULTINATIONAL CORPORATE FINANCE 3 HOURS

Explores financial policies and practices of companies involved in international operations. Foreign exchange markets, forecasting exchange rate, risks of foreign exchange fluctuation, and hedging techniques are reviewed. Fundraising in international money and capital markets, working with capital management, and investment practices of multinational firms are considered. Other topics include capital budgeting, financial structure, and cost of capital for multinational corporations. Prerequisites: MGMT 5503 and FIN 5303.

INFORMATION TECHNOLOGY (IT)

5603 INFORMATION TECHNOLOGY AND OPERATIONS MANAGEMENT 3 HOURS

This course seeks to expand student's knowledge of the role of technology in the planning and management of organizations and covers both information technology topics and operations management topics. Students gain understanding of management information systems, decision support systems, expert systems, database management systems, and enterprise systems. These systems facilitate the effective management and control of an organization's operations. Operations management topics include materials requirement planning, enterprise resource planning, quality assurance, supply chain management and decision theory. Prerequisite: ECON 5043 or ECON 2123. (fall, spring, summer)

6613 SYSTEMS ANALYSIS AND DESIGN 3 HOURS

This course exposes students to structured systems analysis and design through implementation of the systems development life cycle. Students prepare a comprehensive group case involving systems proposal, cost estimation, interpersonal interviewing techniques, process modeling, data modeling, network modeling, interface design, file and database construction, security concerns, and maintenance issues. Prototyping and rapid development techniques are discussed. Prerequisites: IT 5603 and permission of the instructor. (fall)

6623 ADVANCED DATABASE MANAGEMENT 3 HOURS

This course provides students with skills required to develop data structures in order to store organizational memory. The course begins with review of SQL through comprehensive assignments, followed by instruction in Oracle, and then database management and development techniques. Topics include flat file, hierarchic, network and relational database models; data modeling using Logical Data Structures; Structured Query Language; data normalization; storage concerns and data warehousing; and distributed database systems. Upon completion of this course, the student will be able to conceptualize, develop, test, and maintain a complete database system on either microcomputer or mainframe systems. Large blocks of time will be spent in the lab and working directly with the instructor. Prerequisites: IT 6613 and IT 2313 or other programming language and permission of the instructor. (spring)

6633 STRATEGIC INFORMATION SYSTEMS MANAGEMENT 3 HOURS

This course examines the use and implementation of information systems for strategic and competitive advantage in an organization. The focus is on analysis of frameworks, which provides students understanding of the elements of competitive advantage from an upper-management perspective. This foundation of frameworks is linked to the organization's information systems through the use of case studies and augmented with real-world examples. Topics include a sampling of Commercial Enterprise Software packages and various implementation methodologies. Students are required to develop a Request For Proposal for the acquisition of an Enterprise Software package and to evaluate multiple alternatives to meet the needs of a case study organization. Prerequisite: IT 5603. (spring)

6643 ADVANCED NETWORKING 3 HOURS

This course is a conceptual and technological survey of the structure of distributed information systems architectures, operating systems, network operating systems, data management systems, application development environments, peripheral technology, and user interfaces. Interoperability between these architectural components is explored and technology and trends in each architectural element are reviewed. Students learn how a network group works in an information technology department within an organization. Student are exposed to home pages, graphics, search engines, and other Internet items. We discuss accomplishing electronic commerce over the Internet and how businesses will evolve with the use of the Internet. Prerequisite: IT 5603. (spring)

6653 ELECTRONIC COMMERCE 3 HOURS

Creating a winning e-business provides students with practical ideas on planning and creating an e-business. No previous e-business knowledge or experience is necessary. The course helps students learn about key business elements of planning and starting an e-business from the ground up. Creating a winning e-business takes a practical case-based and hands-on approach to planning and starting an e-business. Numerous e-business examples are used to illustrate important concepts. A specially designed team project is included. Prerequisite: IT 5603. (fall)

6663 BUSINESS SYSTEMS INTERNSHIP 3 HOURS

The internship allows students to gain practical work experience while integrating knowledge and abilities gained in earlier information technology courses. The intern must work with the internship coordinator and a faculty member, along with the sponsor for an organization external to the university, to develop an internship proposal. A written research report is required. Prerequisites: completion of all required information technology courses, advanced standing in the M.B.A. program, and completion of an approved proposal. (TBA)

MANAGEMENT (MGMT)

5003 ESSENTIALS OF BUSINESS ENGLISH 3 HOURS

This course prepares nonnative speakers of English who do not meet the university's English prerequisite with a foundation of language, academic, and cultural skills necessary to successfully enter a program of graduate study in business. Areas of concentration include English business concepts and terminology, business case studies, oral English for business, academic research and related written English skills for graduate business course work, and acculturation in the U. S. business community. This course is the prerequisite for entering the M.B.A. program if English requirements have not been met. (fall, spring)

**5033 ESSENTIAL CONCEPTS IN
MANAGEMENT AND MARKETING 3 HOURS**

This course blends the basic principles of management and marketing into an integrated system, placing an emphasis on managerial activities within a dynamic internal and external environment. Management is viewed from a global, long-term perspective with an emphasis on understanding how an organization develops and implements its strategies in today's rapidly changing world. Management topics include analysis of the organization's external and internal environments and how managers are engaged in the creation, planning, implementation, and control of strategies at all levels of the firm. Marketing topics include a basic understanding of core principles of marketing, market segmentation and positioning, consumer and organizational buying, and the marketing mix elements. This course does not fully address each topic area presented, but introduces students to management and marketing concepts and provides general familiarity with each topic area. (fall, spring, summer)

**5503 THE WORLD ECONOMY AND
INTERNATIONAL BUSINESS 3 HOURS**

A foundation course for understanding the world economy and the international economic forces that affect every activity in the private or public sector of our economy. It provides a comprehensive introduction to international monetary systems, worldwide patterns of trade and investment, international money and capital markets, balance of payments issues, and an overview of financial, managerial, marketing, and strategic planning problems confronted by multinational finance. The determinants of trade and foreign investment are discussed, and international institutions that regulate trade and capital flows are surveyed. (fall, spring, summer)

**5703 LEGAL AND ETHICAL
ENVIRONMENT OF BUSINESS 3 HOURS**

This course examines areas of law and ethics that relate to the contemporary business environment. Areas of study include contracts, torts, white collar crime, product liability, anti-competitive practices, consumer protection, employment practices, business organizations, and the legal and ethical responsibilities of business managers. (fall, spring)

**5713 ORGANIZATIONAL AND
MANAGERIAL PROCESSES 3 HOURS**

This course enhances the student's ability to manage organizations and their members. The primary objective is to increase understanding of organizational behavior theory, research and practice at the individual, intragroup, and intergroup levels. Topics covered in the first module include individual differences; values, attitudes, and the perceptual process; motivation theories; and learning and reinforcement theories. Module two includes interpersonal communication, group behavior, leadership, decision-making, power and politics, and conflict and negotiation. The third module comprises organizational structure and design, organizational culture, and organizational change and development. Prerequisite: MGMT 5033 or MGMT 3123. (fall, spring, summer)

**5723 OVERVIEW OF THE
ENERGY INDUSTRY 3 HOURS**

Relationship between segments of the hydrocarbon industry including exploration, production, transportation, and marketing. Interactions between land, legal, engineering, geology, geophysics, and product marketing departments of an energy company. New technologies in exploration and development from a manager's perspective; hydraulic fracturing and directional drilling, recent developments in regulatory and policy issues. Alternative energy sources. Social responsibility, industry ethics and other leadership issues. Prerequisites: MGMT 5713 (TBA)

**6543 GLOBAL COMPETITIVE STRATEGY
AND ADMINISTRATIVE POLICY 3 HOURS**

Examines issues and problems arising in managing an international business, emphasizing decisions facing top managers in multinational corporations. The case material focuses on issues such as global strategy, long-range planning, preparation and evaluation of foreign direct investment proposals, entry and ownership strategies, financing decisions, control of global operations, organization and human resource management. Prerequisites: MGMT 5503 and advanced standing in the M.B.A. program. This is the capstone course and must be taken in the semester that the student is graduating. (fall, spring, summer)

**6551-3 SEMINAR IN INTERNATIONAL
BUSINESS 1-3 HOURS**

Advanced topics, current problems, and results of recent research in international business are discussed in detail. Topic areas are assigned to students, each of whom acts as discussion leader. Faculty members from other universities and leaders from business or government are invited to speak at the seminar. The focus of the seminar may vary in different semesters. Topics are announced in advance. Each offering is identified in the current schedule and on the student's transcript. Prerequisites: permission of the instructor and advanced standing in the M.B.A. program. (TBA)

**6563 SPECIAL TOPICS IN
INTERNATIONAL BUSINESS 3 HOURS**

Involves individual or small-group research of special topics in international business selected by students with approval of the instructor and chair of the international business program. The objective of this course is to allow students to develop expertise in a region of the world or a certain industry. It may also aim to develop in-depth expertise about a specific topic in a functional area. Written research report required. Prerequisites: M.B.A. core courses, FIN 6523 or MKTG 6513. (TBA)

**6573 INTERNATIONAL BUSINESS
INTERNSHIP 3 HOURS**

The internship allows students to gain practical work experience while integrating knowledge and abilities gained in earlier management courses. The intern must work with the internship coordinator and a faculty member, along with the sponsor for an organization external to the university, to develop an internship proposal. A written research report is required. Prerequisites: completion of all required management courses, advanced standing in the M.B.A. program, and completion of an approved proposal.

**6713 ENERGY OPERATIONS
MANAGEMENT 3 HOURS**

Operational aspects of the energy business. Management of technological research, development, acquisition, and deployment of resources. Development and supply of technologies as a sector within the industry; drilling, services, transportation and distribution chains. Prerequisite: MGMT 5723. (TBA)

6723 MEDICAL LAW AND REGULATIONS 3 HOURS

Medical laws and regulations pertaining to the obligations and liabilities of health and health care institutions, health agencies, and practitioners. Some case study analysis is performed by students. (spring)

**6733 STRATEGY, POLICY, STANDARDS,
AND QUALITY ASSURANCE FOR
HEALTHCARE EXECUTIVES 3 HOURS**

A leadership course especially designed for healthcare executive students. The focus of the course is on competitive strategic planning, strategic leadership, policy and standard setting, and quality improvement relative to healthcare organizations. (fall)

6743 INTERNAL AND EXTERNAL COMMUNICATION IN THE ENERGY INDUSTRY 3 HOURS

Social interactions necessary to conduct successful activities both within the energy firm and its external constituencies. Special focus on negotiation methods, marketing issues and communication methods. (TBA)

6753 SPECIAL TOPICS IN MANAGEMENT 3 HOURS
Study of current topics in business and management. (TBA)

6761 MEDICAL TERMINOLOGY 1 HOUR
A course designed to increase students' medical terminology vocabulary, thus improving their ability to communicate effectively with medical, nursing, and paramedical professionals. (fall)

6813 STRATEGIC HUMAN RESOURCES MANAGEMENT 3 HOURS
An examination of the overall role and functions of human resource management in relation to an organization's strategic planning process. Emphasis is on human resource issues of strategic importance to an organization's top management. Course focuses on the broader issues of human resource management policy, practice, and trends. Prerequisite: MGMT 5713. (spring)

6823 EMPLOYMENT, PLACEMENT, AND PERSONNEL PLANNING 3 HOURS
A review of the basic elements of employee performance, with analysis of the factors involved in employment, placement, and personnel planning. This course blends theory and practice so the student may better understand the policies and procedures required for recruitment selection and personnel planning. Prerequisite: MGMT 6813. (fall, odd)

6833 COMPENSATION AND MOTIVATION THEORY 3 HOURS
An interdisciplinary course designed to study the theories, practices, and techniques involved in developing and implementing total compensation programs for public and private organizations. The relationship of motivation theory to compensation theory is emphasized in an effort to develop the optimum package for employee productivity and satisfaction and organizational costs. Topics include compensation theory, conceptual framework for job satisfaction, job design, relationship of incentive compensation packages, and international compensation. (spring, even)

6843 TRAINING AND DEVELOPMENT IN ORGANIZATIONS 3 HOURS
This course acquaints students with aspects of learning in organizations. Begins by discussing organizational learning and then focuses more narrowly on specific ways in which learning is achieved through the training and development functions. Topics include how learning is linked to organizational strategy, how to determine that training is needed, issues regarding the design of training programs, current training techniques, evaluation strategies, and management development practices. (fall, odd)

6853 GLOBAL HUMAN RESOURCE MANAGEMENT 3 HOURS
This course provides students with knowledge of human resources in the global environment and includes course work in strategic human resource management, organizational effectiveness and employee development, global staffing, global compensation and benefits, international assignment management, and international employee relations and regulations. Among other text materials, this course uses materials prepared by the Society for Human Resource Management (SHRM) to prepare students for the Global Professional in Human Resources (GPHR) certification examination administered by the Human Resources Certification Institute

(HRCI). Those who pass this examination are entitled to use the GPHR designation as a part of their title. Prerequisite: MGMT 6813. (spring, even)

MARKETING (MKTG)

5103 STRATEGIC MARKETING DECISIONS 3 HOURS

This course is concerned with crafting marketing strategies and making marketing decisions. At the end of the course, students should be able to structure and solve rather complex marketing problems. Faced with a business situation, students learn to sort through the myriad facts and data, structure a decision framework of relevant information, and develop a strategy that is comprehensive, detailed, and workable. Students learn to communicate their strategies both in writing and orally. The course relies not only on the decision tools of marketing (concepts, theories, analytical methods, etc.), but also on decision tools from other areas such as statistics, accounting, finance, economics, psychology, and communications. Prerequisite: MGMT 5033 or MKTG 3013. (fall, spring, summer)

6113 BUYER BEHAVIOR 3 HOURS
Marketing begins and ends with consumers, from determining consumer needs to providing consumer satisfaction. A clear understanding of consumers is therefore critical in successfully managing the market function in any organization. This course introduces students to the study of consumer behavior. In many cases, the perspective is that of a marketing manager who needs an understanding of consumer behavior in order to develop and implement effective marketing strategies. The goal of the course is to provide students with the concepts, frameworks, and tools needed to understand consumption-related behaviors and to evaluate marketing strategies intended to influence those behaviors. Prerequisite: MKTG 5103. (spring, even)

6123 SERVICES MARKETING 3 HOURS
Designed for students with career interests in services industries as well as in goods industries with high service components. The course focuses on the unique challenges of managing services and delivering quality service to customers. Course content includes understanding and managing customer expectation and evaluations of services, designing services that meet or exceed customer expectation, managing the effective delivery of services, and communicating realistic and effective services promises to customers. Prerequisite: MKTG 5103. (TBA)

6133 MARKETING RESEARCH AND ANALYSIS 3 HOURS
A study of the collection, analysis, and reporting of marketing information needed for management decisions. Emphasis is on research procedure and techniques. This course provides students with a broad introduction to the marketing research process and hands-on elementary understanding of how marketing research activities are implemented by professional marketing researchers. Upon completion of this course, students will know the language of marketing research and understand the steps necessary to develop valid and reliable marketing research study to analyze consumers, competition, and various marketing opportunities. Prerequisite: MKTG 5103. (spring, summer)

6143 MARKETING OF HEALTH SERVICES 3 HOURS
An overview of health services marketing including the following: organizing for marketing; psychographic, demographic, and epidemiological analysis of the market; analysis of the product, price, place, and promotion; competitor analysis; market opportunity and demand for forecasting; and market strategy. Prerequisite: MKTG 5103. (fall)

6153 SPECIAL TOPICS IN MARKETING 3 HOURS
Involves individual or small-group research of special topics or current issues in marketing. Prerequisite: MKTG 5103. (TBA)

6173 SALES FORCE LEADERSHIP 3 HOURS
This course deals with the responsibilities and decisions confronting today's sales manager in the context of the theory, principles, and practice of sales force leadership for manufacturing, wholesaling, and service enterprises. The comprehensive discussion topics include selling strategies, organizing the selling unit, territory analysis and planning, recruiting and selection, coaching and training, motivating achievement, forecasting and quotas, assessing performance, and compensating and rewarding the sales force. Experiential projects, case study, role-playing, and professional speakers enhance the learning experience. Prerequisite: MKTG 5103. (spring)

6513 MULTINATIONAL MARKETING MANAGEMENT 3 HOURS
A study of the scope, challenges, and strategies of international marketing. The structures of multinational markets, including economic factors, foreign cultures, nationalism, and government regulations, are covered. Emphasis is on foreign market research, international distribution channels, international product policy, international promotion, and pricing policy. Marketing problems arising from differing degrees of foreign involvement such as exporting, licensing, and establishing foreign subsidiaries are examined. Prerequisites: MGMT 5503 and MKTG 5103. (fall, spring, summer)

PROJECT MANAGEMENT (PMGT)

5923 PROJECT MANAGEMENT PROFESSIONAL 3 HOURS

First course in a two-course series on an analysis of organizational theory and structure, organizational psychology, personnel and operations management, and organizational change within nursing care delivery.

6323 ADVANCED NURSING RESEARCH 3 HOURS
Development of a research or scholarly project proposal that contributes to nursing knowledge to enhance practice, education, administration, or research. Analysis of quantitative and qualitative research methodologies, theories of evidence based practice, and application of problem-solving in professional practice. Prerequisites: Statistics course and NURS 5103.

6403 ADMINISTRATION OF NURSING SERVICES II 3 HOURS
Application of select organization and administrative theory. Design of human resource and operations management programs demonstrating innovation and insight into human systems. Management of organizational change process within nursing care delivery. Prerequisite: NURS 6303.

6503 NURSING EDUCATION PRACTICUM 3 HOURS
Seminar and practicum experiences designed and arranged by the student with faculty approval, to provide guided practice in planning, providing, and evaluating nursing education. Prerequisite: Completion of at least 12 credit hours toward the M.S.N., including

completion of or concurrent enrollment in the 12 credit hours of core courses for the Nursing Education track.

6603 MASTER'S PROJECT 3 HOURS
Implementation of the project developed in Advanced Nursing Research with production of a final scholarly product. Prerequisite: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

6613 MASTER'S THESIS 3 HOURS
Implementation of the study developed in Advanced Nursing Research with production of a final written thesis. Prerequisite: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

6623 NURSING ADMINISTRATION PRACTICUM 3 HOURS
Seminar and practicum experiences designed and arranged by the student with faculty approval, to provide exposure to nursing administration of personnel, finances, and operations at the executive level.

6701-3 MASTER'S PROJECT (CONTINUED ENROLLMENT) 1-3 HOURS
Implementation of the project developed in Advanced Nursing Research with production of a final scholarly product. Prerequisites: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

6711-3 MASTER'S THESIS (CONTINUED ENROLLMENT) 1-3 HOURS
Implementation of the study developed in Advanced Nursing Research with production of a final written thesis. Prerequisites: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

DOCTOR OF NURSING PRACTICE (D.N.P.) (NURS)

5003 COMMUNICATION IN HEALTH PROFESSIONS 3 HOURS
Professionalism in written, electronic, and verbal communications. Synthesis of research literature, document design, formatting styles, and manuscript preparation. Issues related to copyright law and plagiarism. Use of technology and media formats for professional presentations.

5103 THEORETICAL FOUNDATIONS OF ADVANCED NURSING PRACTICE 3 HOURS
Analysis and evaluation of the philosophical and theoretical basis for professional nursing. Emphasis placed on continued theory development and application to practice, administration, education, and research.

5123 NURSING INFORMATICS 3 HOURS
Collection, processing, and communication of information for the support of nursing practice, administration, education, and research through records and database management, media, and other technologies.

6201 ADVANCED TOPICS IN ADVANCED PRACTICE 1 HOUR
Variable course content designed to meet specific student needs.

6203 ADVANCED PATHOPHYSIOLOGY 3 HOURS
Principles of biochemistry, molecular biology, genetics, and nutrition are applied to disease processes. Focus on principles, theories, and current research related to physiological and pathophysiological system alterations across the lifespan.

6213 PHARMACOLOGY FOR ADVANCED PRACTICE 3 HOURS
Focus on pharmacology and therapeutics used in the treatment of selected health conditions. Emphasis on the decision making process utilized to prescribe safely and effectively, and monitor pharmacotherapeutics appropriate to the client situation.

6215 ADVANCED HEALTH ASSESSMENT & DIAGNOSTIC REASONING 5 HOURS
Application of advanced health assessment principles and skills with focus on deviations from normal in populations across the lifespan. Opportunities provided to perform comprehensive and problem-specific psychosocial, developmental, cultural, and physical assessments. Analysis of collected client data used to determine client health status, identify health problems, and formulate diagnoses.

6223 HEALTH PROMOTION & PRIMARY CARE OF ADULTS 3 HOURS
Health promotion, diagnosis, and management of common illnesses in primary health care practice with adult and elderly clients.

6233 ADULT PRIMARY CARE 3 HOURS
Application of pathophysiology knowledge and clinical decision making skills to the interpretation of assessment data gathered from complete health assessment and diagnostic evaluation of the adult or elderly client. Collaborative strategies are used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Three credit hours of practicum.

6323 ADVANCED NURSING RESEARCH 3 HOURS
Development of a research or scholarly project proposal that will contribute to nursing knowledge to enhance practice, education, administration, or research. Analysis of quantitative and qualitative research methodologies, theories of evidence based practice, and application of problem-solving in professional practice.

6243 HEALTH PROMOTION & PRIMARY HEALTH CARE OF WOMEN AND CHILDREN 3 HOURS
Conceptual and theoretical foundation for advanced nursing assessment, diagnosis, and management of selected health care concerns. Emphasis is on primary health care of women in the childbearing years, children, and role development in clinical practice.

6244 WOMEN'S AND CHILDREN'S PRIMARY CARE 4 HOURS
Clinical experience in well-child care and management of common pediatric problems in primary care settings, care of women in the childbearing years, and gynecologic care across the lifespan. Four credit hours of practicum.

6253 GERIATRIC PRIMARY CARE 3 HOURS
Health care of older clients presenting with acute and chronic health care needs in primary health care settings. Collaborative strategies used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Three credit hours of practicum.

6254 PRIMARY HEALTH CARE IN ADVANCED PRACTICE SETTINGS 4 HOURS
Management of increasing complex client care with increasing independence. Collaborative strategies used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Theoretical concepts of organizational systems, health

care politics, and policy used to identify and solve complex problems. Four credit hours of practicum.

7103 PHILOSOPHY OF SCIENCE 3 HOURS
This course is focused on the understanding of current methods of epistemology as interpreted through an understanding of the history of science. The role of the scientist and scholar are explored as natural outcomes of professional development both in individuals and in the discipline. An understanding of the current state of science, post modernism, and future trends is gained by exploring cross disciplinary methods of generation of knowledge.

7113 ADVANCED HEALTH CARE POLICY 3 HOURS
This course focuses on advanced health care policy formulation and trends at local, state, national, and international levels. Students interpret multiple complex influences on the regulation, funding, and delivery of health care. These influences may include economics, culture, the media, health care reform, politics and special interests, environment, ethics, and other issues. Special attention is given to political and professional strategies for creating and enacting effective policy change.

7123 ADVANCED THEORY DEVELOPMENT 3 HOURS
This course explores various approaches to theory development. Strategies for concept identification, specification of relationships, and theory clarification are discussed. Students explore theory construction, application, evaluation, and testing, as well as the relationship between theory development and research. The coursework involves production of a midrange theory. Prerequisite: NURS 5103 Theoretical Foundations of Advanced Nursing Practice.

7212 TRANSCULTURAL HEALTH CARE 3 HOURS
This course explores meanings and expressions of person, health, illness, nursing, and caring in clients with diverse cultural backgrounds. Patterns of human interaction that foster health and quality of life are analyzed. Health-damaging patterns of interaction, such as stereotyping, discrimination, and marginalization are examined within a theoretical framework and submitted to ethical reflection. Students engage in dialogue and networking with providers and consumers to understand the context of transcultural health care.

7231-3 GRANT WRITING 1-3 HOURS
This course deals with the search for and procurement of funds from both public and private grant funding sources. Topics include interpretation of instructions, producing a successful proposal, the proposal review process, managing grants received, and writing reports.

7253 TRANSLATIONAL RESEARCH AND EVIDENCE-BASED PRACTICE 3 HOURS
This course integrates research into practice with a focus on identifying, summarizing, and appraising evidence for best practices. Students explore such issues as the identification of practice and system problems, evaluation of research studies and systematic reviews, development and implementation of evidence-based practice guidelines, and use of evidence-based practice to improve outcomes for clients and health care systems.

7453 HEALTH CARE INFORMATION MANAGEMENT 3 HOUR
Selection and use of information systems/technology to provide health care and to evaluate patient care programs, outcomes, and systems. Prerequisites: NURS 7103, NURS 7113, NURS 7253

7513 LEADERSHIP AND GOVERNANCE 3 HOURS
Leadership strategies in current and predicted health care systems including dimensions of governance in the workplace, leadership,

and evidenced-based decision-making. Prerequisites: NURS 7103, NURS 7113

8343 ADVANCED RESOURCE MANAGEMENT IN COMPLEX SYSTEMS 3 HOURS
Advanced techniques of resource allocation within healthcare systems including evidence-based practice and evaluation of resource development, dispersal, and expenditures within unit-based and aggregate settings. Prerequisites: NURS 7513

8413 POPULATION HEALTH 3 HOURS
This course examines health care issues related to populations. Measures of population health and global health indicators are applied to evaluate the health status of selected populations. Students explore global and lifespan health care issues with an emphasis on factors that create vulnerability for specific populations. The influence of moral, ethical, economic, and access issues on the health of populations is examined. The effects of emerging health threats to populations are identified.

8423 CLINICAL PRACTICE MANAGEMENT AND INFORMATION SYSTEMS 3 HOURS
This course provides an overview of issues relevant to managing a clinical practice. Topics include personnel and facilities management; business and other permits; licensing and liability concerns; vendors and supplies; hazardous waste disposal; contracts with third party payers; billings and collections; marketing and customer service; and other aspects of practice management. Students also learn about medical records systems; data sharing with labs, hospitals, and third party payers; inventory software; computerized financial systems; and other aspects of data management.

8443 ADVANCED CLINICAL PRACTICUM I 3 HOURS
This course provides individualized experience that enhances clinical expertise in the selected advanced practice specialty role. The student selects a practice environment with approval of faculty and develops objectives that demonstrate integration of knowledge gained in the program. Prerequisite: completion of at least 18 credit hours.

8443 ADVANCED CLINICAL PRACTICUM II 3 HOURS
This course provides an opportunity for the student to continue the Advanced Clinical Practicum I experience or develop a new focus. The student selects a practice environment with approval of faculty and develops objectives that demonstrate synthesis of knowledge gained in the program. Prerequisite: NURS 8443 Advanced Clinical Practicum I.

9103 D.N.P. CAPSTONE PROJECT 3 HOURS
The student designs and implements a doctoral nursing practice project related to a selected population or practice environment. Prerequisite: completion of all coursework except NURS 8443 Advanced Clinical Practicum I and NURS 8453 Advanced Clinical Practicum II.

DOCTOR OF PHILOSOPHY (Ph.D.) (NURS)

7103 PHILOSOPHY OF SCIENCE 3 HOURS
This course is focused on the understanding of current methods of epistemology as interpreted through an understanding of the history of science. The role of the scientist and scholar are explored as natural outcomes of professional development both in individuals and in the discipline. An understanding of the current state of science, post modernism, and future trends is gained by exploring

cross disciplinary methods of generation of knowledge.

7113 ADVANCED HEALTH CARE POLICY 3 HOURS

This course focuses on advanced health care policy formulation and trends at local, state, national, and international levels. Students interpret multiple complex influences on the regulation, funding, and delivery of health care. These influences may include economics, culture, the media, health care reform, politics and special interests, environment, ethics, and other issues. Special attention is given to political and professional strategies for creating and enacting effective policy change.

7123 ADVANCED THEORY DEVELOPMENT 3 HOURS

This course explores various approaches to theory development. Strategies for concept identification, specification of relationships, and theory clarification are discussed. Students explore theory construction, application, evaluation, and testing, as well as the relationship between theory development and research. The coursework involves production of a midrange theory. Prerequisite: NURS 5103.

7212 TRANSCULTURAL HEALTH CARE 3 HOURS

This course explores meanings and expressions of person, health, illness, nursing, and caring in clients with diverse cultural backgrounds. Patterns of human interaction that foster health and quality of life are analyzed. Health-damaging patterns of interaction, such as stereotyping, discrimination, and marginalization are examined within a theoretical framework and submitted to ethical reflection. Students engage in dialogue and networking with providers and consumers to understand the context of transcultural health care.

7231-3 GRANT WRITING 1-3 HOURS

This course deals with the search for and procurement of funds from both public and private grant funding sources. Topics include interpretation of instructions, producing a successful proposal, the proposal review process, managing grants received, and writing reports.

7243 ORGANIZATIONAL AND LEADERSHIP THEORY 3 HOURS

This course examines the theoretical basis for behaviors displayed by organizations and the personnel within them. Students explore leadership strategies for producing successful outcomes by analyzing organizational structure, change theory, reward systems, environmental psychology and culture, and other related factors. Patterns and predictors of behaviors within and between formal organizations are analyzed and interpreted by the application of theory and research findings.

7303 ADVANCED BIOETHICS 3 HOURS

This course applies philosophical approaches to the development of bioethical reasoning in terms of metaethics and normative ethics. Students consider how the interplay of abstract thinking and cognitive science in themselves and others influences ethical practices.

7403 STATISTICAL ANALYSIS I 3 HOURS

This course covers intermediate statistical analysis, including the logic of statistical inference, probability and sampling, tests of statistical hypotheses, error theory, confidence interval estimates and procedures, introduction to analysis of variance, and selected nonparametric methods. The content also addresses bivariate correlation techniques, measures of association, and simple linear regression. Students use selected statistical computing software for relevant data analysis. Prerequisite: an introductory statistics

course.

7503 HIGHER EDUCATION ISSUES AND TRENDS 3 HOURS

This course focuses on issues in post-secondary education in the United States and abroad. Students explore the history of higher education, trends, legal concerns, the evolution of curriculum and educational philosophies, private versus public funding, college and university governance, tenure, academic freedom, and other topics.

7543 EVALUATION OF EDUCATIONAL EFFECTIVENESS 3 HOURS

This course focuses on development and implementation of various methodologies for evaluation of educational effectiveness. Integration of professional, ethical, and legal implications facilitates development of methods and strategies that advance the quality of the educational environment. Analysis of research concerning the impact of evaluation processes provides a foundation for evidence-based practices. Prerequisite: MSN with an education focus or nurse educator certification.

8103 QUALITATIVE RESEARCH METHODS 3 HOURS

This course examines qualitative research as an approach to the generation of knowledge. Students will analyze philosophical foundations and relationships between research questions and specific qualitative methods. Threats to reliability and validity of qualitative research are evaluated. Integrated into all aspects of research are considerations of ethics, human and animal protections, and scientific integrity. Prerequisite: NURS 6323.

8203 QUANTITATIVE RESEARCH METHODS 3 HOURS

This course examines research designs for description, exploration, correlation, and causal inference. Threats to research validity are analyzed, as are issues of design sensitivity and power, in experimental, quasi-experimental, and non-experimental methods. Integrated into all aspects of research are considerations of ethics, human and animal protections, and scientific integrity. Prerequisites: NURS 6323 and NURS 7403.

8403 STATISTICAL ANALYSIS II 3 HOURS

This course deals with selected multivariate procedures including, but not limited to, multifactor analysis of variance and covariance; complex hypothesis testing; multiple, partial, and curvilinear correlation and regression; and sampling theory applied to regression analysis and correlation coefficients. Students expand their ability to use statistical computing software for data analysis of greater complexity. Prerequisite: NURS 7403

8503 TESTING AND MEASUREMENT 3 HOURS

This course examines the processes of testing and measurement in the educational environment. Methodological and statistical analysis of instruments and evaluation results is emphasized. Professional, ethical, and legal implications are examined in the development and selection of effective testing and measurement instruments. Analysis of research concerning testing and measurement tools provides a basis for development and selection of instruments. Prerequisites: MSN with an education focus or nurse educator certification; NURS 8203; NURS 7403.

8513 TECHNOLOGY IN INSTRUCTIONAL DESIGN 3 HOURS

This course explores technology that is available to enhance instructional design. The theoretical aspect of instructional technology is examined. Current technologic instructional methods are

discussed and the influence of instructional technology on learning outcomes is examined based on theoretical support. Each student has the opportunity to design and evaluate curricular materials that include technologic innovations.

**8543 NURSING EDUCATION
ADMINISTRATION 3 HOURS**

This course focuses on personnel, financial, regulatory, and operations management of nursing education units in a variety of settings including academia, health care agency education departments, and client education agencies. Students examine the relationship of the education unit to the parent organization.

9903 DISSERTATION SEMINAR 3 HOURS

During this course the student engages in the writing of the dissertation proposal and prepares it for defense. Prerequisite: satisfactory completion of the Candidacy Exam.

9913 DISSERTATION I 3 HOURS

9923 DISSERTATION II 3 HOURS

9933 DISSERTATION III 3 HOURS

9941-3 DISSERTATION IV 1-3 HOURS

During this series of courses the student proceeds with data collection and analysis, interpretation of results, and writing and defense of the final dissertation. A minimum of 9 credit hours (NURS 9913, 9923, and 9933) is required for the dissertation. The student registers for each consecutive course during every semester, including summers, when working on the dissertation. If the dissertation and defense are not completed by the end of NURS 9933, the student must enroll every semester thereafter in NURS 9941-3 until the dissertation is completed. Prerequisites: NURS 9903 and formal approval of the dissertation proposal.

Provisions of this catalog are subject to change without notice and do not constitute an irrevocable contract between any student and the university. Oklahoma City University reserves the right to modify or change policies, courses, and program requirements described herein.

Every student is responsible for reading and understanding the academic requirements for the degree program as outlined in this catalog and as may be changed from time to time. Academic advisors are available for counseling and advising to assist students in this process; however, the final responsibility remains with the student to meet any and all academic requirements.

Oklahoma City University provides equality of opportunity in higher education for all persons, including faculty and employees, with respect to hiring, continuation, promotion and tenure, applicants for admission, enrolled students, and graduates, without discrimination or segregation on the grounds of race, color, religion, national origin, sex, age, handicap or disability, sexual orientation, or veteran status.

The assistant vice president for administrative services, whose office is located in room 105 of the Clara E. Jones Administration Building, telephone (405) 208-5857, coordinates the university's compliance with titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Rehabilitation Act of 1973, the Americans with Disabilities Act, and the Age Discrimination in Employment Act.

Oklahoma City University complies with the Student Right to Know and Equity in Athletics Disclosure Acts. This report is compiled and made available by October 15 each year. Requests for this report can be made to the athletics director.

In accordance with requirements by The Higher Learning Commission of the North Central Association of Colleges and Schools, the university will provide information to the accrediting agency regarding written complaints from a student against any faculty, staff, or institutional process or procedure. The information will contain the date the complaint was formally submitted to a university official; the nature of the complaint (e.g. dispute about a grade, allegation of sexual harassment, etc.); steps taken to resolve the complaint; the university's final decision regarding the complaint, including referral to outside agencies; and any other external actions initiated by the student to resolve the complaint, if known to the university (e.g. lawsuit, EEOC investigation, etc.).

Any information provided to The Higher Learning Commission of the North Central Association of Colleges and Schools will be presented in such a way as to shield the identities of faculty, staff, or students involved with the complaint.

Students may contact The Higher Learning Commission of the North Central Association of Colleges and Schools by writing or phoning
